Motion to pause Local Plan process

23 March 2023

The motion passed by an extraordinary meeting of the Epsom and Ewell Borough Council on 22nd March 2023:

Proposer Cllr Eber Kington

Seconder Cllr Christine Howells

This Council notes that:

1. Extensive green areas, especially the green belt, and the absence of high-level development in our urban areas makes Epsom and Ewell a distinctive, green and an excellent place to live.
2. Under the existing legislation Local Planning Authorities are being required to draft Local Plans on the basis of out of date, 2014, data that does not reflect Epsom and Ewell's housing need, as shown in more recently available 2018 data.
3. The Government's recently proposed legislative changes to the planning process, whilst welcome in several aspects, are not yet enacted and the current legal position has not changed.

These factors suggest that a pause in progressing the Draft Local Plan in its current form would provide an opportunity to assess the Government's draft proposals as well as the 2018 data on housing need in the borough.

This Council therefore agrees that:

- i. Other than for the purpose of analysing the responses of the public consultation to capture residents' views and any new information, the Local Plan process be paused to enable:
 - a) further work on brown field sites, including information arising out of the Regulation 18 consultation
 - b) further options to be considered that do not include green belt sites
 - c) an analysis of Epsom and Ewell's required future housing numbers based on 2018 data
 - d) a clearer understanding of the Government's legislative intentions in regard to protections for the green belt and the current mandatory target for housing numbers.
- ii. Write to the MP for Epsom and Ewell calling on him to use his influence to get the Government to abandon its use of 2014 data to calculate housing need and accept that all planning and housing policies must reflect the latest data if they are to be effective as well command the respect of the people they affect.

Sudden hike in Council room charges threatens community groups

23 March 2023

Letters to the Editor from **Peter Prowse** and **Kevin Meager**.

From **Peter Prowse** - 22nd March 2023

For the past year, Epsom and Ewell French Club has been hiring a room (The Studio) at Bourne Hall for its monthly meetings. The Council had agreed a discounted hire rate of £20 per hour, so £40 for our two hours, on the third Tuesday of each month.

Without any prior consultation and with very little notice, the Council has just announced that from April (ie in 10 days' time) the Club will be charged a new 'discounted' rate of £35.36 per hour, so £70.72 for its two-hour booking, plus a new charge of £25 per session for use of the hot water urn (which has until now been provided free of charge).

Image: Bourne Hall Ewell Credit Bobulous - Own work. CC BY-SA 4.0

That would put the cost to the club up from £40 per booking to £95.72.

The club cannot possibly afford these prices. Other community groups who use Bourne Hall will be in the same position. Unless small, local clubs and societies can continue to use Bourne Hall for something very close to the 2022 prices, many will have to close.

Epsom & Ewell French Club is a non-commercial community group, provided for the benefit of its members and anybody else who want to come to its meetings. It is closely allied to the Epsom and Ewell Town Twinning Association, which is supported by the Borough Council.

The club almost folded during the Covid pandemic and its committee worked very hard to build it back up to the point where it is now attracting enough interest and support to keep going - provided it does not have to pay these new ridiculously expensive room hire costs. Bourne Hall exists for the benefit of local residents. This latest price hike means that many of them will no longer be able to use it.

Peter Prowse.

Letter from **Kevin Meager**

23rd March 2023

I would like to follow up on the letter to the editor regarding the hike in hire charges at Bourne Hall. I organise weekly dance classes in the main hall on Monday evenings through my organisation, Ceroc Surrey and we've been hit with similar charge increases with little to no notice. If this increase remains in place, we will have to stop running classes at Bourne Hall as the new hire charges are unaffordable. The vast majority of our dancers are local, many are of retirement age and this is either their main or only weekly social event. Apart from lockdown, we've been using the venue continuously for over 20 years!

Your faithfully,

Kevin Meager

This is "offensive".

23 March 2023

In our letters page today a Ewell resident rightly fulminates against the selfish habit of leaving dog poo bags for others to remove.

"To the person who tied a Dog Poo Bag to the fence between the NESOCOT Playing Fields and the College buildings yesterday (Thursday).

You said you would return to collect it later as you didn't want to carry it with you. You will have noticed it was not there on your return as I added it to my Litter picking bag.

Image - c. Bill Kasman - under licence illustrates the wider problem.

Had I come along 5 minutes later, when I wouldn't have heard your explanation, how would I have known you would collect it? How would I have known that the other (very similar) bag dropped 2 metres further on was not yours? Or the black bag on a branch in the hedge round the corner? Or another deposited in a popular dropping spot on the edge of the Rugby Grounds?

Would I have been sure that the 4 people who threw glass beer bottles into the hedge, or the cans along the roadside, or the fast food packaging etc would be collected later to be deposited in the bins on the route, or taken home to be put in their own bins? No.

Your bag probably weighed no more than 100 grams. The bag of rubbish I collected weighed about 8 kilos when I'd finished. Approximately 2,000 items (I didn't count beyond 250); Fine potential of £200,000.

You're probably saying "mine's different". NO. It's Litter. It's Offensive; It's an Offence.

Jennifer Brzozowska

Ashted Choral Society celebrated Surrey's Vaughan Williams.

23 March 2023

Andrew Storey conducts the **Ashted Choral Society** with enthusiasm and vigour, presenting them at their best in this delightful programme, showing off a range of music by Ralph Vaughan Williams in the 150th anniversary year of his birth. A review of the concert held on 25th February in Epsom.

Starting the evening with **Vaughan Williams'** Five Mystical songs, the choir began with a warm and harmonious sound, which remained well balanced and well blended throughout the evening. Accompanied solely by **Stephen Ridge** on the piano, the sound filled the wonderful acoustics of **St Martin's Church in Epsom**. The choir provided excellent support to the baritone soloist, Daniel Tate, who gave an especially commendable performance as a last minute stand-in, and whose tone and clarity propelled the storytelling of RVW's Mystical Songs. The choir especially shone as the focal point in the 3rd song, demonstrating a beautiful understanding of tonality, and picked up the pace for the 5th song - the well-known 'Let all the world' - with an injection of energy to finish off.

The second piece of the evening was The Lark Ascending, played by The Kent Sinfonia with Christian Halstead as lead and violin soloist. As one of Vaughan Williams' most famous pieces, and an award-winning performance behind Halstead, the audience had a lot to look forward to, and it was as outstanding as we could have imagined!

The orchestra crafted a full-bodied sound and yet took no attention away from the exquisite violin solo, which had the audience mesmerised.

The second half began the titular piece of the evening, Vaughan Williams' Sea Symphony. Demonstrating strong entries all round, the choir and orchestra provided a majestic sound, with especially impressive lone chorus entries standing up to the magnificent sound of the orchestra. We also had our first entry of the soprano soloist **Eleanor Pennell-Briggs**, who gave another sparkling performance. My own conductor often tells me that "Musicians must be actors!", which both soloists and ACS demonstrated beautifully this evening, conveying the power and emotion of the sea.

The symphony continues with some elegant call and response passages, well executed by both choir and orchestra, and it was especially pleasing when the main melody passes around the orchestra sections. The scherzo then starts, feeling energetic and urgent, with the chromatic passages handled with great skill and empathy by the choir. The dynamic contrasts by both parties provide drama, again echoing the feelings of the sea.

The final movement begins cinematic and sweeping, with precision by the chorus when they are left exposed. There is power when the basses sing alone, with a great contrast to the delicate female voices. The orchestra and soloists have a moment to shine on their own, with both soloists again demonstrating exceptional storytelling, before the chorus returns for the start of the finale. The regal fanfare from the horns and the vivid energy from the choir draws to a close to finish up the piece.

Overall both ACS and Kent Sinfonia provided a thoroughly enjoyable evening, showcasing a range of musical talent and shining a spotlight onto Ralph Vaughan Williams.

Grand plans for South-East transport

23 March 2023

Transport for the South East have received approval from their Partnership Board to progress delivery of their Strategic Investment Plan which includes nearly 300 multi-modal transport interventions to be delivered across the south east over the next 27 years.

The plan sets out a vision for the region, with priorities to decarbonise the transport system, level up left behind communities and facilitate sustainable economic growth in the south east between now and 2050. Included within the ambitious list of interventions is several global policy interventions, designed to address the challenges and opportunities faced not just in the south east but across the whole of the UK. These cover issues such as decarbonisation, public transport fares, new mobility, road user charging, virtual access, and integration between all modes of transport.

The Board: Photo: (L-R) Rupert Clubb, Geoff French, Vince Lucas, Cllr Gary Hackwell, Cllr Phil Jordan, Cllr Keith Glazier, Cllr Elaine Hills, Cllr Matt Furniss, Cllr Joy Dennis, Cllr David Monk, Dan Raiz.

This ambitious plan forecasts a total capital cost of over £45 billion over 27 years and interventions that once implemented could generate; 21,000 new jobs, an additional £4 billion growth in GVA each year by 2050, 1.4 mega tonnes less CO2 equivalent emitted, 500,000 more rail trips a day, 1.5 million more trips taken by bus, mass transit and ferry, and take roughly 4 million car trips a day off the south east's roads.

While £45 billion is a significant sum of money, it isn't dissimilar to the levels of historical investment in the south east over a similar time period. Not only does the plan identify the investment needed to transform the economy in the south east, it also recognises the financial constraints faced by the bodies that would traditionally fund these sorts of interventions. Delivering this plan requires significant investment and Transport for the South East welcomes ongoing discussions with government, both local and central and with the private sector as they continue to explore potential funding options.

Councillor Keith Glazier, Chair of Transport for the South East said; "This evidence based investment is a once in a generation opportunity to set out a sustainable transport network that recognises the importance of major transport corridors across the south east. Corridors that are fundamental to our economy and our communities.

"This plan is the result of five years of partnership working, it truly is a plan developed by the south east, for the south east.

"Following approval by our Partnership Board we have submitted the plan to the Secretary of State for the Department for Transport with a request for it to be considered as future investment decisions are made.

"We could not be more grateful for the insight, support and challenge shown by our partners, and the Department for Transport in the development of this plan."

Transport for the South East's Partnership Board brings together elected members from local transport authorities and district and borough authorities, representatives of local enterprise partnerships (LEPs), protected landscapes, National Highways, Network Rail, and more.

Throughout the development of the investment plan, Transport for the South East held regular stakeholder meetings to gather evidence and seek input. They also held a 12-week public consultation on the plan in the summer of 2022 asking for comments from anyone who lives, works or travels within the region, receiving over 600 responses.

Prior to approval at the Partnership Board, local transport authorities within the region also had the opportunity to present the investment plan to their own council members to secure sign off.

Transport for the South East's investment plan promises to not only deliver economic benefits to the region but to also make a material contribution towards net zero carbon. It supports a reduction in the need to travel by encouraging integrated planning and a shift to more sustainable modes of travel for both passengers and freight.

It recognises the importance of accessible, affordable, integrated, reliable and attractive public transport, that is fit for purpose and have ensured it is at the core of the Strategic Investment Plan. The transport body promises to work with local authorities and operators to provide better-connected and accessible multi-modal journeys with users easily able to walk, wheel or cycle for the first and last miles of their journeys.

Following approval Transport for the South East's attention now turns to delivery. They will continue to work with partners from across the region to develop a delivery action plan, setting out the current position of each of the nearly 300 proposed multi-modal schemes within the investment plan. The action plan will focus on the next three years, 2023-2026, and detail what the next steps are and confirm the roles and responsibilities of Transport for the South East and its delivery partners required to make this plan a reality.

You can read the plan in full at www.transportforthesoutheast.org.uk

Transport for the South East (TfSE) is a new body created to improve the transport network and grow the economy of the whole South East area.

It brings together representatives of 16 transport authorities and five local enterprise partnerships covering an area stretching from the English Channel to the border of London, and from the Kent coast to Berkshire, Hampshire and the Isle of Wight. Not only does this area include major airports, ports, roads and rail routes, it is also a powerful economic motor for the whole of the UK - adding £200 billion a year to the national economy.

The aim of TfSE is to support and grow this economy, improve quality of life and protect the environment by choosing the right strategic transport priorities for investment. A thirty-year transport strategy was published in July 2020 with a strategic investment plan to follow by 2022.

Dorking pastry chef charts way to pie victory

23 March 2023

Dorking-based pie-expert, **Fine Piehouse** has triumphed at this year's **British Pie Awards**, taking home the prize for best Chicken Pie. The pie-maker beat off 31 other mouth-watering entries in this category to take home the prize.

The pie-oneering awards, now in its 15th year, celebrate the nation's most delicious pies - from the traditionally British to the tantalisingly innovative and totally whacky.

Fine Piehouse won over the esteemed judges this year with its Normandy Chicken with Apple Brandy pie.

Matthew O'Callaghan, Chairman of the Melton Mowbray Pork Pie Association and host of the British Pie Awards, said: "We are always highly encouraged to see the nation's love of pies at these annual awards, and this year there has been a huge level of excitement and creativity.

On Wednesday we had the pleasure of enjoying some spectacular pies, and Fine Piehouse has overcome exceptionally stiff competition for best Chicken Pie. These awards celebrate the skill of British piemakers across the nation, so I'd like to say a particular congratulations to them for this success."

The contest comprises 23 different classes or types of pie including traditional favourites and newcomers such as Vegan and Gluten Free Pies. This year in a surprise twist, meat-based pie entries dominated the top four classes for the first time since 2019, with Beef & Any Flavour topping the entry rankings.

Other memorable entries in the contest included a Marmite and Cheese concoction and Fusion Pies such as Balti Pies, Vindaloo Pies, Kebab Pies, and even Baldy's 'Nearly As Good As Mama Joan's Lasagne Pie'.

Thanks to the British Pie Association.

Celebrating celebrated Surrey women

23 March 2023

March is **Women's History Month**. You can discover important and inspiring stories of Surrey women in history on Surrey History Centre's (SHC) Exploring Surrey's Past website. Watch out for social media throughout the month too. The month also incorporates International Women's Day on 8 March. Both initiatives promote the achievements and contributions of women in the past and present, and the ongoing campaign for equality in all areas of life. From artists to actors, suffragettes to scientists, and gardeners to musicians,

Harriet Grote, (right in image) 19th century Radical 'female politician', hostess and patron. For Women's History Month, SHC celebrates the long life of a radical writer and hostess through the recollections of the Farrer family of Abinger Hall in Surrey, whose papers SHC hold.

The 'Influential Women' section of case studies for SHC's Exploring Surrey's Past website was created by Surrey's museums and each museum revealed stories from their collections about talented and inspiring local women. These included **Margaret Robinson** of Chertsey (1920-2016), (centre in image) who was an artist, a puppeteer, and a model-maker with a worldwide fan base as a result of the models she created for Hammer Film, most noticeably *The Hound of the Baskervilles* and *The Mummy*. You can read all of the stores here.

Surrey's women played a vital role during the First World War, serving as Red Cross nurses at home and abroad, working on the Home Front in the Women's Land Army, and being munitions workers in factories. The Surrey in the Great War website records and preserves their contribution and hosts research guides, film and fascinating stories about local women. One of the films you can watch captures a rural community caught on camera for a local newsreel, with members

of the Women's Land Army demonstrated their ploughing skills in an inter-farm competition at Cross Farm, Shackleford, in April 1917. Find out more and watch the film.

Suffragette stage play review

23 March 2023

Sarah Dewing, who initiated the statue of Emily Davison in Epsom's Market Square reviews "**Emmeline**" a play about the foremost British suffragette, Emmeline Pankhurst, and the fight for the vote for women at the start of the 20th century.

"Emmeline" was performed at Esher Theatre on 24th and 25th February, as part of a tour that began in Oxford and will end in Manchester on 8th March, International Women's Day, It is the debut play of young playwright and actor Beatrice Hyde, who also played Sylvia Pankhurst in the production. It was staged by the Theatre Lab Company, a London-based theatre company and was directed by Its Artistic Director, Anastasia Revi.

Beatrice condensed thirty years of suffragette history into two and a half hours, which sounds intense, but the interval broke it up nicely. She spent five years researching the Pankhursts and the events that took place around the struggle for government acceptance of women's suffrage.

The play focused on the relationships between the newly widowed Emmeline and her three daughters, Christobel, Adela and in particular, Sylvia. Her relationship with her mother becomes increasingly fractious as the strategies pursued by the Women's Social and Political Union, founded by Emmeline, become increasingly at odds with her socialist principles. These were encouraged further by her relationship with the founder of the Labour movement, Keir Hardie.

At the same time as we are let into the Pankhurst family dynamics, we are shown their social and political context including the debate around the cause between prominent politicians of the day and many of the stand-out events during the suffragette era, including the actions of Emily Wilding Davison at the Epsom Derby in 1913.

The play was well acted by a diverse cast of actors, with a stand-out performance by Georgie Rhys as Emmeline in particular. Direction was impressive, given the sheer intensity of the plot, and coordination of all the different aspects of the production.

The set was very simple but effective, with a two-tier stage with raised platforms at the rear and sides, minimalist lighting and a variety of props that often acted as symbols rather than literal objects. The sound design accompanying the production was an important aspect of the overall impact of the play, with several authentic and beautifully sung suffragette songs. repeated throughout the play to rousing effect.

I loved the use of the background presence of an actor portrayed as the "heroic woman" motif throughout the play, representing the movement and its ups and downs. This was inspired by an illustration on the front page of an original Suffragette newspaper. I also thought the sound design and production really took the play to a different level.

Emily Davison Statue and the play Emmeline

For me, the psychological aspects of the play highlighted the personal costs, as well as rewards and triumphs, that are paid by those in single-minded pursuit of a mission to the exclusion of all else, including health, safety and relationships with loved ones. The play alludes to Emmeline's drive to finish the work started by her beloved husband as the source of this obsession.

Ironically, without those like Emmeline and her daughters, who willingly devote their lives to a cause, social progress could not happen. In this case, women would not have the rights they have today, even if there is still a way to go. This is brought home to the present day at the end with a scene where Emmeline is portrayed as her statue outside the Houses of

Parliament, This play is an impressive debut for Beatrice Hyde, but also a production that I would highly recommend for anyone with an interest in 20th Century history, women’s rights and psychological drama.

Sue Bull - a special lady. An obituary.

23 March 2023

Susan Helen Bull (Sue) was born in January 1958 in Dorset but her family moved back to Berkshire in the mid-1960s. Born into a farming community she and her older brother were the first in the family to go to university and Sue graduated in Economics from London University. She worked at Eversheds in the City of London as a Company Secretary and then moved to Epsom in 1982.

She was an active member of Christ Church (Epsom) for many years, becoming a very successful churchwarden, which led to a calling to ordained ministry. She was appointed Curate at St Barnabas Church in 1998 and continued to have a close association with the parish in her later work as a chaplain at both Surrey and Borders NHS Trust and Epsom and St Helier NHS Trust. For several years she continued to lead St Barnabas Church on a voluntary basis while the church appointed a new vicar, leading worship and facilitating the church's wider links to the local community.

As a mental health chaplain, she saw the pain and lack of community support for the people discharged from mental hospitals and for people suffering from mental ill-health generally. A lifetime calling started, first founding the Monday drop-in in collaboration with St Barnabas Church, later founding the Love Me Love My Mind charity in 2008 and acting as Chair until her death in December 2022. The charity is run entirely by volunteers and is funded by grants and donations; it aims to break down stigma and inspire understanding about mental health.

At a time when very few spoke about mental health, Sue championed this cause, building a strong community in the Monday drop-in and raising awareness through the Epsom Mental Health and Wellbeing Festival. This annual event went from being a table in Epsom marketplace handing out leaflets, to a full week of activities with high-profile expert speakers. As it grew, Sue organised the festival in collaboration with other charities in Epsom and ran it with an army of volunteers. She was always an extremely competent, professional but unassuming leader. Sue had a flair for building connections. She was totally inclusive and developed an extensive network across every sector in our local community as well as nationally. The festival has been recognised nationally as a unique community engagement model, visited by NHS England and serving as a model for other areas.

Sue was an intellectual with a clear purpose. She studied Theology in Switzerland, gained a Masters in Theology from Dublin and was in the process of writing a PhD thesis about mental health and the Church. Her compassionate, deep spirituality was recognised when she became a chaplain for Westminster Abbey in 2018 and was part of the official prayer support for the late Queen's funeral.

Sue's loving, calm and self-effacing exterior hid a rooted commitment, strong sense of justice and steely determination for her calling, which at times could make her (as she would humorously say with a twinkle) 'more than a little awkward' for the benefit of others.

Sue did not have children, but through her calling became a supporting mother figure to many. She leaves behind two grieving families - her natural and acquired one.

Epsom has lost a very special lady.

You can find out much more about the Charity Sue inspired on the website linked here: [Love Me Love My Mind](#)
