

## Ukrainians uplift all in Epsom evening of culture

12 November 2023

On Saturday 11th a choir of locally settled Ukrainians crowned an evening of their nation's culture at **Epsom Methodist Church**. Several folk songs preceded a rousing rendition of the National Anthem of Ukraine, bringing the audience to their feet, right hands on hearts.

Cllr. **Kieran Persand** (Conservative: Horton Ward of Epsom and Ewell Borough Council) welcomed all. He said *"In the face of adversity, the world has witnessed the unwavering spirit of the Ukrainian refugees. They have been forced to leave behind their homes, their loved ones, and the familiar landscapes of their homeland. It has been incredible to see how our community has stood with and welcomed them in and that should be celebrated too. Hosts who have offered shelter, compassion, and a sense of belonging – I thank you. It shows what can be achieved when communities come together."*

The social and cultural evening was opened by **Diana Zadorizhna**, a young vocalist, accompanied on the piano by her mother, **Natalia** (also the Choir's director). Along with Diana, young **Nika Vlasova**, who played the violin, will enter the first round on Tuesday 14th November, of the Rotary Club of Great Britain's annual music competition, taking place at Epsom College.

**Maria Zhornikova**, a professional pianist, played several pieces by Ukrainian composer Valentyn Silvestrov. **Yulia Komysan**, a regular performer at the Ukraine music evenings, delighted once again with varied pieces played on the Ukrainian bandura instrument.

Young **Daniel Stets** read a poem in both English and the original language by the Ukrainian poet Taras Shevchenko.

The Ukrainians expressed their gratitude to **Nina Kaye** and **Jo Sherring** and all in the **Epsom Refugee Network**, that they lead, for the relief they have brought to their lives.

If you wish to be informed of future Ukraine cultural evenings please contact the organiser **Lionel Blackman** at epsommusicoc@gmail.com

## Local NHS Trust slow to respond to complaint

12 November 2023

A complaint lodged against **Epsom and St Helier University Hospitals NHS Trust** regarding the care provided to the late **Doreen Pepper**, a Parkinson's patient, has raised concerns about medication management and now delayed complaint response times, leaving her family in distress.

Mrs. Pepper, a former Head Teacher at Merland Rise First School, Banstead, Surrey, lived an active, independent life despite battling Parkinson's for approximately 16 years. However, her experience at St Helier Hospital took a distressing turn after a fall resulted in a broken hip and subsequent admission.

The family's complaint, submitted on April 26, 2023, outlines a series of lapses in medication administration during Mrs. Pepper's five-week stay. Despite the hospital's policy allowing Parkinson's patients to self-administer their medication, A & E staff allegedly denied Mrs. Pepper access to her medication upon admission.

The hospital reportedly lacked an accurate record of Mrs. Pepper's medication until October 27, 2022, causing considerable concern for the family. Instances of incorrect medication administration persisted, despite interventions from senior staff members and the family's visual aids.

The family created an A4 poster with medication times, but Mrs. Pepper was still given medication at inappropriate hours, impacting her ability to participate in crucial physiotherapy sessions for her recovery.

The hospital deemed Mrs. Pepper fit for discharge, intending to send her home with carer visits four times a day. The family questioned the adequacy of supervision between visits and the absence of overnight support, receiving little guidance from the hospital regarding future care options.

Furthermore, a delayed referral for physiotherapy post-discharge resulted in a significant setback to Mrs. Pepper's mobility, exacerbating her condition.

In response to the family's complaint, a spokesperson for Epsom and St Helier University Hospitals NHS Trust expressed regret over the extended response time. They assured a thorough investigation, led by senior clinical and management staff, and pledged to keep the family updated as they work towards a resolution.

The family, while acknowledging the strain on the NHS, urges hospitals to enhance complaint-handling processes to prevent prolonged distress for patients and their families awaiting answers on critical matters of care and accountability.

## Veteran lives celebrated at Epsom's Comrades Club

12 November 2023

With funding from the Armed Forces Covenant Fund Trust, Surrey County Council has captured the life stories of four veterans and presented the booklets to them and their families in a special ceremony at **The Comrades Club, Epsom** in The Parade, Epsom

Part of the Force for Change project, the funding provided was to identify former service personnel living in Surrey who were not already known to the council,

document their life stories and look at how veterans can be further supported.

The project focused on three areas of Surrey – Epsom & Ewell, Guildford and Surrey Heath. Activities organised to engage veterans included canal boat trips, basketball sessions, outdoors and indoor archery, fire skills and model-making sessions.

Alongside this, newly trained volunteers from **Bourne Hall museum in Ewell**, supported by trained staff from the Surrey History Centre worked with the veterans to document and record their life stories. The booklets created will be stored in the Surrey History Centre for future generations, and copies have been presented to the veterans and their families.

**Chair of the Council, Saj Hussain is the Armed Forces Champion for Surrey County Council. He said:** *“Preserving the life stories of our veterans is not just a responsibility; it’s a tribute to their sacrifices. Through the Force for Change project, we’ve had the privilege of documenting and sharing these remarkable journeys. These booklets serve as a testament to their dedication and resilience, ensuring that their legacy lives on for future generations and their families to learn from and be inspired by.”*

**Councillor Kevin Deanus, Surrey County Council Cabinet Member for Fire and Rescue, and Resilience, said:** *“Time is running out for us to capture these important stories and ensure they are documented for future generations. We are delighted to have been able to support this project, to be able to connect with and provide support for more veterans in Surrey.”*

One of the volunteers, Phil Read, documented Tegwyn Bryn Lloyd’s story. Sadly, Tegwyn passed away last year shortly after completing his life story. **Phil said:** *“He [Tegwyn] came across as a very gentle soul to me, God fearing and that. Very gentle but yet did his duty and that overrode everything else and that came across to me more than anything.”*

Throughout the project veterans were connected to the veteran hubs across Surrey for ongoing social activities and support.

If you or a family member is serving, has served, or if you support members of the Armed Forces community, you can download the free Forces Connect app from Apple or Google stores. The app signposts to a wide range of support services.

## Staying in bed problems for local NHS

12 November 2023

Hospitals in **Epsom And St Helier University Hospitals NHS Trust** unable to discharge almost two thirds of patients. This is according to a national data collection exercise conducted by the BBC. There are variations in the data collection criteria between different NHS Trusts.

In Epsom And St Helier University Hospitals NHS Trust between July 1 2022 and June 30 2023 on an average night 64.1% patients who had been identified as ready to be discharged that day were still occupying a bed at midnight.

This is 6.3 percentage points higher than the average figure for trusts across England (57.8%).

On 2 days 100% of patients classed as “no longer meeting the criteria” to be in hospital were still occupying beds at midnight. This means that on 1% of days for which data was provided, not a single patient was discharged.

The day when the most patients were left in hospital was Saturday October 22 2022 when 99 who could have been discharged were still in the hospital at the end of the day.

The proportion of patients ready to be discharged but still occupying beds was worst on Sundays, when 72.9% of patients identified as ready to be discharged that day were still occupying a bed at midnight.

A **spokesperson** for **Epsom and St Helier University Hospitals NHS Trust** said:

“We do all we can to discharge medically-fit patients swiftly and safely, but unfortunately there are sometimes delays. Our hospitals are facing significant pressures and we are working hard to ease these – from providing more beds this winter, to continuing to work with our partners to find solutions.”

The Trust added further background information:

There are a number of reasons why patients who are medically fit remain in hospital. These could include, but are not limited to, needing a care package in place before returning home; waiting for a bed or space in another facility or nursing home; or needing additional therapy, such as physio, before being mobile enough to leave hospital.

We have received £4.5m of national funding to provide more beds in our hospitals this winter

Improving hospital discharge is one of our priorities. We have discharge wards to free up bed space, and employ people in dedicated roles that focus on discharging patients and improving patient flow earlier on in the day

We work with our community partners, Sutton Health and Care and Surrey Downs Health and Care. This includes identifying patients for their virtual wards, which allow patients to get the care they need at home safely and conveniently, rather than being in hospital.

We also work closely with other partners, such as mental health and social care providers, to ensure people are being cared for in the most appropriate setting

## Bourne Hall Ewell celebrates LGBTQ+

12 November 2023

Mental health is still quite a taboo subject and breaking down those barriers to talking openly remains quite a challenge but one group in Surrey is hoping to get those conversations going this weekend. **End Stigma Surrey** is a campaign to raise awareness and reduce stigma around mental health. As well as providing

support, training, and raising awareness, End Stigma Surrey are launching an event called **Love Without Labels** to celebrate and support LGBTQ+ people in the community. It's a free event of music and presentation hosted by drag queen **Tiana Biscuit** and a headline performance by **Surrey Rainbow Choir**, Surrey's only dedicated LGBTQ+ choir, all taking place this Saturday 4th November afternoon at **Bourne Hall in Ewell**.

More details on Epsom and Ewell Times event page [HERE](#)

Organiser **Joe Stroud** said "isolation can be a problem for a lot of people who may be intimidated to approach groups and organisations trying to look for support. We're hoping this event will give people confidence and boost our collective sense of community spirit".

The aim is to create an environment to spotlight LGBTQ+ groups in the community and celebrate this with an uplifting day of pop tunes from David Bowie, Madonna, Billie Eilish and more. A strong focus on the day will be the wellbeing and the mental health of our community with the relaunch of Outline, an LGBTQ+ listening service, but it's also a great opportunity to meet people and socialise with several Surrey community groups who are taking part.

**Oscar Hoyle** from Blossom LGBT says, "we are predominantly focused on empowering LGBTQ+ people to live meaningful empowered lives where they don't face discrimination or the fear of discrimination".

End Stigma Surrey is commissioned by Surrey County Council Public Health and delivered by three well established not for profit organisations in Surrey, Catalyst, Mary Frances Trust (both of whom run Community Connections in Surrey) and Acting Out Productions which provides drama-based training and awareness raising.

Love Without Labels, a day of celebration and community in support of LGBTQ+ Mental Health! This project is part-funded by the UK government through the UK Shared Prosperity Fund and supported by Epsom & Ewell Borough Council. Free tickets can be applied for [here](#)

## Latest news from Surrey History Centre

12 November 2023

UK Disability History Month runs from 16 November to 16 December and aims to promote disabled people's rights and their struggle for equality now and in the past.

This year's theme is Disability, Children and Youth and to coincide with this **Surrey History Centre** (SHC) has announced a collaboration with Professor **Jane Hamlett** from Royal Holloway, University of London's History Department working on a project to uncover and share the histories of children at schools for the deaf and blind.

From the early twentieth century some of the leading residential schools for the deaf and blind were based in Surrey, including the Royal School for the Blind, Nutfield Priory and Burwood School. When the schools closed in the 1980s and 1990s their records were accessioned by SHC.

The research team will carry out a new archival survey of this material, uncovering historical experience from the archives. The project aims to use participatory research to create a new historical narrative about these children's lives, through collaboration with charities who work with young people with learning disabilities. The research will be used to inform a new guide to history of disability on SHC's website Exploring Surrey's Past and a new audio resource that will narrate stories from the archives.

## Local Plan to move forward after passionate debate

12 November 2023

Epsom and Ewell Borough Councillors voted to "un-pause" work on a new Local Plan for the district at an extraordinary meeting held in the Town Hall chamber on Tuesday 24<sup>th</sup> October.

Introducing the motion to un-pause **Cllr Steven McCormick** (RA Woodcote and Langley) said "what is brought before you this evening is a recommendation from Licensing Planning Policy Committee members to unpause the local plan immediately to restart work on the spatial strategy, site selection, and policy development. If this recommendation is supported tonight, workshop sessions will be set up with all members to discuss the results from the call for sites that finished at the end of July. Updates on what sites have come forward and, more importantly, what sites did not come forward will be shared. Discussion and debate based on up-to-date data and evidence with all members, not just those on the LPPC, on which sites would or could be included in our next version of the local plan."

Cllr **Christine Howells** (RA Nonsuch) proposed a lengthy amendment that opened with the following wording:

*"The Council is asked to note the work that has been undertaken in line with the decision by the full Council on the 22nd March 2023 to pause the local plan, to note that while the current version of the national planning policy framework (NPPF) requires the council to start with the standard method housing number, the NPPF also allows for a lower number to be used if that starting point is unachievable in light of local Green Belt, flooding, or other specific constraints.*

*To note that the current draft local plan has already set a precedent by using a much lower target. However, this target was only achieved under proposals to build on high-scoring Green Belt land and sites subject to flooding. The available evidence base clearly demonstrates constraint-trying factors and provides strong reasons for excluding these sites from housing development."*

In summary the amendment focused on resuming the local planning process with a set of guiding principles that emphasize sustainable development, housing affordability, and the efficient use of available land resources.

Cllr Howells said “Mr. Mayor, I have brought the motion before you today as I am passionate in my belief of the need to protect and preserve this Borough’s Green Belt land for the benefit and enjoyment of our current population and to secure a heritage for future generations. But most importantly, I believe I’m speaking on behalf of so many of our residents who are equally passionate to preserve our unique Borough and who have made their voices heard in so many ways.”

“Seven months ago, councillors voted with an overwhelming majority to pause the draft local plan following the huge public outcry at the proposed use of green belt land identified for development. Nothing has changed in the interim period to make it any more acceptable now than it was then. However, we can’t afford to wait for the government to change direction. We must unpause and set our own conditions. But it remains vital that we continue to safeguard our green belt.”

Cllr **Bernie Muir** (Conservative Horton) spoke on the amendment “The housing target should be .... achievable solely through the use of brownfield and previously developed Green Belt land with a determined focus on the art of the possible. Brownfield sites and previously developed sites are the answer, and this includes maximizing council-owned land. I have been calling on this council for years to get advice from large-scale developers as to what can be done to address the alleged barriers put forward by the council to using brownfield sites and, in particular, council-owned land, and as yet, they have resolutely refused to do so. They must do so as a matter of urgency.”

Cllr **Chris Ames** (Labour Court) called out the amendment: “ I must put on record this is not a cross-party motion, although it appears to have some merit. Labour councillors cannot support it as it’s so disingenuously drafted as to constitute a NIMBY charter. I’ve attended the same briefings as other councillors, seen the same lobbying from those behind this motion, and I know its main purpose is to minimize the number of homes built in the borough by citing excuse after excuse for not building to tie officers’ hands while purporting not to do so. It’s not a cunning plan; it’s actually very transparent. Labour is in favour of using brownfield sites, not in favor of uncontrolled and unnecessary building on the borough’s Green Belt, but we are strongly in favor of building the homes that residents need. This motion is designed to prevent that.”

“Councillor **Persand** (Con. Horton) is a strong supporter of the motion, writing in the **Epsom and Ewell Times**. He correctly pointed out that what are called housing targets are, in fact, “guidelines which provide a starting point for considering local needs.” He then wrote, “If Worthing Council can gain approval from the government’s planning inspector when they met only 25% of their target, why can’t Epsom and Ewell achieve a similar result?”

“The motion puts forward a list of so-called local constraints, exceptionalism, providing a list of reasons not to build homes for our residents. Then there’s just sloppy language dressed up as wishful thinking..”

“Finally, does anyone think that promising significant levels of proposed housing should be truly affordable to local workers has any meaning? They’re just adjectives that mean different things to different people, which will melt away at the first sign of opposition from developers.”

Cllr **Persand** spoke in favour of the motion: “This amendment is an opportunity, an opportunity for us to finally do the right thing for residents. We, as councillors, need to be strong in supporting this amendment. Point 2.1 of the officer report says officers seek confirmation for members as to what to do next. It is our role to guide policy, so let’s do that. It is important that we don’t go full circle again with this local plan and that we do learn from our mistakes. These guiding principles will ensure that we are back on the right path, delivering for residents and our community. We need a local plan that is aspirational but deliverable. This amendment lets us do that.”

Cllr **Alison Kelly** (LibDem Stamford) said “ It is clear that if we do not unpause a local plan, there are two serious consequences: developers will run with their plans on appeal, and we’ll miss the 2025 deadline and have to start from scratch, wasting money and effort. This would leave us with no control over location, density, nor social housing provision in Epsom. We are spending £1.5 million on temporary housing, and we cannot afford to let this continue. We had good feedback from residents during the consultation, and we must take their views into account, specifically with the use of the brownfield sites and the retention of the green belt.”

Cllr **Robert Leach** (RA Nonsuch) weighed in: “I think I have to start by rebutting what Labour colleagues have said. The reason that we have problems in accommodating people is because of Labour policy, not current policy. No, you may laugh; it was the Rent Act of 1977 under Harold Wilson....All over the country, lodgers were evicted. One of them was one of my uncles;... It was absolutely a dreadful piece of legislation. Perhaps our Labour friends haven’t actually listened to what was said at the Labour conference, which was only about a week or two ago, where Keir Starmer actually said, and I commend him for his honesty, that they don’t intend taking any notice of local authorities.”

Cllr **Clive Woodbridge** (RA Ewell Village) “ I think if we adopted this amendment, I cannot see a path that gets us to a sound local plan. What was before us tonight is the decision whether we want to unpause this local plan to allow LPPC and officers to digest the results of the consultation and take the necessary measures from that.”

Cllr **Liz Frost** (RA Woodcote and Langley) also spoke against the amendment: “.. if it were to be approved, .... we are likely to tie the officers up in knots.”

**The amendment was defeated by 14 votes to 12 with 3 abstentions.**

The Council then proceeded to debate the main motion to un-pause the work on the Local Plan (as reported in Tuesday’s Epsom and Ewell Times). The motion was approved by 21 votes for the motion and eight abstentions from the motion. There were no votes against the motion.

# Ewell “no new oil” pensioner punished

12 November 2023

**Judit Murray**, a 69 year old resident of Ewell, was today sentenced to a 12 month community order with 60 hours of community service at Westminster Magistrates Court.

Ms Murray and her co-defendants, Sol Bourne and Daniel Knorr, who received the same sentence, were found guilty of aggravated trespass at a previous hearing for their memorable protest at Lord’s cricket ground on 28/6/23.

The Just Stop Oil stopped play during the match between England and Australia on June 28, as security and ground staff cleaned up orange powder that was thrown on the pitch and ensured the ground was not damaged.

The three were found guilty after a trial and appeared on 24th October to be sentenced.

Ms Murray said after the hearing “I have seven beautiful grandchildren who deserve the best possible life, so when the country’s top professional, Dr Camilla Kingdon, President, Royal College of Paediatrics and Child Health ‘the climate crisis poses an existential threat to the health and well-being of all children’ I am morally and duty-bound to act.”

“Climate change is no longer tomorrow’s problem, it is today’s. The travesty of justice is that I was forced to defend my actions whilst the real criminals; the prevaricating politicians and fossil fuel profiteers, remain unaccountable.”

“My protest interrupted a cricket game for four minutes, a sport you simply wont be able to play in storms, floods or fifty degree heat.”

I am no ‘dangerous radical’, those who are, to quote the UN Secretary General, are ‘the countries that are increasing the production of fossil fuels’. Like our own. They should have been in the dock today, not me.’

---

## Local Plan (2022-2040) Un-Pause Recommended

12 November 2023

Ahead of tonight’s Extraordinary Council Meeting to be held at The Town Hall, The Parade, Epsom at 7.30pm the Epsom and Ewell Times summarises the Report submitted to Councillors by the Head of the Council’s Development Department.

---

In an effort to ensure the future development and planning of their locality aligns with contemporary standards and requirements, Epsom and Ewell Borough Council initiated a public consultation on the Draft Local Plan (2022-2040) from February 1, 2023, to March 19, 2023. This process aimed to gather input from the community, enabling the council to make informed decisions regarding their local development strategy.

Following the conclusion of the consultation, the council convened an extraordinary meeting on March 22, 2023. During this meeting, the council opted to halt the Local Plan temporarily to undertake specific tasks.

Fast forward to September 24, 2023, and the Licencing and Planning Policy Committee has recommended to the Full Council that it is time to revive the Local Plan. The suggestion to un-pause the Local Plan underscores the importance of keeping the plan up to date and conforming to national planning policy.

An officer’s report to Epsom and Ewell Borough Council puts forward the following recommendations:

1. Un-pause the Local Plan immediately.
2. Acknowledge the work done since the pause decision in March 2023.

The rationale behind this proposal is multifaceted. The primary reason is a legal obligation to review the Local Plan every five years. The current development plan in Epsom and Ewell includes documents that date back more than five years, such as the Epsom and Ewell Core Strategy (2007) and Plan E (2011). These documents predate significant national policy changes in the form of the National Planning Policy Framework and National Planning Practice Guidance. The absence of an updated Local Plan poses risks to the council, including the potential loss of a 5-year housing land supply and implications related to the Housing Delivery Test and sustainable development.

Delays to the Local Plan timetable could also jeopardize the transitional arrangements that may be introduced through a revised National Planning Policy Framework. Furthermore, the government has reiterated the need for Local Plans prepared under the current system to be submitted for examination by June 30, 2025, and adopted by December 31, 2026. The actualization of these dates hinges on the Royal Assent of the Levelling Up and Regeneration Bill, as well as parliamentary approval of related regulations. Thus, it is prudent to continue Local Plan development to meet these timeframes.

The existing Epsom and Ewell Development Plan consists of three documents that were locally produced. Two of these documents were adopted before the introduction of the National Planning Policy Framework and Planning Practice Guidance, which have been subject to revisions since their inception. Local Plans must adhere to national planning policy, necessitating an update to bring them into conformity.

The council initiated a consultation on the Draft Epsom and Ewell Local Plan (2022-2040) between February 1 and March 19, 2023. This Draft Local Plan outlined a growth strategy for the borough, intending to provide a minimum of 5,400 homes over the plan period. The strategy had to balance housing provision with environmental and policy constraints such as land designated for special purposes, nature reserves, and the Green Belt.

During this consultation, the council received feedback from 1,736 individuals and organizations, including residents, statutory consultees, and other stakeholders. It’s essential to note that all responses have been made available for public viewing, with any inappropriate comments appropriately redacted.

A Consultation Statement will be released alongside the next version of the Proposed Submission Local Plan (Regulation 19) to summarize the main issues raised and how they’ve been considered.

The Council Motion, passed on March 22, 2023, mandated the Local Plan’s pause for specific tasks, including further work on brownfield sites, consideration of alternatives that exclude green belt sites, analysis of future housing needs based on 2018 data, and a clearer understanding of the government’s intentions regarding green belt protections and housing targets.

The selected workstreams under the Council Motion have been completed, including the call for sites process and the publication of responses to the Draft Local Plan. Thirteen new sites were submitted during this process. However, the decision to un-pause the Local Plan is crucial for further progress, such as revising the Local Plan timetable and site selection, taking into account the latest information.

The Council Motion imposed restrictions on what work could be undertaken in preparing the Local Plan, making it necessary to formally un-pause the plan for further progression. Un-pausing the Local Plan will lead to the production of a revised timetable and the advancement of other critical pieces of evidence. Work on site selection will also commence, considering the latest information on land availability.

“It’s important to understand that un-pausing the Local Plan doesn’t mean the Proposed Submission version of the plan will remain unchanged. Additional sites have been proposed through the call for sites process, and the Proposed Submission Local Plan will undergo public consultation.”

However, it has also been reported to Councillors that there are limited actively promoted sites for development within the Longmead and Kiln Lane areas. The existing employment sites are well-occupied and support various businesses, indicating a need for additional land to accommodate more employment space, including uses suitable for an industrial estate. The council has already invested significant resources in exploring opportunities for industrial estate redevelopment.

Further investigation is deemed reasonable only if a substantial portion of land becomes available through the call for sites process. It is suggested that the council be formally approached to consider making its land available for redevelopment. Obtaining a formal response through the call for sites process would provide essential evidence to inform future decisions regarding the location of development in the Local Plan.

The Levelling Up and Regeneration Bill is in progress, and if implemented, it will significantly alter how Local Plans are produced. This shift may lead to more streamlined Local Plans and a focus on spatial aspects over detailed development management policies. Transitional arrangements will apply, and the government has set a deadline of June 30, 2025, for the submission of Local Plans prepared under the current system.

In conclusion, this report recommends un-pausing the Local Plan to ensure it aligns with national planning policy and complies with legal requirements. Reviving the Local Plan is essential to the future development and planning of Epsom and Ewell Borough.

## A bridge closed too far?

12 November 2023

In a saga that has left many residents scratching their heads, a seemingly routine footbridge closure in Epsom has morphed into an unexpected and prolonged headache. The bridge, over the railway line connecting **Castle Road** to **Epsom Common**, which was initially shut down at the end of February, has confounded locals with its persistent downtime, offering more questions than answers.

Initially, the bridge’s closure seemed to be prompted by some mysterious “movement,” which had caught the attention of passersby and authorities alike. However, the reasons behind this decision were left shrouded in mystery.

Castle Road bridge to Epsom Common - Google Earth

A brief flurry of activity was seen shortly after the initial closure, with residents hopeful that the issue would be resolved. But this optimism was short-lived. Fast forward to late July, and the mystery deepened as news surfaced that the bridge had been closed due to the discovery of an electricity cable. Many were left puzzled as to why such a discovery had not been anticipated in the first place, leaving the community without their bridge connection.

Since August, the situation appeared to be inching towards a resolution, as services crossing the railway were reportedly lifted and temporarily attached to the bridge’s parapet. Work was ongoing, although without any obvious sense of urgency. In late September, Surrey County Council dropped a bombshell, renewing the closure order for an additional six months, prolonging the ordeal for beleaguered locals.

**Chris Grayling** MP, brought some semblance of hope when he announced that Network Rail expected the bridge to finally reopen in November. However, skepticism lingered, and residents continued to endure the inconvenience of the ongoing closure.

The closure’s ramifications have rippled through the community, prompting discussions between the **Epsom Common Association** and **Epsom and Ewell Borough Council**, although the influence of both parties on the situation remains in doubt. Notably, the footpath diversions on the bridge’s north side have proven problematic, especially as they traverse areas that traditionally transform into quagmires during the winter months.

In an effort to mitigate these challenges, the community proposed an extension of rubber mats to cover all unpaved sections of the diversion route. Though the Council has been in contact with contractors to address this issue, it offers little comfort to those who rely on the bridge for daily crossings.

Adding a twist to this already puzzling tale, Cllr **Steven McCormick** (RA Woodcote and Langley Vale) has stated “Following excavations on site, the understanding of how dire the condition of the bridge has started to come to light. Due to the extent of the movement of the bridge and the size of the cracks visible only beneath the surface, it was deemed not safe to excavate further with machinery.”

Engineers were brought to the site to investigate the matter further, and their conclusion was nothing short of alarming – the bridge, it appears, is in such a precarious state that it must be demolished and replaced. This revelation has shaken the community, as further ground investigations are planned to determine suitable foundations for the new bridge.

In light of this troubling development, it seems that the footbridge will remain inaccessible until further notice, casting a shadow of uncertainty over the community’s daily routines.
