

Bloom awards for Epsom and Ewell

It has been announced yesterday that Epsom & Ewell have both won silver in the annual South & South East in Bloom competition. **Stoneleigh** was awarded a commendation in this year's competition.

This is the first year that Ewell has taken part in the competition and the second consecutive year that Epsom has won an award. Last year Epsom town centre entered for the first time and won a silver award.

Councillor **John Beckett**, Chair of the Environment and Safe Communities Committee, said "It has been an absolute joy to see the contributions to this year's Epsom & Ewell in Bloom. We're over the moon that both Epsom and Ewell have won silver awards, Epsom for the second year running.

"I extend my sincere thanks to all the residents, volunteer groups, schools and businesses who made this year's Epsom & Ewell in Bloom such a huge success.

Ewell Village saw 'blooming' themed windows in shops along the high street and beautifully knitted floral decorations, created by the Ewell Yarn Bombers, on post boxes.

Ewell Castle School re-used wellies to create fabulous displays and St Mary's Church in Ewell produced stunning floral displays.

Volunteers populated cast iron troughs with flowers creating welcome splashes of colour in Epsom town centre, planted bulbs on street verges, and have been helping to keep displays watered over the summer.

Jubilee themed planting schemes in Rosebery Park, depicting a crown and a colourful feature bed, were planted by U3A volunteers.

Plans are already being formulated for Epsom & Ewell to take part in South & South East in Bloom next year. I would like to take this opportunity to thank everyone who is committed to ensuring our Borough is the best it can be for the local community, for visitors and for wildlife, all year round".

Walk, cycle, scoot - don't drive!

Surrey County Council will launch a new campaign on **World Car Free Day**, 22 September, to encourage residents to change the way they travel to stay healthy, save money and help the environment by reducing their carbon footprint.

In Surrey, 41% of carbon emissions come from transport, with around half of that coming from private vehicles. For shorter journeys such as the school run, the commute to work or a trip to the shops, residents are being encouraged to consider leaving the car at home and walking or cycling instead

The County Council has teamed up with BetterPoints to reward anyone in Surrey who opts to travel by foot, bike or public transport, instead of using a car. Each car-free journey earns residents points which can be redeemed for high street vouchers to spend at shops, local coffee shops or can be donated to charity.

Surrey County Council is developing Local Cycling and Walking Infrastructure Plans (LCWIPs) across the county to help determine where best to prioritise improvements to continue to enable residents to walk and cycle more often. Residents can use an interactive map to 'pin' locations and comment on how walking and cycling could be made easier there.

Matt Furniss, Surrey County Council's Cabinet Member for Transport, Infrastructure and Growth, said: "We know it's not always possible for everyone to walk or cycle everywhere, but for shorter journeys we could all think about making a small change which on mass would make a big difference.

"We're continuously looking at ways to improve our infrastructure to make walking and cycling easier for the people of Surrey

and would really encourage feedback on our interactive map.”

The council has a target to be a net zero carbon council by 2030 and a net zero county by 2050, in line with government targets. Information about making active journeys can be found on the Surrey County Council website.
