

Epsom celebrity visits his old college

Joe Wicks MBE, widely known as The Body Coach, recently visited his former college, Nescot (North East Surrey College of Technology), the place where his journey into fitness and education began. His visit to Nescot was filled with inspiration, energy and memorable moments.

Joe was warmly welcomed by Nescot Principal and CEO, Julie Kapsalis, students and staff to the college. He toured the Nescot Fitness centre where Julie proudly presented him with a commemorative plaque, 'Joe's Gym' in his honour. He also signed copies of his bestselling cookbooks for staff and the college's Learning Resources Centre and was delighted to receive his original college lanyard and a thoughtful gift from the college.

Students from our Sport, Public Services and Foundation Learning courses joined Joe in the sports hall for an unforgettable workout session. Joe led the students in a fun and energetic routine, sharing his passion for fitness and wellbeing.

Sports students, Patrick and Nathan shared their thoughts on meeting Joe. Patrick said, "It's been a huge honour meeting Joe who's done so much for fitness, inspiring young kids at an early age and even raising money for charity. A good day for Nescot too." Nathan added, "It's incredible to meet Joe who's a household name and who's been to the same college as me!"

Joe's visit continued in the college theatre, where he took part in a packed Q&A session hosted by Julie Kapsalis. Staff and students gathered to hear about Joe's incredible journey and his time at Nescot.

Joe Wicks, who completed a National Diploma in Sport at Nescot in 2002, spoke warmly about his time at the college, "Nescot started me on my journey to education. The college helped me to grow and mature, and to be more independent as a learner." Speaking candidly to the students, he encouraged them to persevere, "Always try your hardest and put your heart into what you do. It won't always be easy, but never give up - give it your all."

Nescot Principal and CEO, Julie Kapsalis, said, "It has been a privilege to welcome Joe Wicks, The Body Coach, back to his hold college. His visit was particularly meaningful as his journey began here at Nescot, and we are so proud that his time here laid the foundation for a thriving career in fitness, exercise and nutrition. A huge thank you to Joe for taking the time to inspire our community with his message to stay 'Fitter, Happier and Healthier'. We look forward to welcoming him back again in the future."

At the end of the Q&A session, Julie Kapsalis presented Joe Wicks with a Nescot Honorary Fellowship, the highest accolade that the college can bestow, in recognition of his outstanding contributions to fitness, wellbeing and nutrition education, and his mission to improve the nation's health.

Nescot's NVQ Catering and Hospitality students also presented Joe with a cheque for £300 in support of his charity, The Body Coach Foundation. They fundraised by preparing and selling meals inspired by his recipes. The visit concluded with excited students lining up for a group selfie and reflecting on how Joe's message of resilience and ambition left a lasting impression.

To learn more about Joe Wicks' journey and his time at Nescot, visit our alumni feature on our website

Epsom and Ewell College Principal wins Silver at National Business Women's Awards

Julie Kapsalis recognised for bridging the gap between boardroom and classroom.

Nescot's Principal and CEO, Julie Kapsalis, won silver in the 'Community Champion' category at the National Business Women's Awards in London last night. Julie was also a finalist for the 'Corporate Leader of the Year' award, highlighting how the college brings together corporates, the community and students, offering young people exciting opportunities to shine.

Under Julie's tenure, Nescot has made business and community partnerships a primary focus, consistently opening doors for students. Examples include collaborations with the cruise industry and Epsom Downs Racecourse which have given students hands-on experience and led to new apprenticeships. Other students have gone behind-the-scenes at darts tournaments, hotels, museums, airports and at the Hampton Court Palace Garden Festival, while the art department has revitalised community spaces in Epsom with vibrant murals.

Julie Kapsalis, Principal and CEO at Nescot said: "Congratulations to the worthy and inspirational winners last night. It was great to win silver and to be in such illustrious company. The recognition reflects the hard work that goes on across Nescot, where we're always creating and taking opportunities to help our students thrive. I love my role, which I see as an enabler, and being able to make things happen. I get huge job satisfaction from bringing employers and students together so they benefit, either through an apprenticeship, a placement or even just an introduction that changes their path.

"The joy of attending awards is the connections you make and the inspirational stories you hear. Networking is key and I love meeting people, as I know that each business, community or civic connection we make has the potential to change a student's life."

Julie established a Women in Business Network, which hosts local leaders from organisations including KPMG, NatWest, Ringway, Wates and Atkins Realis. This year, she is especially proud of a partnership that Nescot has formed with the Royal Society for Blind Children which has enabled the establishment of a new Centre of Excellence for Blind and Visually Impaired students at Nescot, meaning young people from Surrey no longer need to travel outside the county for a college education.

The National Business Women's Awards aims to raise the profile of industrious, hardworking and enterprising Business Women nationally. The awards are made up of 23 categories and winners are chosen by an expert panel of judges. Find out more here.

Epsom and Ewell's NESCOT plumbs the heights

Nescot's gas and plumbing apprenticeship provision has been awarded a City & Guilds End Point Assessment (EPA) plaque for excellence in apprenticeship delivery.

Elizabeth Akinlaja, City & Guilds Business Development Manager for London, Kent & Sussex, officially presented the award to Principal and CEO, Julie Kapsalis and the plumbing team at the college this week (Monday 22 September). She said: "Congratulations Nescot, it was a pleasure presenting the City & Guilds EPA Excellence plaque to the apprenticeship team. This award is for their dedication and commitment in supporting learners on their Building Services Engineering (BSE) apprenticeship provision, which has resulted in outstanding first-time pass rates, especially in plumbing, an area facing significant skills shortages. Well-done to everyone involved for making such a positive impact!"

Learners on the gas engineering apprenticeship, part of the plumbing apprenticeship department at Nescot achieved a 94% first time pass rate.

The award recognises excellence in Nescot's EPA delivery, which is the final stage of an apprenticeship designed to validate an apprentice's knowledge, skills, and behaviours against the required apprenticeship standard. It signifies the high quality and standard of the college's apprenticeship training, and celebrates the plumbing apprenticeship department's successful and impactful EPA achievements.

Liz Crawley, Head of School, Construction, Engineering & Automotive at Nescot, commented: "It's fantastic to receive such amazing feedback from City & Guilds. Our plumbing team work really hard to ensure the best possible outcomes for our apprentices and local employers."

Sarah Keith, Head of Apprenticeships at Nescot, added: "I am so proud of the teamwork at Nescot across all apprenticeships. This award is a testament to the benefits of working in a strong team that supports our apprentices, employers and each other. It

means that our students are fully qualified and industry ready. Well-done to the plumbing team, and everyone involved in apprenticeships at Nescot.”

The EPA Excellence award showcases Nescot’s commitment to apprentice success and industry standards and reflects the wide range of apprenticeship training available at the college. At Nescot, we offer apprenticeships in carpentry and joinery, commercial catering, gas engineering, plumbing and heating, electrical installation, business administration, customer service, team leading and management, marketing executive, hairdressing, early years, health play specialists as well as laboratory scientists.

Explore the range of apprenticeship courses available on the Nescot website.

Photo: (centre left to right): Nescot Principal and CEO Julie Kapsalis receiving the City & Guilds EPA Award plaque from Elizabeth Akinlaja, City & Guilds Business Development Manager for London, Kent & Sussex along with the Nescot Plumbing team. Credit NESCOT

An EPA Plaque from City & Guilds is an award given to colleges and training providers to recognise their high-quality apprenticeship delivery and the success of their apprentices. The plaque highlights consistent excellence in End-Point Assessment (EPA) performance, based on factors like high pass rates and a large number of Distinction grades achieved by apprentices. It is also a recognition of staff dedication, guidance and support offered to learners.

Ewell’s Nescot student’s work selected for Origins Creatives 2025

Art & Design student from Nescot College, Imaani Zafar, has been selected to exhibit her work at Origins Creatives, taking place at the Mall Galleries in July.

Imaani’s submission, titled, ‘Mother Nature: The Voice of Amazigh Women Through Textile’, explores the idea of civilisation and caught the attention of UAL (University of the Arts London) Awarding Body’s curator, Calum Hall, amongst over 600 submissions.

Speaking about her work, Imaani, who has completed the first year of her UAL Level Three Extended Diploma said, “I made this installation to educate people about the Amazigh women. Their knowledge and practices are often overlooked, and I wanted to create something to honour their existence.”

Sarah Morgan, Art and Digital Design lecturer at Nescot commented, “We are all so proud of Imaani. Her creation demonstrates her artistic voice with meaning and sentiment. We are thrilled that her work has been selected by UAL Awarding Body for Origins Creatives at the prestigious Mall Galleries. It is a fantastic opportunity for Imaani to showcase her work at this annual celebration of student achievement, connect with peers, industry experts and the public.”

Origins Creatives is a free exhibition presented by UAL Awarding Body, offering an exciting opportunity for art enthusiasts, critics, and industry professionals in the creative sector to discover fresh, original talent. This event celebrates the dedication and hard work of young creatives from across the UK and internationally. Origins Creatives provides a platform for emerging talent to be seen and celebrated, connecting them with potential collaborators, industry leaders, and a wider audience.

The exhibition features outstanding work from students based across the UAL centres showcasing their talent across the UAL subject areas of Art and Design, Fashion Business and Retail, Creative Media, Music Performance and Production, Performing Arts, Entry Level 3 in Art and Design and Performing Arts, Professional Diplomas, and the Extended Project Qualification.

This year’s edition of Origins Creatives will take place in person at the Mall Galleries in central London. The exhibition kicks off with an invite-only opening night on Tuesday 15 July. It will be open to the public from 16 – 19 July, alongside an online showcase.

The exhibition will showcase selected work created by students from Entry Level and Levels 1, 2, 3 and 4 across all subject areas. You can expect to see a diverse range of painting, photography, drawing, sculpture, fashion and more.

Exhibition opening times for the public:

- Wednesday 16 July, 10am – 6pm
- Thursday 17 July, 1pm – 6pm
- Friday 18 July, 10am – 6pm
- Saturday 19 July, 10am – 5pm

Address: Mall Galleries, The Mall, St. James's, London SW1Y 5AS

If you are interested in attending this event, please book your ticket at: <https://www.eventbrite.co.uk/e/origins-creatives-2025-tickets-1345097014379?aff=oddtcreator>

In addition to the range of Art and Digital Design UAL Awarding Body courses, Nescot offers a wide range of college courses for school leavers and adults, including Animal Care, Business, Computing and IT, Construction, Performing Arts, Childcare, Health & Social Care and Beauty Therapy. To find out more about studying at Nescot call 020 8394 3038, visit www.nescot.ac.uk or email adviceteam@nescot.ac.uk

Ewell students cruise to new careers

Cruise industry giants have teamed up with three colleges to highlight the sector as an exciting, rewarding career pathway for school leavers. This included 12 Travel and Tourism students at Nescot college in Ewell, who have just completed their first Cruise Career Springboard programme, allowing them to dip their toes into a potential career in the cruise sector by visiting several incredible ships, hearing from industry leaders and seeing head office and shoreside roles in action.

The Cruise Career Springboard programme was developed and masterminded by Edwina and Matthew Lonsdale at Mundy Cruising and has been supported by key industry figures, who have come together to invest in the next generation. This includes representatives from the Cruise Lines International Association (CLIA) and leaders from numerous operators including Royal Caribbean, Celebrity Cruises, Silversea, Norwegian Cruise Line, Oceania, Regent Seven Seas, Cunard, P&O, Princess, Seabourn, MSC Cruises, HX Expeditions, Uniworld, AmaWaterways, Windstar and Viva. Former Managing Director and Vice President of Celebrity Cruises, Jo Rzymowska, an inspirational speaker and Non-Executive Director at Hays Travel joined the programme to mentor the Nescot students. Participants have also benefited from the wisdom of former Managing Director of Regent Seven Seas Cruises UK, Graham Sadler, and Debbie Dale, leading trainer for the sector.

The course, which took place over nine weeks and included students from St John Bosco College in Battersea and Itchen College in Southampton, also aims to improve diversity and inclusion, introducing learners from varied backgrounds to the wide range of on-board and shore-based opportunities. This could be anything from engineering to entertainment, HR to health and safety and destination management to deck duties.

This year the students visited six cruise ships and learnt about the product offer covering expedition, luxury, mainstream and river cruise liners. They also undertook classroom work, visited and heard about operations at company headquarters and prepared for a final presentation to industry professionals where they will pitch the opportunities for career pathways in the sector. Plans are already in place to embed the learning and experience into Nescot's future delivery and to launch a Level 4 qualification in Travel & Tourism with a pathway in the cruise industry from 2026.

Julie Kapsalis, Principal and CEO at Nescot said: "This programme is very close to my heart as a cruise addict – I've recently returned from my latest fantastic adventure. It's wonderful to share my love for this sector with my students. University isn't always the right route for everyone at eighteen, particularly once the cost is factored in. With that in mind, we aim to be innovative at Nescot, working closely with businesses to show students there are other exciting options out there. This includes apprenticeships and entry level roles which can be inspiring and fun with exceptional progression pathways. The Cruise Career Springboard has offered once-in-a-lifetime experiences, expert mentorship and the chance to learn about and try roles beyond the course. It's clear that the Cruise industry offers students a world of opportunity and we're working together to help them grab it."

Edwina Lonsdale, Managing Director of Mundy Cruising and Cruise Career Springboard creator said: “Many young people look at the cruise sector and don’t realise it could be a career option for them, so we set out to change that. We want a diverse, enthusiastic workforce, both at sea and shoreside so linking up with colleges made perfect sense. I’ve been blown away by the continued industry reaction and how many individuals and operators have come on board to help us. We’re incredibly grateful, as with their support, the Springboard programme can launch more careers than ever. I have also been struck by the enthusiasm and participation of the students – they have a great future ahead of them.”

Eva Williams, Travel & Tourism Student at Nescot said: “Nescot’s partnership with the Cruise Career Springboard programme has been amazing! We were so lucky to visit all the different ships and have big names in the industry chatting to us. I was genuinely surprised by how many people work behind the scenes to keep everything running – whole teams making things happen without ever stepping on deck. I’d never really considered the cruise industry as a career option before, but it’s definitely on my radar now. I love the idea of playing a part in helping people’s dreams come true.”

Working in the cruise industry allows young people to access a wide range of careers and utilise skills that cover a range of jobs and functions. As a global industry, it also offers opportunity to work with colleagues around the world and to travel. Many who join the cruise line industry might begin on ships, but then pivot into shore-based roles as their career develops, or family commitments make travel more difficult. The industry can provide a lifelong, varied and dynamic career.

Industry professionals interested in finding out more about the Cruise Career Springboard can contact Edwina Lonsdale – edwina@mundycruising.co.uk

In addition to Travel and Tourism courses, Nescot offers a wide range of college courses for school leavers and adults, including Animal Care, Business, Computing and IT, Construction, Performing Arts, Childcare, Health & Social Care and Beauty Therapy. To find out more about studying at Nescot call 020 8394 3038, visit www.nescot.ac.uk or email adviceteam@nescot.ac.uk

Jane Wilson-Howarth visits her Epsom alma mater

North East Surrey College of Technology (Nescot) welcomed **Jane Wilson-Howarth**, world renowned physician, author, zoologist and an authority on travel health to the college yesterday. Jane inspired and motivated our learners with two very special talks about her journey as a published writer, and her love for animals in her fascinating encounters with the wildlife in Madagascar.

Jane studied at the college in the early 1970s when it was known as Ewell Technical College, completing her Ordinary National Diploma in Sciences. She was delighted to return to her alma mater, now known as Nescot.

Jane’s first talk reflected on her career as an author and her time at the college. She spoke about how a letter-writing habit in childhood helped her writing abilities. She explained to students that writing is an essential and useful skill and emphasised the importance of finding your passion, “It doesn’t matter what it is, if you’re passionate about something, it will come across in your writing”, said Jane.

For her second talk, Jane spoke about her travels in Madagascar and her fascination and love for the wonderful wildlife on the island especially the lemurs. Our Animal Care students, some of whom have been to Madagascar on a college trip last year were fascinated to hear her experiences and reflections – including being bitten by a scorpion.

Jane was also given a tour of the college including the Learning Resources Centre (LRC) that featured an eye-catching and creative display of her fiction and non-fiction books, a selection of photographs from her travels and various newspaper articles. Students are able to borrow and browse Jane’s books from the LRC. At the end of her visit, Jane was delighted to be awarded with the Nescot Honorary Fellowship by Principal and CEO, Julie Kapsalis.

Julie Kapsalis, Principal and CEO said, “It’s been an absolute pleasure to welcome Jane back to her old college as one of our most illustrious alumni. A big thank you to Jane for sharing her extraordinary career as a writer and zoologist with our students and staff.

“It’s a privilege to award Jane with an Honorary Fellowship. We introduced the award in 2023 for the college’s 70th anniversary to recognise excellence of former students and members of the local community. It is the highest accolade the college can bestow.”

Speaking about her visit, Jane said, "It's a real pleasure to come back to Nescot. I was here from 1970 to 1972 and had a really good science education at the college and that gave me the confidence I needed. It's been so wonderful meeting and speaking with students today. I was so touched by the time and effort that went into creating the wonderful display of my published work in the college's Learning Resources Centre and the beautiful drawing I received of a leaf tailed Gecko by one of the students. I was especially thrilled to receive an Honorary Fellowship from Nescot. Thank you to everyone at the college for making me feel so welcome and for such a memorable day."

Darts mathematics lesson for Epsom college students

Nescot (North East Surrey College of Technology) College in Epsom, Surrey welcomed a trio of darts legends and MC, Paul Starr to the college Wednesday to inspire students and encourage them to develop their mental maths skills. Paul 'The Asset' Nicholson, Devon 'The African Warrior' Petersen and three-time darts World Champion Mighty Michael Van Gerwen visited the college for the 'Nescot Loves Darts & Maths' event promoting arithmetic and numeracy, launching a college darts league and sharing their stories of determination and success.

Nescot hosted a full day of darts events, aimed at students re-taking their maths GCSEs. Nicholson and Petersen played a 5-leg match, then the players and Paul Starr held a Q&A and participated in a darts related maths quiz with students. Smaller groups of students later met the players in workshops on self-belief and inclusion.

The players also formally opened the newly branded Nescot Department of Maths. Each classroom now has a darts board and is named after a darts legend. In addition, Nescot launched a darts club and league, the first college in the country to do so. The inaugural Kapsalis Cup was contested between Nescot and East Sussex College Group, with plans to roll out a wider college league. During the sessions, all three players plus the MC were awarded a Nescot Honorary Fellowship and the day concluded with a 'meet and greet' for students.

The event was masterminded by Julie Kapsalis, Principal and CEO at Nescot, and also a massive darts fan. Julie makes an annual pilgrimage to the Lakeside World Championships and loves watching the sport, live and on TV. Having previously worked in sports PR, she also has contacts in the world of darts and reached out to them with the seed of an idea.

Julie said "Exciting and engaging students retaking their maths GCSEs was the challenge that made this day take shape. We regularly invite leaders from business, sport and the community to share their stories and when looking for a maths enthusiast, my mind turned to my own sporting passion – darts.

"The response from the darts community was incredible, after one phone call we were gifted boards, surrounds and darts, then the representatives of top players suggested an entire day of events at the college. We created a mini arena, and it was so exciting to see darts legends step up to the oche at Nescot. We're so grateful to the players, their management and everyone involved for taking the time to promote maths and inspire our students. Highlighting role models from all kinds of backgrounds and making learning fun are key at Nescot. I can't wait to see our students' playing darts in the classrooms. Game on!"

Michael van Gerwen said "It's great to see first-hand how Nescot are using darts to inspire their students. It's a brilliant way to improve mental maths, as the two go hand in hand. I love the fact the college is going to have a dartboard in every maths class too. It will be a fantastic addition, and I'm sure the students will love it."

Devon Petersen said "It was a pleasure to visit Nescot College, and it's so good to see them following core values and using darts to enhance their arithmetic. I have seen darts and maths work together in the work that I do for Bullseye Maths with young children, and Nescot will definitely see the benefits of using darts to enhance their education."

Paul Nicholson said "Seeing young people like the ones at Nescot College enjoying the sport of darts today is so good to see, and I have no doubt that including darts as part of the student's maths learning journey will only be a good thing. Darts is a sport for all, and it can be educational as well as fun, as proved with what Nescot are doing. Schools and colleges can only benefit from adding darts to their learning program."

Darts is a sociable, inclusive sport, which almost anyone can access. It can improve mental health by enhancing cognitive function, reducing stress and boosting confidence. It also improves motor skills, hand-eye coordination and problem solving. Importantly for the maths department, the mental maths involved in darts can improve maths skills generally, especially around multiplication and subtraction.

Maths skills and mental maths are important for many employers. Nescot welcomes students who would like to retake their maths GCSEs and improve their employment prospects before they step into the world of work.

As well as functional skills courses in maths and English, Nescot offers a wide range of college courses for school leavers and adults, including Animal Care, Business, Computing and IT, Construction, Performing Arts, Childcare, Health & Social Care and Beauty Therapy. The college has an open event on May 15th, from 4.30 - 7.30pm, where prospective students can learn more about the courses, campus and facilities. To find out more about studying at Nescot call 020 8394 3038, visit www.nescot.ac.uk or email adviceteam@nescot.ac.uk

Watching out for tomorrow's film talent in Epsom and Ewell

Creative Media students from North East Surrey College of Technology (Nescot) were joined by their tutors, family and friends for the premiere of their short film, 'The Watching' which was screened at Epsom Picturehouse last week.

The 'Watching' was filmed on location in the South Downs in November by Nescot's Level 4 and HND Creative Media students as part of their domestic filming project. Written by and starring former student, Charlie McCarthy, 'The Watching', is a psychological drama, exploring themes of identity, state control and the human cost of forgetting, set against the desolate beauty of an isolated coastline.

Louise Gaskin, Head of Curriculum for Creative Industries at Nescot said, "A huge well done to our cast and crew. We are so proud of their efforts and hard work on this project which has resulted in, I think, one of the best films we've made as a department. Thank you to Epsom Picturehouse and Satisfied Eye International Film Festival for supporting our students, we were thrilled to be able to showcase our students' film on the big screen."

Abigail Partington-Moran, Creative Media tutor at Nescot added, "The students have worked really hard on this filming project and enjoyed themselves too. They've taken the early starts, late nights, cold weather and countless unit moves all in their stride. The project has given them the real-world experience of working on set, and alongside the technical film-making skills, they've also learnt team work, problem-solving and time management skills."

After the film screening, key cast and crew members involved in the filming took to the stage for a Q&A session with Creative Media tutor demonstrator, Alex Marshall. They included, former student, Charlie McCarthy, Script Writer and Actor, and Sam Gower, Actor; HND student, Hannah Lealan, Producer; Level 4 student Frankie Hamley and HND student Nathan Elford, Directors and Level 4 student, Amani McKenzie, Script Supervisor.

Former student Charlie was part of Nescot's Gold Medal winning Creative Media team at WorldSkills UK 2023. He said his inspiration for the script was the filming location, "I liked the idea of writing something satirical with reference to the beach. Everyone involved was brilliant and so dedicated all of the time. We had lots of fun making this film and I do hope audiences enjoy it."

HND student, Nathan, who had the role of Director along with Level 4 student Frankie said, "We all worked really well together, there were no arguments which was great! Both Frankie and I collaborated to bring together the visual aspects of the film. The whole production was very professional. The experience has given me an idea of the job role I'd like to get into."

"Even though it was stressful at times, it was good stress and taught us how to problem-solve. We have learnt a lot from this whole production. It has made us ready for the film-making industry," added Frankie.

HND student, Hannah who had the role of Producer said, "We were essentially two different classes, working together. We turned a challenge from never having worked with someone before into an opportunity to develop, work and learn from each other. We had lots of fun on set between takes which made the experience enjoyable."

Level 4 student Amani explained that as part of his role as Script Supervisor, he had to ensure there was continuity through the whole production from props to the actor's lines, to make sure everything ran smoothly. "It's been an amazing experience and has prepared us for handling industry-related situations. We are ready!" he said.

Nescot Creative Media alumnus and industry professional, Luke James was present for the screening. Addressing the students, he

reminisced about working on a similar filming project nine years ago when he was a student at Nescot and offered them key advice. He said, "Filmmaking is a labour of love and there are endless opportunities in this industry. The opportunity to make something like this film is just so valuable, and you may not feel it now, but you should all be extremely proud of yourselves."

'The Watching' has been entered into the Student Short (UK) category for the 2025 Satisfied Eye International Film Festival

Nescot's Level 4 and HND Creative Media students on location for the filming of 'The Watching'. Credit NESCOL

The real world visits the virtual world at Ewell's NESCOL

Principals and teachers from across the world visited Nescot (North East Surrey College of Technology) College in Ewell, Surrey last week, to try out its brand-new virtual reality (VR) immersive classroom. Delegates from Brazil to Bulgaria and South Africa to Singapore joined a visit arranged by global education network ORT for a masterclass on artificial intelligence (AI), chatbots, and the use of immersive technology in education.

The Nescot immersive classroom is packed with state-of-the-art technology, including an Igloo (a pod with a 360-degree projection system), immersive room, vehicle simulators, and VR headsets. The international delegates were able to try these out and found themselves virtually transported to different spaces, driving diggers on a construction site, and exploring hazards in a health and safety simulation. Students from across the curriculum at the college use the room to gain skills and experiences they couldn't easily access elsewhere.

The visit to Nescot was part of ORT's Hatter technology seminar programme, where professional educators from around the world explore the latest developments in science, technology, engineering, and maths teaching and learning.

Somayyeh Clifton, Head of Quality Improvement & Innovation at Nescot, who led the masterclass, said: "It's been so fantastic to welcome delegates from across the globe to Nescot to share ideas, experience, and knowledge on AI. It's also been brilliant to give them a demo of our incredible equipment, which makes learning exciting, interactive, and fun. Working with other education professionals like this is so valuable, with different perspectives helping to inspire our work going forward. We're all working to give students the best education, which will lead to fulfilling careers in the modern world. Our excellent facilities at Nescot have been a game changer."

Leor Harel, World ORT Learning Development Manager, said: "Nescot's VR classrooms are a groundbreaking approach to education and immersive technology. This visit was a perfect opportunity for our group of global education experts to see first-hand a world-leading provision. We are delighted that our teachers will go back to their schools and apply the principles and learnings from their time at Nescot."

Nescot is a hub of innovation, with the Sussex and Surrey Institute of Technology hosting robotics, AI, and cyber security facilities. The college is part of the AI in Education initiative, with Principal and CEO Julie Kapsalis sitting on the Strategic Board. AI in Education aims to support and advise schools and colleges so they can maximise the benefits of AI and minimise the risks.

The funding to create the immersive space was provided from the Government's Local Skills Improvement Fund, a project which aims to support local people into work. As well as being beneficial for education professionals and Nescot students, the college is encouraging local businesses to get involved by using the technology to train staff. Partnerships with business and enterprise are invaluable for both parties, as organisations get to access cutting-edge training and learning resources, plus a pool of talented, experienced students who can enter the workforce via apprenticeships, work placements, and post-college recruitment.

Nescot offers college courses for school leavers and adults, with a wide range of career-focused vocational courses including Animal Care, Business, Computing and IT, Construction, Performing Arts, Childcare, Health & Social Care, and Beauty Therapy.

To find out more, call 020 8394 3038, visit www.nescot.ac.uk or email adviceteam@nescot.ac.uk.

Local businesses interested in using the immersive classroom for training, or working with the college on apprenticeships, work placements, or recruitment should contact businesscentre@nescot.ac.uk or call 020 8394 8593.

Epsom and Ewell College wins Surrey's employer of the year

Nescot college in Reigate Road, Ewell, won 'Employer of the Year' at the Surrey Business Awards last night, against some stiff competition. (NESCOT stands for North-East Surrey College of Technology.)

The **Surrey Business Awards**, which took place at G Live in Guildford, is the largest event of its kind and the most prestigious in the county. Winners were chosen by a distinguished panel of judges, consisting of industry experts and influential business leaders.

Nescot has an annual turnover of £25m and is one of the largest employers in East Surrey, supporting over 7,000 learners and 500 businesses each year. The award highlights that Nescot's greatest asset is its staff, who work 365 days a year (the farm never closes!) to ensure that the 60-acre site is fully functioning and providing high quality training and facilities.

Nescot is rightly proud of its work culture and its leadership, with 650 staff who support thousands of learners each year, but also have the opportunity to learn, develop and progress in their careers.

Julie Kapsalis, CEO and Principal at Nescot said "We're over the moon to win the 'Employer of the Year' award. Nescot is a unique and special place to work and our investment in staff wellbeing and professional development is a key priority. We have an incredible community of dedicated staff who share our vision and work tirelessly, for both our students and our staff. This award is for them."

Julie was also recognised personally last night with a nomination for 'Businessperson of the Year' as a result of her work both within the college and externally.

As well as her role at Nescot, she has been Chair of the Coast to Capital Local Enterprise Partnership (LEP) for the last four years and on the Board for over a decade. The role helped to oversee £275 million of investment in the region which supports infrastructure, skills, heritage and businesses. For the past three years she also served as Chair of Catalyst South – a group of six LEPs covering the South East as a direct voice to Government. Julie is also a director, trustee, advisor and mentor and already has awards under her belt for inspirational leadership, corporate social responsibility and being a community hero.

In addition to the award win and nomination, Nescot was also a proud sponsor of the 'Future Talent of the Year' award at the event, attended by business leaders and guests from across Surrey.

Anyone interested in joining the team at 'Employer of the Year' – Nescot, can visit www.nescotcareers.co.uk or email jobs@nescot.ac.uk
