New family mediation in Epsom

Relate Mid and East Surrey Launches New Family Mediation Service

Relate Mid and East Surrey is thrilled to announce the launch of its new family mediation service, designed to help families resolve conflicts peacefully and constructively. This service reflects our commitment to offering practical, affordable solutions for families in our community.

What Is Mediation?

Mediation is a process where an independent, professional mediator helps families work through disagreements over parenting, property, or finances following separation. Unlike court proceedings, mediation focuses on collaboration, ensuring all parties have a voice and reach mutually beneficial solutions. It's quicker, less stressful, and often far less expensive than legal action.

How Mediation Helps

Mediation provides a structured and supportive environment where families can address issues such as parenting arrangements, property division, and financial agreements. It is quicker, less stressful, and significantly cheaper than going to court, allowing families to maintain control over their decisions.

Key Benefits:

- Helps you make arrangements about parenting, property, and money.
- Is less stressful than going to court.
- Saves you money as it's usually much cheaper than being represented in court.
- Puts your child's interests first.
- Helps you move on quickly to the next stage of your life.

Debbie Holden, Chief Executive of Relate Mid and East Surrey, explains:

"Family mediation is about empowering people to create solutions that work for everyone involved. Our mediators guide families through difficult conversations, ensuring children's needs remain at the forefront while reducing the emotional and financial burden of conflict."

Flexible and Affordable Options

Our new service includes private assessment meetings and joint mediation sessions, tailored to meet each family's unique needs. We offer a sliding scale of fees to ensure affordability, with additional support through the Family Mediation Voucher Scheme, providing up to £500 for child arrangement cases.

Key Features:

- Child-inclusive mediation to give children a voice in the process.
- Rapid appointments, often within a week.
- A focus on **long-term solutions** that foster positive co-parenting relationships.

Join Us for Family Mediation Week

Family Mediation Week (27–31 January) highlights the importance of mediation in resolving family disputes. We encourage families to explore how this service can support them during life transitions.

Will planners say "Sori, mun moka"? *

Dear Editor,

The report in the Epsom & Ewell Times (9th January) about Historic England placing the Epsom Town Centre Conservation Area on its 'at risk register' is extremely timely, given the current application to demolish **Cafe Moka**, Unit 60 of the Ashley Centre and the damaging impact this would have on the setting of what is undoubtedly one of Epsom's most important listed buildings.

So far two formal objections have been lodged against the proposed demolition of the current turreted Café Moka – both highlighting the architectural reasons why its removal and replacement with a modern, glass and steel unit would not only spoil the visual harmony of the square but also negatively affect the setting of Waterloo House.

The objections focus on several key issues:

- 1. **Architectural Incompatibility**: The proposal's replacement of the turreted Café Moka with a stark, utilitarian design would disrupt the character of Ashley Square, a blend of brick facades and tiled roofs. The original design, which still stands the test of time, complements the adjacent Market Place and reflects the history of the area. The turreted Moka unit, along with the similarly turreted (but now sadly spoiled) High Street entrance, are carefully considered features that referenced the sadly lost King's Head Hotel coaching inn, which once stood on the site of Boots.
- 2. **Impact on Views**: The turreted structure helps screen the expansive service area behind the café, shielding views of the unattractive back facades of buildings on South Street. Its demolition would expose these eyesores and diminish the square's architectural integrity.
- 3. **Negative Impact on Waterloo House**: Most importantly, the removal of the turreted Café Moka would harm the setting of Waterloo House's historic carriage entrance. The building is a rare surving example of a 17th-century spa town assembly rooms and has been sensitively restored (and appropriately renamed) by Wetherspoons. An ill-suited modern development next door would undermine this significant restoration.

Only a couple of years ago a highly questionable decision was made by Epsom & Ewell Borough Council to approve the recladding of the Ashley Centre's main entrance in blatantly fake stone – a move that already detracts from the original architectural concept of the 1980s shopping centre and the local history it subtly references.

Losing the turreted Café Moka would be another regrettable step backward, diminishing the area's historical and aesthetic value – and it's therefore vital that the Council doesn't inadvertently support another proposal that would further compound Historic England's current concerns.

I encourage all those who care about preserving Epsom's heritage to voice their opposition to this unnecessary and damaging proposal.

Yours faithfully,

Simon Alford

*"Sori, mun moka" is a colloquial term meaning "Sorry, my bad". "Moka" is also a coffee pot.

New SWLP Laboratory Enhances Diagnostic Services for Epsom Hospital and Beyond

South West London Pathology (SWLP) has launched one of the most advanced diagnostic facilities in the UK, with new cutting-edge laboratories set to transform healthcare delivery for patients across its network, including **Epsom Hospital**. The upgraded laboratory at Croydon Hospital marks the first phase of a significant technological overhaul aimed at improving diagnostic speed and accuracy.

Serving over 3.5 million people through five hospital sites, including **Epsom Hospital**, and 450 GP practices, SWLP is integral to the region's healthcare infrastructure. When fully operational, the SWLP network of laboratories will process over 30,000 tests daily, ensuring faster turnaround times and better outcomes for patients in Epsom and the surrounding areas.

The state-of-the-art facility will streamline clinical blood science services, including clinical chemistry, haematology, coagulation, and serology, using cutting-edge pre-analytical automation technology developed in partnership with Beckman Coulter, a global leader in diagnostics.

Simon Brewer, Managing Director of SWLP, said:

"The introduction of Beckman Coulter's advanced analysers at Croydon Hospital marks a transformative step for our diagnostic services. With these technologies soon to be implemented across the entire network, including Epsom Hospital, we are setting new standards in diagnostic efficiency and patient care."

Rob Young, UK General Manager at Beckman Coulter, added:

"By equipping SWLP laboratories with the latest diagnostic technologies, we're enabling healthcare teams to deliver faster, higher-quality results. This advancement will significantly enhance the care provided to patients across the SWLP network, including those relying on Epsom Hospital for vital healthcare services."

The upgraded laboratories will unify diagnostic services across all SWLP sites, enhancing efficiency and ensuring a consistent standard of care. For patients at **Epsom Hospital**, this means improved access to accurate and timely test results, contributing to better overall health outcomes in the local community.

About South West London Pathology (SWLP)

South West London Pathology (SWLP) is an NHS pathology partnership providing integrated diagnostic services to hospitals, GPs, and healthcare organizations across South West London and beyond. Serving over 3.5 million people, including those at Epsom Hospital, SWLP delivers a comprehensive range of tests using state-of-the-art technology to improve patient care.

Celebrating 50 Years of Epsom and Ewell Talking Newspaper

Dear Editor,

I am writing on behalf of Epsom and Ewell Talking Newspaper (EETN) to share some wonderful news following our 50th Anniversary celebration this past November.

Helen Maguire, our local Liberal Democrat MP for Epsom and Ewell, has kindly recognised EETN's invaluable contribution to the community in her recent newsletter. She congratulated us on this significant milestone and commended the tireless efforts of our volunteers who ensure visually impaired residents in Epsom and Ewell remain connected through vital access to news and local

ISSN 2753-2771

information.

Moreover, we are proud to announce that Helen Maguire has submitted an Early Day Motion (EDM) in Parliament in honour of our 50 years of service. This EDM reads as follows:

"That this House congratulates Epsom and Ewell Talking Newspaper on its remarkable achievement of 50 years of service; recognises the charity's outstanding commitment to supporting visually impaired residents in Epsom and Ewell by providing vital access to news and local information; commends the volunteers whose dedication, effort, and time have made this invaluable service possible; acknowledges the critical role such services play in fostering inclusion and community connection; and wishes the charity continued success in its future endeavours supporting those in need."

For those unfamiliar, Early Day Motions are a way for MPs to bring attention to specific causes or achievements. While few are debated, they often attract public interest and media coverage.

We are deeply grateful to Helen Maguire for her continued support and advocacy for EETN, and we look forward to many more years of serving our local community.

Yours faithfully,

Judy Sarssam

Chairman

Epsom & Ewell Talking Newspaper

Are Epsom and Ewell's Interests Served by Postponing Democracy?

The Conservative-led Surrey County Council's recent decision to seek a postponement of the May 2025 elections raises serious questions about the motivations behind this move. This decision, spearheaded by Councillor Tim Oliver, comes after the Conservative Party's near-total defeat in the July 2024 General Election and appears to be as much about retaining control as it is about facilitating local government reorganisation.

The argument put forward by the council's leadership—that elections would create a "zombie" authority that wastes public funds—is unconvincing. Elections are a cornerstone of democracy, not a bureaucratic inconvenience. By delaying them, the current leadership retains power at a time when its mandate to govern Surrey is at best questionable. Surrey's residents, many of whom voiced their dissatisfaction with Conservative governance at the ballot box just months ago, now face the prospect of being governed by a council that is effectively prolonging its tenure without public consent.

One cannot ignore the context of this decision. Central government's push for local government reform and devolution is not an altruistic initiative aimed at better serving communities. It is a cost-cutting exercise disguised as modernisation. The Government's stipulation that new councils must serve a minimum of 500,000 residents almost guarantees the dissolution of smaller, locally focused boroughs like Epsom and Ewell.

For Epsom and Ewell, the smallest of Surrey's 11 boroughs, this means the likely loss of a council that has served its residents with proximity and understanding for decades. What replaces it may be a sprawling mega-authority or a fractured, less accountable unitary structure. Either way, Epsom and Ewell risks losing its unique voice, with decisions about its future made by those unfamiliar with its needs and aspirations.

Equally troubling is the inclusion of Woking Borough Council's extraordinary debt—reportedly the largest in UK local government history—in the negotiations surrounding devolution. This financial calamity, created under Conservative rule, should be a cautionary tale about the dangers of poor governance, not an issue swept under the rug in the rush to reform. Why should other Surrey residents shoulder the burden of Woking's mismanagement? And why has Surrey's Conservative leadership not been more transparent about its plans to address this issue?

The proposal to postpone elections also conveniently consolidates power for a party facing an uncertain future. By delaying the democratic process, Surrey's Conservative leadership ensures it remains at the table during pivotal discussions about the future shape of local government, even as the electorate has made its dissatisfaction clear.

Epsom and Ewell Borough Council, like others across the county, is being swept into a centralised reorganisation process with little clarity about what it will mean for its residents. The likely outcome is the erosion of local democracy, with decisions affecting communities being made further away and by people with less understanding of local needs.

Surrey's leadership has yet to explain convincingly why postponing the elections is necessary. If their proposals for reorganisation are sound, why not put them to the test of public approval? Democracy is not an obstacle to progress; it is the means by which progress is legitimised.

Epsom and Ewell's residents deserve to have their voices heard in shaping the future of their local government. They deserve transparency about what reorganisation will mean for their services, their representation, and their community identity. Most importantly, they deserve the chance to vote on who should lead that process. Anything less is an affront to democracy and a betrayal of public trust.

The May 2025 elections must go ahead. It is time for Surrey's leaders to trust the people they serve and stop hiding behind bureaucratic excuses.

Epsom and Ewell Borough Council response to Historic England's Report on local heritage

Councillor Peter O'Donovan, (RA Ewell Court Ward) Chair of the Licensing & Planning Policy Committee

Epsom & Ewell first came to prominence as a destination town in the early seventeenth century with the discovery of Epsom Salts within the borough. Visitors came from London and further afield to 'take the waters'. Epsom became known to merchants and royal visitors alike as a place of relaxation, sport and leisure, perhaps most famous even now as being the home of the Epsom Derby. The town was first granted Market Town status by Royal Charter in 1865, and Epsom market has been a defining focal point for the bustling town for hundreds of years, watched over by the historic landmark Epsom clocktower which is owned by Epsom & Ewell Borough Council and restored in 2019.

Our local heritage is integral to our unique local character. Across the borough there are around 300 buildings listed on the National Heritage List including Bourne Hall in Ewell, listed for its "striking design, …space-age flair and the generous, top-lit principal interior space", Ewell Court House, a little altered Grade II late Victorian house built in the Jacobean style with wonderful period plasterwork and joinery, set in beautiful grounds with flowerbeds, walks and lake: and the Grade II* listed Assembly Rooms in Epsom which are the earliest known surviving building of this type in England.

There are 21 designated Conservation Areas in the borough. For each of these areas of special architectural or historic interest the council publishes an outline of the area's special interest and proposals for its preservation and enhancement, which can be found here: Conservation Areas | Epsom and Ewell Borough Council.

Horton Conservation Area

Horton conservation area isone of a group of conservation areas put in place to protect the Victorian psychiatric asylum buildings in Epsom, which became redundant in the 1990s. Horton chapel is a grade II listed building which opened in 1901 as a place of worship for the patients and staff in the surrounding hospital buildings. It was empty and in a state of disrepair for many years, but was recently restored and reopened as the Horton Arts Centre, using funding from the National Lottery Heritage Fund and several other funds, including £1.46m (s106 developers' funds) allocated by Epsom & Ewell Borough Council.

This is an example of heritage that was at risk of dilapidation, but for which a vibrant new use has been found. Historic England have been asked to remove the entry from their Heritage At Risk Register as the building and area are no longer at risk.

Epsom Town Centre Conservation Area

Epsom Town Centre Conservation Area extends from South Street and West Street, along the High Street, and along part of Upper High Street at the eastern end. The architecture of the area represents the history of the town centre and its development from a spa town in the 17th century to the present day with many interesting historic buildings, some of which are listed, and all of which are protected by their conservation area status.

Historic buildings are mainly owned by private owners, so controls are set by the government and the council to ensure that they are conserved in a manner that will ensure their survival and enjoyment for present and future generations.

- To protect the conservation area, listed buildings in Epsom town centre must apply for Listed Building Consent for alterations (including internal alterations) and other buildings must apply for planning permission for external alterations.
- To help owners and businesses understand the historic character of the conservation area, the council has also produced a conservation area appraisal, which sets out the important historic features and buildings that should be looked after to protect the character of the conservation area.
- The council has recently published its Town Centre Masterplan which aims to compliment and protect the Town Centre conservation area. The first principle of the plan is to adopt "a context-led design approach to guide the development, regeneration and repair of the town centre. Having particular regard to the impact of building heights, building design, materials and land uses will ensure new development contributes to an improvement in the quality of the town centre."
- The council is also working to improve the appearance of the area by controlling development and seeking to improve the appearance of the buildings and shopfronts, as well as taking enforcement action where unauthorised works have taken place. Those considering making changes to their buildings are advised to seek advice from the planning service before undertaking the works. The council runs a pre-application advice scheme that can be used to find out whether changes might or might not be acceptable prior to making an application.

As these measures demonstrate, the council works in range of ways that are within its control to protect the borough's local heritage and conservation areas.

In 2023, Epsom & Ewell Borough Council participated in a Local Heritage List Project with Surrey County Council, funded by the government's 'Build Back Better' initiative in association with Historic England. We are in the process of finalising the assets on our local heritage list in 2024/25 following consultation. The list will include those assets most valued by our local communities.

You can find out if a building is statutorily listed, locally listed or in a conservation area by using our online mapping system."

Epsom and Ewell Council response to Local Plan criticism

Dear Editor,

Government's English Devolution White Paper

We are working through what the Government's English Devolution White Paper means for Epsom & Ewell. Our commitment is to do what's right for our residents, local businesses, and visitors; and to ensure that the high-quality public services that our residents need and deserve continue to be delivered.

Proposed Submission Local Plan (Regulation 19)

The Proposed Submission Local Plan seeks to address the balance between meeting development needs and protecting the borough's environment. Consultation on the proposed submission local plan commenced on the 20 December and will close on the

ISSN 2753-2771

5 February 2025.

This consultation provides the opportunity for those with an interest in the borough to comment on whether the local plan is legally compliant or sound. Guidance on legal compliance, soundness and how to respond to the consultation can be found on the council's website and on the consultation website(link is external).

The Council has considered the responses received during the consultation in the Draft local Plan undertaken in early 2023 in developing the Proposed Submission Local Plan. Information on the changes made is detailed in the Consultation Statement published alongside the Proposed Submission Local Plan.

The borough has a high level of need for affordable housing for a range of property types and sizes, including family homes, with over 1,350 households being on the council's housing needs register. The greatest need is for affordable rented homes (which includes social rented housing) and the affordable housing policy in the Local Plan reflects this, whilst having regard to the national policy and viability evidence.

Consultation over the Christmas and New Year period has been necessary in order to meet the new deadline imposed by the National Planning Policy Framework for submission of Local Plans under the 'old' system. Our previous intention was to wait until January 2025 but that could cause us to miss the deadline.

The Local Plan will be submitted before the 12 March 2025 and examined against the December 2023 version of the NPPF which makes it clear that it is at the discretion of local authorities as to whether Green Belt boundaries should be amended. This flexibility is to reflect that Green Belt authorities (such as Epsom and Ewell) have their own unique characteristics, challenges and requirements, and that local plans must address competing and conflicting demands for land.

In terms of changes to green belt land, the Local plan proposes that:

- 52.6 ha of greenfield green belt land is removed from the green belt (site allocations SA33-SA35), this equates to 3.36 % of the boroughs Green Belt.
- 85 ha of previously developed green belt land, including the hospital clusters and part of the NESCOT estate is removed from the green belt, this equates to 5.44% ha of the boroughs Green Belt.
- Less than 0.4ha of land is removed from the green belt following minor boundary amendments.

Following the consultation, we will submit the Local Plan, supporting evidence and all responses received to the consultation to the Secretary of Statewho will then appoint a Planning Inspector to undertake an independent examination. As part of the submission the council can propose changes to the local plan, however it is at the discretion of the planning inspector as to how these are dealt with.

Yours faithfully,

Councillor Peter O'Donovan, Chair of the Licensing and Planning Policy Committee.

Read the full Epsom Green Belt Group letter here.

The Christmas present nobody wanted

Dear Editor,

With the threat of the dissolution of Epsom & Ewell Borough Council hanging in the air (under Angela Rayner's proposals for unitary authorities), residents might expect the RA-led council to demonstrate the value of local government by strongly championing local interests and defending the highly valued Green Belt. Instead, they are putting forward a plan that pleases noone and will have repercussions for generations to come.

Tomorrow the council is due to issue its Regulation 19 consultation on the proposed Local Plan.

Here's what the Director of Environment, Housing and Regeneration, Vicki Potts, and RA Cllr Woodbridge said about the Regulation 19 consultation process in the Licensing and Planning Policy Committee meeting held on 22 Nov 2023:

Vicki Potts: 'Your Reg 19 document... you can't make any major changes to it following [the Reg 19] consultation. If you want to

ISSN 2753-2771

make major changes at that stage, you can do, but you got to go back and do another consultation on your Regulation 19.

Clir Woodbridge: 'From our residents' perspective, when they're being asked to be consulted on the Reg 19, they don't really have much chance then to actually affect it. That is it then, really... I don't want to say we're going through the motions, but that consultation [Reg 19] is a less meaningful consultation than the one we've been through now [Reg 18].'

So the consultation is not an opportunity to amend the plan that so many residents reject, rather it is part of a statutory process that must be completed, however unpopular the plan's content may be.

The Regulation 19 documentation for consultation

Just in time for Christmas, the council is planning to distribute a lump of coal to each residents' Christmas stocking in the form of a consultation on a highly unpopular Local Plan.

In a rebuff to local democracy, following residents' responses to the Reg 18 consultation in early 2023, the council have failed to make changes to the local plan either to provide the truly affordable housing needed to resolve the borough's homelessness issues, or to protect the Green Belt. These are two strategic issues, and both of them featured heavily in responses from the borough residents and statutory consultees to the Regulation 18 consultation.

The council is proposing to redesignate or release over 175 hectares, or c.12% of the borough's Green Belt (see analysis below).

The current National Planning Policy Framework (Dec 2023) gives councils the option not to revise Green Belt boundaries. Since Dec 2023:

- The Epsom Green Belt Group has highlighted this option and strongly encouraged its use.
- The council received legal advice at the start of 2024 which stated that it was legally acceptable to choose not to release Green Belt for development.
- Angela Rayner and Matthew Pennycook have repeatedly stated their expectation that it is previously developed land and 'greybelt' that should be released for development, not high performing Green Belt.

Justin Turvey, 'Head of Place Development' for Epsom & Ewell Borough Council and central to this borough's Local Plan wrote, in response to the Sutton Borough Local Plan consultation in September 2024:

'We note that under the National Planning Policy Framework (December 2023) there is no requirement on local authorities to review or amend their Green Belt boundaries through the plan making process and that any amendments must demonstrate 'exceptional circumstances'.'

[Note: This response, dated 26 September 2024, was obtained through a Freedom of Information request to Sutton Council (see attached) as it was not made publicly available in Epsom & Ewell.]

Despite the clear option to remove undeveloped Green Belt from the Local Plan under the Dec 2023 NPPF, despite opposition to Green Belt development from across the political spectrum, despite government advice to protect high performing Green Belt, despite highlighting this option to a neighbouring borough, and despite overwhelming public opposition to the development of Green Belt, the council has continued to include housing development on the high performing Green Belt sites of both Horton Farm and Hook Road Arena in the Local Plan.

Turning to the newly released NPPF (Dec 2024), it states:

'148. Where it is necessary to release Green Belt land for development, plans should give priority to previously developed land, then consider grey belt which is not previously developed, and then other Green Belt locations.'

The local plan proposals have not prioritised previously developed land (e.g. Hollywood Lodge is not included in the plans). The council has not provided an assessment of greybelt sites in the borough and has not prioritised them for development. The council has instead included the high performing Green Belt sites.

The excuse, or rationale, provided for giving up this high performing Green Belt land for development (despite not having followed the priority order in para 148, above) has been the provision of much needed affordable housing. Whilst there is widespread support for this objective, the reality is very different.

The council has not made any commitment to the provision of truly affordable homes on either of these sites. According to the Local Plan policies, the majority of the so-called 'affordable housing' will be priced at a 20% discount to the market price of the housing in the area.

Likely outcome of examination by planning inspector

ISSN 2753-2771

Perversely, because of the decisions the Epsom & Ewell borough council has made, particularly the choice to amend Green Belt boundaries, there is a high likelihood that the current plan, if taken forward, will be found unsound and that further Green Belt release will be required.

To stand the best chance of being found sound and to protect the high quality Green Belt, the Local Plan should not amend Green Belt boundaries, should instead focus solely on brownfield and previously developed land, and should be submitted by 12 March 2025 (following Regulation 19 consultation). This can still be achieved, but becomes more challenging every day.

Sticking with an unpopular and unsound local plan may be the Christmas gift the borough residents would prefer not to receive.

Yours faithfully,

Katherine Alexander of Epsom Greenbelt Group
