

Do you have the bottle for these cold nights?

9 January 2026

With the UK in the midst of a bitter cold snap, many of us are reaching for hot water bottles to help keep warm during the day and through the night.

While hot water bottles are an effective and affordable way to keep warm, in 2024 nearly 1,000 people were admitted to burn units in England and Wales following hot water bottle accidents.

Here, the team at Health and Safety training experts High Speed Training share some practical advice on how to use hot water bottles safely.

Dr Richard Anderson, Head of Learning and Development at High Speed Training, said: “Hot water bottles are a fantastic way to beat the chill, and with energy costs remaining a concern, they are more popular than ever. However, like any household item that uses high heat, they aren’t without risk.”

Check the age

It is recommended that hot water bottles are replaced every two years. The rubber used in their construction can deteriorate over time, making bottles more likely to split or leak.

You can check when a hot water bottle was made by looking for a flower-shaped symbol, known as a ‘daisy wheel’, embossed onto the neck or body of the bottle. The number in the centre shows the year of manufacture, while the twelve surrounding segments represent the months of the year. The number of segments with dots indicates the month the bottle was made.

For example, if the symbol has 25 in the middle and dots in the first six segments, the bottle was manufactured in June 2025. If a segment contains more than one dot, the number of dots in the final filled segment shows which week of the month the bottle was produced.

How to fill and use your hot water bottle safely

Dr Anderson added: “Before filling a hot water bottle, always check it for visible damage or signs of wear and tear. Avoid filling the bottle with boiling water, as this can weaken the internal seams. Allow the water to cool slightly before filling.

“It’s also advisable to only fill the bottle to around two-thirds full. Expel any remaining air before tightening the stopper securely.”

He also advised always using a cover on a hot water bottle to reduce the risk of contact burns, and never sitting or lying on one, as this increases the likelihood of the bottle failing. “When not in use, empty the bottle completely and store it with the stopper removed in a cool, dry place, such as a cupboard.”

Get That Drain Unblocked in Epsom & Ewell - Trusted Local Drainage Specialists

9 January 2026

Blocked drains are one of the most common and disruptive problems faced by homeowners and businesses in Epsom and Ewell. What often starts as a slow-draining sink or unpleasant smell can quickly turn into an overflowing drain if left untreated. Acting early is usually the best way to prevent further damage and unnecessary costs.

Drainage & Plumbing Ltd is a local drainage company providing professional drain unblocking services across Epsom, Ewell and nearby areas. Working regularly within the community, the team understands the drainage challenges common in the area, particularly in older properties where pipework has been in place for many years.

The company focuses on thorough, long-lasting solutions rather than temporary fixes. Blockages caused by grease, debris or everyday waste are cleared properly using professional equipment, helping restore normal flow and reduce the likelihood of repeat issues. Whether the problem affects a kitchen sink, toilet or external drainage system, work is carried out efficiently and with minimal disruption.

Reliability and transparency are key priorities. The business places strong emphasis on clear communication, punctual attendance and fair pricing. Customers are given honest advice based on the condition of their drains, allowing them to make informed decisions without pressure or unnecessary upselling.

Drainage issues can affect residential homes, rental properties and local businesses throughout Epsom and Ewell. Having access to a dependable local drainage specialist can make a significant difference when problems arise, especially when quick action helps prevent further disruption.

By choosing a local service, residents are also supporting a business that contributes to the local economy and community. The company continues to build its reputation in Epsom & Ewell through repeat customers and word-of-mouth recommendations.

If you are experiencing a drainage problem or would like professional advice, local help is available from a team that understands the area and its infrastructure.

Parish power, democratic ideals — and the Residents' Association dilemma

9 January 2026

EDITORIAL

For nearly ninety years, since the creation by Charter of Epsom and Ewell Borough Council in 1937, the Residents' Associations have held political control of the council. Their defining claim — and the claim on which generations of RA councillors have been elected — is that they are not a political party. They describe themselves as pragmatic, non-ideological representatives, motivated only by the practical interests of residents and by efficient, modest and locally accountable government.

That historic self-identity now faces its most searching test in decades.

The decision to promote the creation of two new parish or "community" councils — one for Epsom and one for Ewell — at the very moment when Local Government Reorganisation is removing a tier of local government, raises a question that goes to the heart of the RA project. Is the Residents' Association movement acting in accordance with its founding principles — or is it, for the first time, beginning to behave like the very kind of political body it has always claimed not to be?

The new community councils, if ultimately approved, would initially be responsible only for allotments and for acting as statutory consultees on planning matters. The projected precept would be around £43-£46 per Band D property — yet council reports make clear that the overwhelming share of the budget relates not to allotments but to administrative costs. The ratio highlighted during the council debate — approximately £1.5 million in administration and around £20,000 in allotment management — leaves opponents arguing that residents would be paying for a structure, not a service.

Supporters reply that this is about local voice, continuity and identity under the new East Surrey unitary authority. They argue that unparished areas risk being left behind elsewhere in the country, and that residents deserve the ability to remain represented at a truly local level.

That argument is a respectable one. But it is also a philosophical one.

It places a principle — more tiers of directly elected democratic representation — above the question of whether those tiers provide proportionate value for money or a clear functional purpose. In short, it places democratic ideology ahead of administrative efficiency.

That is — ironically — the kind of approach the Residents' Associations have historically said they exist to avoid.

A further tension arises when one compares the parish model with the alternative now being piloted elsewhere in Surrey: Neighbourhood Area Committees. These advisory bodies bring together local councillors, police, NHS, voluntary sector leaders and community stakeholders — arguably, the very people most qualified to inform decisions on community priorities. They operate without a precept, at minimal administrative cost, and are designed expressly to improve coordination and engagement under the new unitary structure.

Yet this model does not feature in EEBC's consultation options.

The consultation preamble instead foregrounds the "potential impact" of losing a local tier of governance, and asks residents to respond within a framework in which the only practical question is whether to establish parish councils — not whether alternative governance models may offer equal or greater benefit at far lower cost.

If the Residents' Association ethos is one of pragmatism, value for money and minimal bureaucracy, then excluding the lowest-cost participatory model from public consideration is difficult to reconcile with that philosophy.

Some councillors have gone further, suggesting that the drive toward community councils is shaped less by principle than by personal and institutional incentives — that is, by the desire of some existing borough councillors to continue to occupy civic roles in a post-unitary landscape. Whether or not that suspicion is fair, the perception exists, and it has been voiced across party lines during the council debate.

The Residents' Associations have for generations prided themselves on being the guardians of restrained, businesslike and non-political local government. If they now choose to champion new and potentially expanding administrative bodies — with uncapped taxation powers and initially limited service responsibility — they will need to persuade residents that this is not a departure from that tradition, but a logical extension of it.

That case will need to rest on facts, not sentiment; on function, not symbolism; and on the long-term interests of residents, not on the preservation of municipal office.

As the parish consultation enters its second phase, that is the question at stake: whether the proposals reflect the values the Residents' Associations have always proclaimed — or whether, in the face of structural change, they risk becoming the very political establishment they were founded to resist.

Have your say on the future of local representation in Epsom and Ewell

9 January 2026

Epsom & Ewell Borough Council is currently running the second stage of its Community Governance Review (CGR), asking residents whether two new parish-style bodies — Epsom Community Council and Ewell Community Council — should be created to operate beneath the new East Surrey Unitary Authority.

The Epsom & Ewell Times is launching an independent reader survey to invite views not only on Epsom and Ewell Borough Council's proposals, but also on an alternative approach to local consultation and civic participation which is not included in Epsom and Ewell Borough Council's formal consultation. Namely, Neighbour Area Committees.

The Council's consultation

The Borough Council consultation follows its Full Council decision in December to continue exploring the creation of two

new parish-style councils. According to the council's press release, the proposed bodies would:

- initially be responsible for allotments
- act as statutory consultees on planning matters
- be funded by a parish precept of around £43-£46 for a Band D property
- hold elections in May 2027 if created

The consultation also asks for views on warding arrangements and councillor numbers for the proposed new bodies.

The Epsom & Ewell Times encourages residents to read the council's consultation material in full and respond to it, whether in favour or opposed, so that the decision ultimately reflects as broad a range of resident opinion as possible.

EEBC CGR Consultation

Why EET is running an additional poll

During the December council debate and in the public correspondence that followed, a number of councillors and residents raised questions about whether the consultation should also invite views on alternative forms of local representation, such as Surrey County Council's pilot Neighbourhood Area Committees, under the new unitary structure. See the Epsom and Ewell Times guide to Neighbour Area Committees [HERE](#)

See letters to the Epsom and Ewell Times from a number of Epsom and Ewell Borough Councillors [HERE](#).

The council's consultation asks residents only whether they wish to establish parish-style community councils and, if so, how they should be constituted. It does not ask whether residents would prefer any alternative approach or different mechanisms for an additional local voice to the 10 Epsom and Ewell elected Councillors to the East Surrey Unitary Authority

The Epsom & Ewell Times believes that the wider discussion about local democracy after 2027 may benefit from hearing resident views on more than one potential model. Our independent survey therefore allows participants to express:

- support for or opposition to the creation of community councils
- support, if any, for the alternative form of additional local consultation of Neighbour Area Committees
- views on cost, value for money and accountability
- opinions on how civic traditions, such as the mayoralty, might continue

The results will not form part of the official consultation process, but may provide an additional picture of community sentiment to inform public debate and future reporting.

Click [HERE](#) to access the Epsom and Ewell Times reader survey

Two platforms, one community conversation

Residents are invited to complete both the council consultation and the Epsom & Ewell Times survey. The two exercises serve different purposes:

- the council consultation forms part of the statutory Community Governance Review
- the EET poll provides a space for residents to express views on a wider range of possibilities and priorities

Both, however, share a common aim — helping to ensure that local voices are heard at a time of significant change in how Epsom and Ewell will be governed in future.

The Epsom & Ewell Times will continue to report on developments in the Community Governance Review, the consultation outcomes and the wider debate about the future of local representation as the borough approaches the transition to the East Surrey Unitary Authority in 2027.

Letters from local Councillors on Epsom and Ewell parishes

9 January 2026

Posted in the order of receipt.

From Cllr Alex Coley (Independent Ruxley)

Dear Editor,

It is disingenuous to go to residents with a consultation that shows a band D precept of £43.52 (rounded up to £44), when this could be more than six times higher. The Council's own figures add up to a Band D precept of £296.62 for Epsom Parish Council, when certain key community assets are transferred. This is due to the enormous burden of running costs (£73.10) and building repairs (£180).

You will hear that this consultation is simply for the creation of new parish councils dedicated to representing residents' voices and the statutory provision of allotments. That is a Trojan Horse. Seeking a view from residents on a lower figure and then multiplying it several times later is deeply misleading. These additional costs are very likely to be even higher than shown as they are based on out-of-date running costs reported in February 2024 and building repair costs from July 2019.

Residents who worry about their area being left behind will discover that creating a new parish council opens up the opportunity for the forthcoming unitary councils to offload costly buildings. With an uncapped precept, residents can be made to pay for these offloaded buildings — whatever they cost. This can happen at ANY time AFTER the new parish council is created. The one thing that definitely won't be left behind is your money. I am seeking further analysis to calculate itemised costs for all the many buildings, parks and open spaces which could be transferred in future years, adding to the parish precept even further.

Using figures in the Council report from 9th December, these are the expected Parish Tax bands for Epsom when the three key community assets are included after the consultation has closed.

Band A — £197.75

Band B — £230.70

Band C — £263.66

Band D — £296.62

Band E — £362.53

Band F — £428.45
Band G — £494.36
Band H — £593.24

Residents are being treated like Turkeys. Not just voting for Christmas, but paying for Christmas too!

Yours faithfully,

Alex Coley (Independent - Ruxley)

From Cllr James Lawrence (Liberal Democrat, College Ward)

Dear Editor,

I would like to remind readers that this consultation is to set up two parish councils, that will only manage allotments. That is the only service proposed to be provided to residents. Of the 11 allotment sites in the borough, the council currently runs only 7. Some wards for which councillors are proposed don't even have any allotments in them. Before addressing the clear ambition to further expand responsibilities and costs, as indicated by "could work with East Surrey Council in the future to undertake any services which it is agreed may be better run at a local level, such as parks, open spaces and community buildings etc." I will first focus specifically on the proposals as written.

The consultation document (appendix 4 of 9 Dec 2025 Full Council papers item 11) on pg 8 states that "the budget essentially covers" two key things: "Parish Council Administration" and "Allotments". What is not explained anywhere in that document is the fact that of the total collective cost of £1.52mil, only £0.02mil is required for the management of the 7 allotment sites. This is the only part of the precept (the new tax) that may possibly relate to the suggested ambition to "improve community engagement, local democracy, and service delivery" (pg 2 of appendix 4), and even then only for the few hundred council allotment holders. At only 1% of the proposed cost, the "local democracy" part of the extra tax is at best a rounding error on the amount you will pay.

As has been indicated, in reality it is highly unlikely that the parish precept will remain at ~£45. What is the future projection of this additional tax? We will receive no discount on our unitary council tax rates. The council's own papers (appendix 7) predict significant rises to the tune of ~£220 above the £45 for a Band D property if the three big community assets of Bourne Hall, Epsom Playhouse and the Community & Wellbeing Centre are included. Why are none of these future expectations and cost breakdowns not included in the consultation document? I will leave the reader to decide.

Yours faithfully,

Cllr James Lawrence (LibDem College)

From Cllr Bernie Muir (Conservative, Horton Ward)

Dear Editor,

The white elephant of parish councils is an exercise in self-indulgence and self-interest at vast expense to the Borough's residents.

"The proposal adds an extra, unnecessary layer of cost and local bureaucracy with little, if any, benefit, especially given that all areas WILL be represented by new Neighbourhood Area Committees comprising of your Councillors, health, police and a tailored list of local groups or individuals that serve your community — a fact not mentioned in the Consultation."

Without having determined what the Parish Councils would do, other than manage allotments thus what it would cost, other than 'considerably higher' than the initial charge, they are asking residents their view on setting up two costly councils based on effectively no, or missing, information.

The maths reveal that lack of value — The council quotes an additional cost of £44-£46 for the first year (for a Band D property) to cover the cost of maintaining allotments, despite this costing only 60p per household with the rest of the precept, some 99% of the first-year charge, going on administrative costs.

The average cost per property would actually be almost 20% higher at £53 in the first year, exceeding the figures quoted in the consultation (around £45). That is because the average property in Epsom and Ewell is Band E, not the quoted Band D figure. The actual cost in the first year would vary between £30 (Band A) and over £90 (Band H).

However, that is only the tip of the iceberg.

The council has ambitions to take on much, much greater costs, all of which would be charged to residents as an additional council tax 'precept' in future years. The first three assets being considered for transfer to the new parish councils would alone increase the average additional precept cost per property in Epsom to around £350, with costs for Epsom households varying from £198 (Band A) to over £590 (Band H, Epsom) based on the council's figures.

The council's own public report pack goes on to state 'If other community assets (e.g. country parks etc) were to be transferred, the costs would be considerably higher'. Even £590 per year could go considerably higher! All this is on top of the standard council tax charge. Whilst borough council tax rises were capped at 3% each year, there is no cap at all on parish council precepts.

Before responding to the consultation, I encourage residents to ask themselves what, specifically, the proposed parish

councils are going to provide, and whether it is worth the large, increasing and uncapped costs.

Yours faithfully,

Cllr Bernie Muir (Conservative Horton)
Vice-Chairman Surrey County Council
Surrey County Councillor — Epsom West Division
Epsom & Ewell Borough Councillor — Horton Ward

From Cllr Hannah Dalton (RA Stoneleigh) leader of the ruling Residents Associations Group on Epsom and Ewell Borough Council

Dear Editor,

Epsom & Ewell Borough Council is not alone in making the decision that, as a result of Surrey local government reorganisation, there is an urgent need to review or establish Community Councils (also known as Parish or Town Councils). This work is also being undertaken by Guildford Borough Council, Mole Valley District Council, Reigate & Banstead Borough Council, Runnymede Borough Council and Surrey Heath Borough Council.

From July to October 2025, Epsom and Ewell Borough Council conducted the first resident consultation on the proposal to establish Community Councils, and 67% of respondents were supportive of the proposal. As a result of the consultation, and listening to our residents, further work has been carried out and the Council is undertaking a second and final resident consultation from December 2025 to February 2026.

It is disappointing that the Labour, Liberal Democrat, Conservative and Independent groups are seeking to derail this work and, in doing so, deny the residents of Epsom and Ewell the second consultation to make an informed decision on whether to proceed with establishing two Community Councils. To my mind, this is another example of political parties denying residents their democratic voice — which we have already seen through the cancellation of the Surrey local elections due to take place in May 2025, and more recently, through not listening to the resident voice in the consultation on Surrey local government reorganisation, where residents were vehemently opposed to the establishment of two Unitary Councils.

The case for establishing a Community Council becomes stronger when you consider what the new East Surrey Unitary Council — which will represent a population of 551,000 — will mean for democratic representation for the residents of Epsom and Ewell.

Currently, the residents of Epsom and Ewell have 35 Borough Councillors and 5 County Councillors. Following the establishment of the East Surrey Unitary Council, this will reduce to 10 Councillors for a population of 81,000; that is a 75% decrease in democratic representation. If ever there were a compelling reason to explore introducing a local Community Council, it is this.

The key areas the second consultation is seeking residents' views on are:

- to establish two Community Councils — one for Epsom and one for Ewell
- to maintain the 14 individual wards that currently make up the Borough of Epsom and Ewell
- to propose 2 Community Councillors for each ward, elected as usual, who would all be volunteers and receive no remuneration for representing residents at a local level
- a proposed precept of around £45 a year (approximately £3.75 a month or 12p a day)

The precept would cover the new Community Councils' administration — such as employment costs, office supplies and equipment, website and IT, insurances — but more importantly, services such as planning, because the Community Council would be a statutory consultee.

This is a pragmatic approach to the proposed introduction of Community Councils, as currently we do not know how the new East Surrey Unitary Council will function.

However, it is worth noting that evidence from areas which have already undergone local government reorganisation shows that there is a critical role for Community Councils, and that the 'Neighbourhood Area Committees' being proposed by Surrey County Council, in practice, do not have the requisite powers or representation to deliver for the residents they represent.

This Epsom and Ewell Community Governance Review consultation will close at 11.59pm on Sunday 1 February 2026 and can be accessed online at:

<https://eebc.inconsult.uk/CGRproposal/consultationHome>

Paper copies of the consultation can be found at:

The Town Hall
Bourne Hall
Stoneleigh Library
Epsom Library
Ewell Court Library
Community and Wellbeing Centre

Yours faithfully,
Cllr Hannah Dalton

From Cllr Kate Chinn (Labour Court Ward)

Dear Editor

I do not believe there is a need for community councils and they will cause additional costs for residents. There are far too many unknowns. The new unitary council is only obliged to pass on management of allotments which, if the Residents Association councillors get their way, would be two costly administration systems set up for a minimal service.

Alternatively, all the borough's costly and heavily subsidised venues including the Playhouse and Bourne Hall could be transferred. Both need continued costly refurbishment. Costs that would be passed on to residents.

The RA-led council are clearly pushing for two parish/community councils – one for Epsom and one for Ewell. An increase of administration from the two currently representing the borough.

Yours faithfully,
Cllr Kate Chinn

ELKIN (nee Davey) Margaret 'Maggie' Eleanor

9 January 2026

Died Peacefully on 6th December 2025 aged 78.

Beloved wife to Peter and Mum to Graeme, Kirsty and Lisa. She will be greatly missed by all her family and friends.

Funeral Service will take place on Thursday 8th January 2026 at 2.00pm at St Paul's Church, Chichester, PO19 6FT

Family flowers only but donations may be made to Parkinson's UK c/o H.D. Tribe Ltd Funeral Directors www.hdtribe.co.uk

A Nice Xmas Double for Epsom & Ewell FC

9 January 2026

Epsom & Ewell FC v Balham FC 20th December – Combined Counties Premier League. Away At Imperial Fields, Bishopsfield Road. Morden.

We played Balham FC at their adopted home, Imperial Fields, and recorded our first double of the season after beating them 3-1 way back in early August at our then temporary home, the Reg Madgwick Stadium in Cobham. This was a far more attritional game, which we emerged from as winners thanks to a second-half strike to secure a 1-0 victory.

We welcomed Che Bell back into our defensive formation and he made a great comeback. Teddy Ralph played at left wing-back in a very unfamiliar position for him and acquitted himself very well. We also welcomed Prince Aderogba to the football club, who impressed on his debut. Antonios Nazareth took a place on the bench after recovering from flu earlier in the week.

One of our players, Connor McShane, was injured in the warm-up, so Ryley Merrett was called up and arrived by taxi to take his place on the substitutes' bench. Last but not least, our 44-year-old assistant manager, Craig Dundas, played up front alongside Tyler Robinson. This demonstrated just how many players we are missing. Craig, by the way, played very well during the 58 minutes he was on the pitch and was a constant threat to the Balham defence.

First Half

The game was mostly played in the Balham half, although they did come back into it during the five minutes before half-

time. The referee “set his stall out” early by booking Luis Oliveira in the 8th minute. A further three yellow cards were brandished, making it 2-2 in the book at half-time.

We did have a good shot from Tyler Robinson saved, but this was about the only real goalmouth action of the first half.

Half-time: 0-0

In the 50th minute, Karl Bailey replaced the injured Jason Bloor, and in the 58th minute Obasanjo Akinniranye replaced Craig Dundas. We were still very much on top at this stage.

In the 63rd minute, we got the goal we richly deserved as Tyler Robinson broke down the right flank and crossed for substitute Akinniranye, who calmly slotted the ball between two defenders to give us the lead.

Balham immediately began making substitutions, and we followed suit when Callum O’Keeffe replaced Teddy Ralph in the 74th minute.

Unfortunately, we lost Tyler Robinson in the 87th minute to an alleged elbow on a Balham defender. He was shown a straight red card after the referee consulted with his assistant. Was the red card harsh? Yes, it was. Tyler was convinced after the match that this was the case, and this view was supported by the Balham player involved, who expressed his surprise at the decision.

Could we hold out, with what appeared to be plenty of injury time still to play? The answer was **YES**. A very good three points were secured, moving us on to 28 points, although with no change in our league position.

What’s Next?

We have a big match against Corinthian Casuals at Chalky Lane, Chessington, next Saturday, 27th December, with a 3pm kick-off. As a large crowd is expected, it would be advisable to arrive in good time if travelling by car to secure a parking space.

Cobham Cruise Past Epsom & Ewell in 4-0 Chalky Lane Defeat

9 January 2026

Epsom and Ewell FC 0 – 4 Cobham Combined Counties League Premier South. Venue Chalky Lane Chessington.

The Salts succumbed to their worst home defeat of the season, losing 0-4 to Cobham. The fact that Cobham are running away with the league (13 points clear with 2 games in hand on 2nd place) meant it would be a difficult game, but unfortunately a poor performance made it easy for them, and they didn't have to get out of second gear in order to claim the 3 points in front of 101 fans.

Injuries and suspensions meant we had to move players around again, although, after the fact, the suspensions were probably best today rather than Tuesday evening, with a more winnable game v Badshot Lea.

Sami Nabbad returned in goal, Shane Dunne came into midfield as Adam Green went to centre-back in place of the suspended Antonios Nazareth, Callum O'Keefe returned in place of Jason Bloor, Filip Ksaidz replaced Andrew Herring, and finally Karl Bailey came in for Ali Fofahan.

There was a little bit of hope in the early stages as Luis Oliveira managed to get to the goal line in the 2nd minute, but he was forced out by three defenders and unable to get the cross in, and the ball ricocheted off him, not even getting the corner. Cobham had the first chance of the afternoon when No. 9 Marklew had a shot across the goal after a good move down their left. Fortunately, there was no one coming in on the far post — something that was to change shortly. Nabbad was forced to make a couple of diving stops to prevent the ball going across the goal. He then had a poor kick-out and his ball went straight to a Cobham player who tried to play in No. 10 Hayford, but fortunately there was a bit too much on the pass and it ran out for a goal kick.

We then lost Shane Dunne to a knee injury after 15 minutes which would cause us problems as he holds the midfield together, and with Adam Green in defence, we were in for a difficult time. After 17 minutes Cobham got their reward for their control of the game. Again it came down their left with No. 11 Rule playing a nice ball across the goal, with Marklew running in unopposed and passing the ball into the net.

Epsom & Ewell 0-1 Cobham.

Cobham were now in control and on 31 minutes a nice ball was played into Marklew, and he found himself 1-on-1 with Nabbad, who had moved quickly off his line. Marklew attempted to lift the ball over the onrushing keeper and fortunately put a bit too much on it and it went over the bar too. Shortly after, we managed to put a nice move together and the ball was played to Oliveira who burst towards the box only to be brought down just outside. McVey, who normally takes the kick, stepped aside for No. 9 Robinson to have a go, but his shot hit the bottom of the wall and rebounded easily back to the keeper. On 36 minutes we gave away a free kick outside the box, which earned Nelson-Roberts a yellow card, in a similar position to our previous kick. Cobham No. 7 decided to go under the wall as well. He also managed to hit the bottom and it rolled easily back to Nabbad. Unfortunately, Sami managed to let the ball go through his hands and legs and it rolled into the goal. I don't even think it managed to hit the back of the net.

Cobham continued to create more and keep us pinned in our half and they had a couple more chances that didn't really trouble Nabbad, but a header in the box from Marklew appeared to strike an Epsom & Ewell arm. There was a big shout from Cobham players but the referee waved it away. Difficult to see from where we were standing but we went in 0-2 down.

HT Epsom & Ewell 0-2 Cobham.

There needed to be a big talk from the management to get the players focused for the second half. 2-0 down still means we are in the game, but our performance in the first half was poor and lacked any real energy. Hopefully, we would give it a go in the second. Alas, it was not to be and despite the fact we were playing down the hill in the second half, Cobham continued to exert pressure. Again they had a couple of chances and a third goal looked on the cards rather than us getting back into the game, and on 62 minutes we gave them a third goal. Trying to play out from the back, Nabbad played the ball to Green who attempted to play the ball across goal to Aiwone. He tried to let the ball run across his body whilst facing the goal, but No. 11 Rule anticipated the move and took the ball off Aiwone and slotted the ball into an empty net.

In the meantime, Oba Akinniranye had replaced Karl Bailey and, as always, he started to cause trouble on our right; however, he managed to get himself booked after a little bit of trouble with Cobham No. 4, and both ended up in the book. Oba did manage to provide an assist for our first real shot on goal and good movement found Ryley Merritt (who had replaced Dunne in the 1st half). He had a good shot, but it went across the goal. As the keeper scrambled across it must

have been close. Cobham seemed to think *we have to stop this* and on the 85th minute another move down the Cobham right had the ball played across goal and No. 14 Simpson had another easy finish at the far post.

We managed to create a couple of chances towards the end and finally their keeper had to make a save, after Oba again created problems and his shot was stopped just short of the goal. Jack Torbett, returning after another lay-off, hit the bar from a cross/shot. There was nothing really after that, and Cobham continued their march to the title.

After a great mid-week performance v Step 4 Bedfont Sports in a friendly, today's performance was disappointing and with only one shot on goal for the whole game it is probably the worst since we lost to Sutton Common Rovers. Losing to Cobham is also not the worst result either, but we need to gather ourselves for Tuesday night v Badshot Lea at Chalky Lane. KO 7.45, as some of the teams below us are putting in good results and we don't wish to be drawn into another relegation battle.

We look forward to seeing you there.

Team:

Nabbad, Oliveira, Nelson-Roberts, C. Green, Dunne, Aiwone, O'Keeffe, Murphy-McVey, Robinson, Ksaidz, Bailey — Subs: Gilfillian-Waul, Dundas, Akinniranye, Merrett, Torbett.

Do Epsom and Ewell Borough's allotments need their own elected Councils?

9 January 2026

Epsom and Ewell Borough Councillors will meet on Tuesday 9 December to decide whether to progress the next stage of creating two new parish councils for the borough before the authority itself is abolished in 2027. The proposal comes amid the Government's reorganisation of Surrey, which will see all boroughs, districts and Surrey County Council replaced by two large unitary authorities.

Parliament's direction of travel is clear: to simplify local government by replacing the current two-tier structure with single, consolidated authorities. East Surrey Council, which will take over responsibility for all local services from 1 April

2027, is intended to achieve economies of scale and reduce duplication between bodies. The question now before councillors is whether introducing new parish councils beneath the new unitary structure would support or undermine that objective.

Earlier this year the Borough Council launched a Community Governance Review seeking resident views on the creation of parish councils. Of a borough population of around 80,000, the consultation received 352 responses. The most favoured option was the creation of two parishes—one for Epsom and one for Ewell—each with its own parish council and councillors. Whether this level of public engagement constitutes a sufficient mandate for a constitutional change that introduces a new local taxation and governance layer is one of the issues councillors must now weigh.

The proposal is also set against the backdrop of Surrey County Council’s own recent approach to local engagement. In other parts of Surrey the County Council has piloted “Neighbourhood Area Committees” aimed at bringing councillors, residents and partners together to shape local priorities without creating new bodies with precept-raising powers. These committees are designed to provide an alternative route for local consultation and influence that stops short of formal parish governance. Whether such models should be adopted more widely under a single-tier system—and whether they might re-emerge under the new East Surrey Council—adds a further dimension to the discussion about the need for, and value of, parish councils.

Supporters of parishing argue that the disappearance of the borough council leaves a significant democratic gap. Once abolished, the entire former borough area will be represented by just ten East Surrey councillors instead of the 40 elected representatives residents currently have across county and borough levels. Parish councils would help preserve local identity, provide a community voice on issues close to home, and maintain civic traditions, including the mayoralty, which would otherwise require Charter Trustees.

However, the financial implications remain uncertain. Initially, the proposed parish councils would take on only the minimum legal duty of managing allotments, with no parks, community buildings or other assets transferred. On that basis, it is estimated by Epsom Council officers, a Band D property would pay a parish precept of about £43-£46 per year. But if parish councils later seek wider responsibilities—whether by local choice or because East Surrey Council wishes to devolve services—the cost to residents could increase. In time, this could reintroduce something resembling a two-tier model from below, even as the new unitary seeks to simplify structures from above.

Proponents of the unitary approach argue that genuine savings depend on consolidating services, not recreating local administration. Advocates of parish governance counter that representation and community influence have a value that cannot be measured solely in financial terms. Councillors, meanwhile, must judge whether the balance of risks and benefits favours moving to the next stage of consultation or pausing the process entirely.

If the Borough Council votes to proceed on Tuesday, a second consultation will run from mid-December to early February, with a final decision required before March 2026, when powers transfer to the East Surrey Shadow Authority. If the proposal is halted, decisions about any future local governance arrangements—whether parish councils, neighbourhood committees or other models—will fall to the new unitary authority.

The choice before councillors therefore becomes one of the last major decisions the Borough Council will make about the shape of local democracy in Epsom and Ewell. Residents can follow the meeting live via the council’s YouTube channel.

The Mayor of Epsom and Ewell meets local climate volunteers

9 January 2026

The Mayor of Epsom & Ewell, **Cllr Robert Leach**, met with members of the Epsom and Ewell Climate Action Network (EECAN) to hear about the community projects they are mobilising over the next six months, including the borough's first Library of Things. EECAN, which was marking its first anniversary, was founded by residents concerned about the environmental and social impacts of climate change and has grown steadily into an active network of volunteers leading initiatives that encourage climate-friendly actions, build resilience and support sustainable choices across the borough.

The volunteers explained that the Library of Things will allow residents to borrow items such as DIY tools, gardening equipment, sewing machines, pressure washers and even party or camping gear. For many households, the cost of purchasing these items outright can be prohibitive, and for others it simply isn't necessary when the item might only be used once or twice a year. EECAN believes the scheme could help cut waste, save families money and encourage the communal sharing of resources.

The project is currently in the planning stage, with the group sourcing donated items and recruiting volunteers ahead of a planned launch in April 2026. During the meeting, Cllr Leach expressed strong support for EECAN's work, welcomed its potential benefits for local residents, and even signed up as an early supporter while taking an interest in how the project might expand once established.

Past and ongoing EECAN initiatives include November's successful Bike Amnesty event, which collected around 70 bikes for the Surrey Bike Bank to refurbish and redistribute, and regular Climate Conversations held on the second and fourth Monday of each month. Both projects have attracted increasing interest from residents wanting to learn more about sustainable living and community-driven solutions.

EECAN founder and chair William Ward spoke about the group's longer-term ambitions, which include expanding outreach, increasing visibility across the borough and eventually achieving official charity registration. Becoming a registered charity would help them access currently unavailable funding streams and deliver larger, more stable projects. In just 12 months the group has grown from seven to 50 volunteers and from two to eight trustees, who are now preparing their application to the Charity Commission.

The meeting concluded with cake-cutting and a discussion about strengthening links between EECAN and the council. The Mayor encouraged the group to continue raising awareness of their activities and said he would share their projects with fellow councillors when appropriate. Volunteers said they hoped the meeting would lead to deeper collaboration and stronger recognition of grassroots environmental initiatives within local decision-making.

As EECAN prepares for a busy six months, the group says it remains committed to promoting practical, affordable and community-led climate action. Residents interested in getting involved or joining the paid Heat Champion team can visit <https://www.eecan.org/home> or email eeClimateActionNetwork@gmail.com.
