

## LibDem PPC awarded Medal by the King

20 October 2023

Epsom & Ewell Liberal Democrat Parliamentary Candidate **Helen Maguire** received a British Empire Medal (BEM) in The King's Birthday Honours list announced in June.

The honour was given for the contribution Helen has made for services to the community of Claygate, Surrey, where she lives with her family.

Helen, a former Captain in the Royal Military Police who served in Bosnia and Iraq said, "I am absolutely delighted to have had the work that I and others in my local community have undertaken in recent years recognised.

"Our efforts to establish wider facilities for the community to support all ages and particularly young people and sport in the immediate area, while providing new options for others came to fruition with the opening of the Claygate Pavilion. It's therefore humbling to have received such recognition for what was a team effort, so I therefore congratulate those who supported me in establishing our community centre in Claygate.

"My ambition in standing as Liberal Democrat Parliamentary Candidate for Epsom & Ewell, Ashtead and Leatherhead, is to extend the sort of work that we have been engaged in in Claygate to this constituency so that all can benefit from the sort of improvements that are needed in the area".

Helen served in Bosnia on a NATO multinational peacekeeping mission and Iraq, to help rebuild the Iraqi Police Service while providing on-the-ground counter-insurgency policing support to front line infantry.

She is a nationally recognised fundraiser having secured over £1 million for UK charities since leaving the Army.

---

## Satellite comms. pass Surrey Uni test

20 October 2023

A satellite company called Eutelsat OneWeb recently made a big advancement. They successfully connected their low Earth orbit (LEO) satellites to a 5G mobile network for the first time. This achievement is a big step towards bringing super-fast internet to people in remote and rural areas.

They were able to do this with the help of a partnership called the Sunrise Programme, which is supported by the European Space Agency. In a test, researchers from the **University of Surrey** used these satellites to connect to a 5G network. These satellites are orbiting the Earth and make up the second-largest satellite constellation in the world.

During the test, they checked things like video calls, streaming videos, online gaming, virtual and augmented reality, and web browsing. With the LEO satellites, they were able to provide fast internet with very little delay, or "low latency." They also made sure that users could smoothly switch between the satellite network and regular mobile networks, providing a seamless 5G experience.

**Barry Evans**, Professor of Satellite Communications at the 6G/5G Innovation Centre (6G/5GIC) at the University of Surrey, said: "It was thrilling to see no degradation when using the 5G connection made possible by the LEO constellation. This is a step closer to increasing internet access for more people around the world - a privilege that many of us take for granted. The work performed in the 5G pilot tests has demonstrated the feasibility of 5G backhaul over LEO satellites."

Eutelsat OneWeb's technology is similar to what we have with 4G, and they matched the quality of 5G in the mobile network with 4G quality in the satellite network. This allowed them to support all the applications they tested.

Eutelsat OneWeb has also made a deal with Telstra in Australia to support their 4G and 5G networks.

Overall, this is a significant achievement in bridging the gap in internet access and improving connectivity for people in remote areas. It's also a testament to the Surrey's leadership in space and telecommunications technology.

## No reservations to put reserves in "Thames to Downs"

20 October 2023

Epsom & Ewell Council Eyes Inclusion of Local Natural reserves in the 'Thames To Downs' National Nature Reserve.

The Council's Environment Committee 17th October debated an ambitious move to preserve its natural heritage and enhance biodiversity. The Council is considering the inclusion of several of its green spaces within the proposed 'Thames To Downs National Nature Reserve' (NNR). The council plans to report back to the committee if Natural England deems them suitable for this scheme.

The recommendation comes as a bid to consolidate and expand upon the Council's ongoing efforts in managing biodiversity and public access within its open spaces. The move also carries the potential for national recognition, designating the council as an 'Approved Body' known for maintaining its land to the highest environmental standards on a permanent basis.

The NNR management criteria align with the council's strategy of balancing biodiversity conservation with ensuring public access to these natural sanctuaries. Collaborating as part of the NNR partnership with neighboring landowners is anticipated to attract substantial external funding to aid in long-term land preservation and management.

Furthermore, inclusion in the NNR not only fulfills key service priorities but also demonstrates the council's commitment to its statutory responsibilities. It aligns seamlessly with the 'Biodiversity Duty' and other environmental requirements, such as upcoming Local Nature Recovery Strategies.

The NNR status will not only showcase the borough as an exceptional place to live and work but also contribute significantly to preserving and expanding local biodiversity.

Epsom Common Local Nature Reserve (LNR), a site of national importance for nature, gained recognition as a Site of Special Scientific Interest (SSSI) alongside Ashtead Common back in 1955. In the 2005-2015 Epsom Common Management Plan, the council committed to achieving a 'Favorable' SSSI condition assessment for Epsom Common. Subsequently, the goal was to apply for National Nature Reserve status, encompassing the entirety of the Epsom & Ashtead Commons SSSI as part of a National Nature Reserve.

The endeavor to secure NNR status for Epsom Common LNR is well-documented in the council's current Epsom Common LNR Management Plan 2016-2116 and the Climate Change Action Plan.

An officer explained to the committee: "We are really keen that Epsom Common joins Ashtead Common in being declared a National Nature Reserve. We've all been set up for that for over a decade. It's in the management plan; it's Council policy to do that. But Natural England has changed its approach to National Nature Reserves in the last two or three years. They have put forward the offer to work with us and other partners to form a much larger, what they would term a super-national Nature Reserve, going from the Thames at Kingston to the North Downs."

Cllr **Julie Morris** (LibDem College) raised the question what legal status such a NNR would have? Could landowners within them nevertheless develop their land? The officer answered: "Epsom Common, for example, is a Site of Special Scientific Interest, and that's the strongest legal protection that you can afford a site like that. The other sites that are being put forward are in the Green Belt. They are sites of nature conservation importance. They have ancient woodlands. All of those are material considerations for a planning application. Alistair Helwell, who is the lead person at Natural England for National Nature Reserves, does make a point of saying it is a declaration, not a designation. So it doesn't afford greater protection, but it does afford a greater level of kudos, obviously"

National Nature Reserves (NNRs) are vital for preserving significant habitats, species, and geology while serving as invaluable 'outdoor laboratories' for research. These reserves offer opportunities for schools, special interest groups, and the general public to directly experience wildlife and learn more about nature conservation.

Currently, England boasts 221 NNRs covering over 105,000 hectares of land, approximately 0.7% of the country's surface. The largest among them is The Wash, sprawling over almost 8,800 hectares, while Dorset's Horn Park Quarry is the smallest at 0.32 hectares. The five proposed sites in Epsom & Ewell together span an impressive 455 hectares, equivalent to 13.4% of the borough's land.

A 'Favorable' SSSI condition assessment was successfully attained in 2010, prompting the council to commence the NNR application process. Unfortunately, due to funding cuts at Natural England, the application was postponed for nearly a decade. It was only in 2021 that the council was approached once again by Natural England, offering renewed prospects for an NNR application. In 2022, Natural England's approach evolved, emphasizing the creation of more extensive landscape-scale NNRs in line with the government's 'Making Space For Nature' initiative.

The council has been invited to put forward other sites under its ownership/management for possible inclusion in a landscape-scale NNR stretching from the Thames at Kingston to Box Hill on the North Downs.

Five potential sites in Epsom & Ewell, including Epsom Common Local Nature Reserve (LNR), Manor Open Space, Horton Country Park LNR, Hogsmill LNR, and Nonsuch Park, have been identified. Natural England has suggested an affiliate status for sites primarily designated for purposes other than nature conservation, such as Epsom Downs. It's important to note that the inclusion of Nonsuch Park will require separate permission from the Nonsuch Park Joint Management Committee.

A comprehensive partnership with a variety of landowners is envisioned, including local authorities, Surrey Wildlife Trust, National Trust, Woodland Trust, Crown Estates, Merton College (Oxford), and City of London (Ashtead Common).

The unanimous decision of the committee to include the named sites within Epsom & Ewell for consideration will be followed by assessments of their suitability and the council's capability as an 'Approved Body' for managing NNR.

## Chalk Pit debate deferred by late abatement

20 October 2023

The Environment Committee of **Epsom and Ewell Borough Council** 17th October was to discuss a motion proposed at a Full Council meeting on July 25, 2023, regarding a noise nuisance issue at the Chalk Pit site in College Road, Epsom. The motion had suggested that the Council should install professional noise measurement equipment at the site for a minimum of three months and respond to any noise regulation breaches with noise abatement orders. Councillor **Bernie Muir** (Conservative Horton) had introduced the motion at Full Council.

However, the Chair of the Committee, Cllr John Beckett (RA Auriol) announced: “Members, as you are aware, I made the decision to withdraw this item from the agenda this evening in light of the recent enforcement activity last week. This activity resulted in an abatement notice being served to an operator at the Chalk Pit. I am very conscious of the members’ and the public’s interests in this matter. I am keen to ensure that the proposed motion is debated with full consideration of the circumstances, including the impact of the recently served abatement notice. Therefore, I propose that this item is deferred and considered at the next meeting of this committee in January.”

There were no objections and Cllr Beckett added that there will be “No further debate, questions, or statements will take place regarding the Chalk Pit until the meeting on the 9th (January).

The Councillors had received an officer’s report written before the abatement notice was served and that report is summarised here:

The report provided background information about the Chalk Pit, explaining its historical use and current industrial activities. It highlighted the various sources of noise on the site, such as equipment, machinery, road vehicle arrivals and departures, and more. The site was in close proximity to residential properties, and complaints about noise had increased since 2021.

Surrey County Council has jurisdiction over waste processing at the site, while other activities are regulated by the Borough Council. A planning application was submitted by Skip It, including changes and enclosure construction to control noise emissions. The Environment Agency and local authorities regulate noise and dust issues, depending on the source.

The report described the council’s actions in response to noise complaints, including extensive monitoring and investigation. Despite clear evidence of audible noise, the council’s officers believed they lacked sufficient evidence to issue an abatement notice, citing the complexity of the issue and the need for unequivocal evidence.

The report noted that residents had the option to pursue their own civil legal action under the Environmental Protection Act 1990 if they wished to explore this further.

The council had taken some enforcement actions, including Community Protection Warning Notices, but no abatement notices had been issued due to the lack of evidence.

The report presented three options for the committee to consider:

1. Close the investigation with no further action due to insufficient evidence.
2. Keep the issue under review and seek funding for enforcement action if sufficient evidence emerges.
3. Recommend allocating funding to hire external noise consultants to conduct a fresh investigation based on recent complaints and site changes.

Option 3 would require additional funding from sources like reserves and would only be pursued in the event of substantial and substantiated complaints about noise nuisance. Officers asked Councillors “In deciding whether to support renewed investigations on top of those that have already taken place, Members are asked to consider the likelihood of whether renewed investigation would ultimately lead to successful enforcement action and, by extension, whether it would be an effective use of limited Council resources.”

## Noble housing intentions?

20 October 2023

Crest Nicholson and the Vistry Group have partnered for a “sustainable development” initiative near Noble Park in Epsom. They plan to submit a comprehensive planning application to **Epsom and Ewell Borough Council** this Autumn. The proposal aims to construct around 90 new homes, with 40% allocated as affordable housing.

The project includes the creation of communal open spaces and green areas, featuring a community orchard and a children’s play area. Noble Park allotments will remain untouched, highlighting a “commitment to preserving community assets”. Additionally, plans include dedicated private parking facilities for allotment holders.

The developers have invited the local community to participate in shaping this initiative by providing input and ideas. Residents can offer feedback or seek more information through the ‘Feedback and Contact’ tab on the following unattributed website. <http://nobleparkconsultation.com/>

The project is located on 5.67 hectares of land to the east of the existing Noble Park development, at the intersection of West Park Road and Horton Lane, with vehicular access from West Park Road. While specific timelines depend on the planning process, construction may begin in 2025, contributing to family housing and affordable homes in the area. This initiative “aims to address housing shortages and bring positive change to the community”.

Epsom and Ewell Times can confirm that Epsom and Ewell Borough Council will meet at 7.30pm on 24th October, to decide whether to “un-pause” progress on the Local Plan. The Plan that will establish the planning policy framework for where and how many houses may be built in the Borough in the future.

## Council Grapples with Rising Cost of Homelessness

20 October 2023

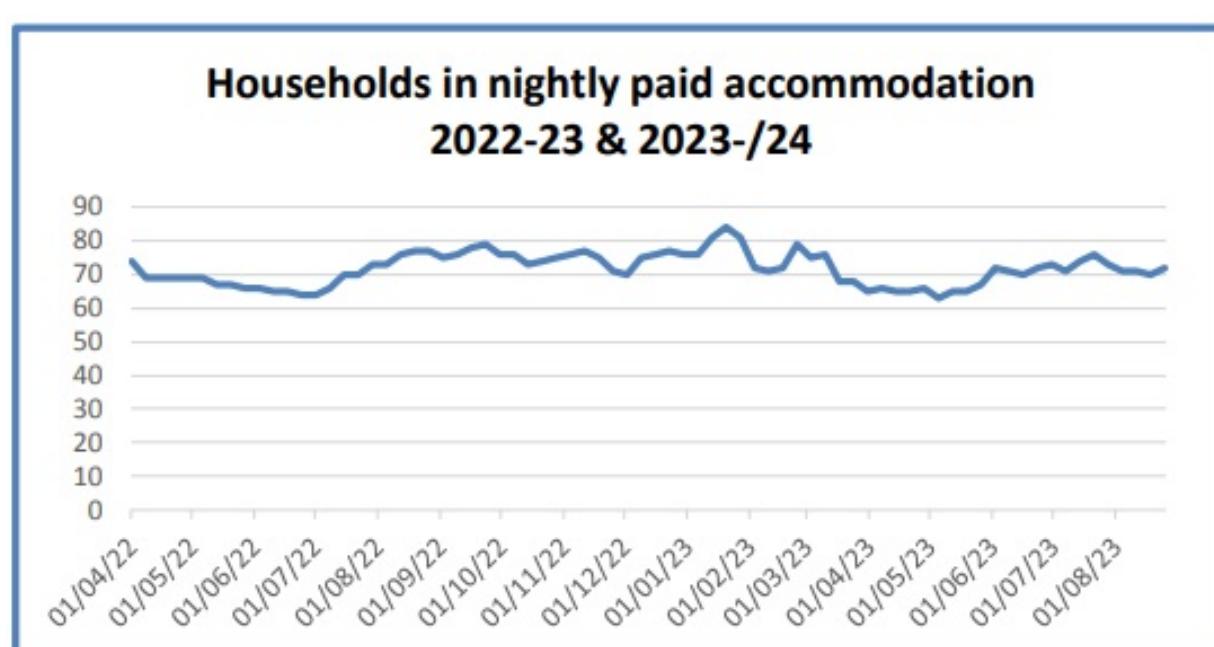

In an ongoing challenge to manage rising homelessness-related costs, **Epsom & Ewell Borough Council** (EEBC) finds itself confronted with an impending financial strain exceeding their 2023/24 budget. This report sheds light on the concerted efforts made to mitigate the budgetary overruns and identifies available funding avenues to cover these increased expenditures.

The Community and Wellbeing Committee 10th October accepted the following recommendations:

1. Acknowledge the measures taken over the past 6-12 months to address homelessness.
2. Approve the utilization of the Homelessness Prevention Grant (HPG) and homelessness grant reserves to meet the projected increase in expenses, thereby ensuring EEBC complies with its obligations under the Housing Act 1996 and Homelessness Reduction Act 2017.
3. Note that a comprehensive update will be presented at the Community & Wellbeing Committee in March 2024.

EEBC is bound by statutory duties outlined in the Housing Act 1996 and the Homelessness Reduction Act 2017. Non-compliance could expose the council to legal challenges.

The Committee were advised of escalating expenditure: EEBC's budget is stretched thin due to mounting expenses for temporary accommodation in fulfilling their homelessness obligations. Costs for 2023/24 are poised to surpass £1.5 million, primarily owing to an increasing number of homelessness cases, a 15% surge in rental rates from accommodation providers, and a shortage of alternative housing options.

Officers have been operating in an increasingly demanding climate, with the cost-of-living crisis amplifying the complexity of issues presented by households in need of assistance.

The cost-of-living crisis, accompanied by rent hikes, has exacerbated housing supply issues, with heightened competition from other local authorities further straining the available housing stock.

The Homelessness Strategy & Action Plan 2022-27 was adopted in November 2022, outlining key objectives and actions. Progress has been made in early intervention and prevention.

Competition and energy cost increases have pushed up the cost of accommodating households in temporary arrangements, despite the team's adaptive procurement approach.

Officers occasionally resort to using Travelodge as accommodation due to a lack of alternatives, incurring a substantial cost of around £140 per night. The average net cost of nightly paid accommodation for small families has surged by over 18% compared to 2022/23, reaching approximately £23,500 annually.

EEBC introduced a Private Sector Leasing (PSL) scheme to lease properties from private landlords for temporary accommodation, offering significant cost savings compared to expensive options like Travelodge.

The challenges faced by the housing services teams are likely to persist in the coming year, and high numbers of households in temporary accommodation are expected to persist.

Economic uncertainties and factors such as reduced housing development and the closure of bridging accommodation for refugees will continue to exert pressure on housing services.

Monthly reporting to the Committee Chair and Vice Chair will provide ongoing updates on the situation, with a commitment to implement actions as per the Homelessness Strategy.

Promotion of the PSL scheme to landlords will be pursued, and collaboration with housing associations and partners to boost the supply of affordable housing will remain a priority.

In sum, EEBC is grappling with the burden of homelessness-related expenses, which, despite diligent efforts, continue to rise. The council faces the critical task of managing these costs to fulfill its legal obligations while seeking innovative solutions to address housing supply challenges in the community. The situation will be closely monitored, with continued engagement with stakeholders to identify viable solutions.

The recommendations were agreed by the committee.

## Housing Allocation Policy Undergoes Updates

20 October 2023

In a bid to modernize the housing allocation process and enhance the efficiency of social housing distribution, the Council adopted a series of amendments to the Housing Allocation Policy and Choice Based Letting Scheme. These changes aim to align the policy with recent legislative updates, reinforce penalties for fraudulent activity, and refine financial thresholds for eligibility.

Cllr **Clive Woodbridge**, Chair of the Community and Wellbeing Committee (RA Ewell Village) introduced the item at its meeting on 10th October: "It's over six years since this was last reviewed significantly, and the changes proposed to the policy are intended to introduce considerable more flexibility so that we can widen the range of people that we can assist through the scheme. So, the committee has been asked to review it and say whether they agree with the various changes that are being made".

During the discussion Cllr Woodbridge asked: "How has the Domestic Abuse Act changed the way we have to implement our policy, and how is that reflected in the document before us tonight?" The Council Officer explained: "Our previous policy was compliant anyway, it just didn't make a particular reference to The Domestic Abuse Act. We have exceptions within the allocation policy which allow us to look at each case on a case-by-case basis. However, the housing needs register is a waiting list and often it can't address people who have an urgent need for rehousing, so often the more appropriate route for people who are at immediate risk of domestic abuse is to go through the housing options process. However, the policy is designed so we don't put barriers up for those that do want to be on our housing needs register, so it doesn't have a requirement to have lived in our borough and is flexible to take those needs into account."

Cllr **Alison Kelly** (LibDem Stamford Ward) expressed her concern about the position of "care leavers" (persons who have been in care between the ages of 16 and 25 who lived in care for at least 13 weeks since their 14th birthday) and asked that each such applicant for housing was considered flexibly and treated on a "case by case" basis. The officer responded that "At a practical level we would always treat each case on a "case by case basis"". She added that the care leaver policy was being looked at on a Surrey wide basis.

In December 2014, a joint Social and Strategy and Resources committee approved fundamental changes to the existing Housing Allocation Policy. The policy governs how housing needs are prioritized, Housing Needs Register applications are assessed, and social housing is allocated. Following extensive consultations with key stakeholders, the revised Housing Allocation Policy was formally endorsed and implemented in June 2015.

While the policy has effectively met its intended goals, certain aspects are now due for review to ensure its continued relevance and responsiveness to current challenges. Consequently, several adjustments to qualifying and non-qualifying criteria, along with administrative procedures, have been proposed to keep the policy up-to-date. The key changes include:

1. **Fraud & False Information:**  
Revisions to the qualifying criteria and penalties for applicants involved in fraudulent applications or false information. These changes will align with the ongoing efforts of Reigate and Banstead's Fraud Investigation team.
2. **Legislative Compliance:**  
Ensuring the Housing Allocation Policy complies with evolving legislation, statutory guidance, and case law.
3. **Alignment with Surrey-Wide Protocols:**  
Adapting the policy to any adjustments in joint protocols implemented across Surrey.
4. **Financial Qualifying Criteria:**  
Reviewing the financial criteria for inclusion on the Housing Needs Register. The current thresholds, set in 2015, restrict single people or couples without dependent children with gross annual earnings of £25,000 or more and couples or single parents with dependent children with gross annual earnings of £50,000 or more.

### Proposed Changes:

- **Fraud & False Information:** Strengthened criteria and penalties for applicants making fraudulent applications. Disqualification from the Housing Needs Register for two years for fraudulent applicants and five years for those convicted of fraud or deception.
- **Legislative Compliance:** Updates to reflect changes in legislation and statutory guidance affecting the Housing Allocation Policy.
- **Alignment with Surrey-Wide Protocols:** Incorporating changes introduced in the Surrey Joint Housing Protocol for Care Leavers and the Homelessness Reduction Act 2017.
- **Financial Qualifying Criteria:** Adjusting the income thresholds, increasing the current £25,000 gross annual earnings for single people/couples without dependent children to £40,000, and the £50,000 threshold for couples/single parents with dependent children to £65,000.

These adjustments are backed by a recent benchmarking exercise across Surrey, which highlights the need to ensure a balanced mix of households reliant on welfare benefits and those employed, especially for one-bedroom properties. Additionally, the proposed income thresholds align with the income levels at which applicants would no longer qualify for welfare benefits or universal credit.

Furthermore, the changes aim to address the challenges faced by low-income households in private rental accommodation, who are often limited by the Local Housing Allowance (LHA) rates, causing a substantial shortfall between LHA rates and median private sector rents.

The proposed adjustments are a comprehensive attempt to modernize the Housing Allocation Policy, making it more equitable, responsive, and reflective of the current housing landscape. The committee unanimously adopted the revised policy.

## Improving housing improvements for the vulnerable

20 October 2023

10th October Epsom and Ewell Council's **Community and Wellbeing Committee** agreed a Revised Private Sector Housing Grants Assistance Policy to Expand Support for Vulnerable Residents.

The item was introduced by committee Chair **Cllr. Clive Woodbridge** (RA Ewell Village). In response to updated central government guidelines, the local Council is poised to adopt a more flexible and proactive approach to assist a broader range of households through its revised Private Sector Housing Grants Assistance Policy. The move comes as a result of increased funding for the Disabled Facilities Grant (DFG) program via the Better Care Fund. This additional funding has enabled the Council to harness the powers under the Regulatory Reform Order 2002 (RRO) to introduce a Discretionary Private Sector Housing Grants Assistance Policy, aiming to provide support for vulnerable residents.

The existing policy has proven effective in the past but is now undergoing revision as the Council finds itself with a significant surplus of DFG funds, providing an opportunity to extend its assistance further. Notably, central government's guidance, released in March 2022, has directed the Council to utilize the discretionary powers within the RRO to meet the needs of disabled and vulnerable individuals in the community more comprehensively. This flexibility includes adaptations to means test requirements and grant caps, while also offering discretionary financial aid for purposes such as home safety and hospital discharge support.

The Council's objective is to ensure equitable and accessible financial support reaches a wide array of residents. To achieve this, a revised policy is being proposed to accommodate an increased number of vulnerable residents.

#### Background:

- The Council's responsibilities concerning financial assistance for repair and adaptations are regulated by the Housing Grants, Construction, and Regeneration Act 1996 and the Regulatory Reform (Housing Assistance) (England and Wales) Order 2002 (RRO).
- The Private Sector Housing Grants Assistance Policy was first introduced in 2018.
- The Council annually receives ringfenced central government funding for DFGs, totaling £785,282 in the last three years. Local authorities are encouraged to maximize the use of their discretionary powers under the RRO to respond to local needs, necessitating the formulation of a published policy.
- In the fiscal year 2022/23, the Home Improvement Agency collaborated with various organizations to enhance the promotion of their services and grants, leading to the completion of 43 DFGs worth £616,000 for a wide range of adaptations, including level access showers, stairlifts, ramps, and wheelchair accessible extensions. The handyperson service completed 241 jobs, addressing needs such as grab rails, minor repairs, and garden clearances.
- The integration of services between Housing, Social & Adult Care, and the National Health Service aims to support vulnerable households in remaining in their homes whenever possible.
- Poor housing can be a significant barrier for vulnerable, elderly, and disabled individuals, contributing to immobility, social exclusion, ill health, and depression. Housing assistance policies can mitigate these challenges by enabling people to live independently in secure, well-maintained, and suitable housing.

#### Proposed Policy Changes:

The Council's revised policy includes several notable changes to better support residents:

- Broadened eligibility criteria, including the removal of means test requirements for prevention grants and the inclusion of council tax support as a passporting benefit to streamline access.
- A more flexible application process and forms.
- A new exceptions clause for individualized case handling.
- An increased maximum grant level to account for rising construction costs and complex needs.
- Assistance extended to those with terminal illnesses and dementia.
- Introduction of loans from the Parity Trust for cases requiring additional funds or where grant requirements aren't met.
- Accessible housing grants to meet the growing demand in the housing market for disabled individuals who are either homeless or in need of more suitable properties.
- Addition of a prevention grant to enhance health and safety in homes in alignment with the NHS and Social and Adult Care.

The Council's commitment to expanding its support through this revised policy reflects its dedication to fostering safer, more accessible housing options for vulnerable residents.

The revised policy was unanimously agreed by the committee.

---

## Local community gathered at Horton Cemetery

20 October 2023

On **World Mental Health Day** 10th October on a working and un-seasonally hot day, young and old gathered in commemoration of the 9000 patients buried in

Epsom's abandoned Cemetery.

The events were the climax to a year long project of The Friends of Horton Cemetery, supported by **Kings College** and **Dr Alana Harris**, local resident and Reader in History at the University. Entitled "Out of Sight, Out of Mind", the project raised awareness throughout the Borough of the lives of 9000 patients buried between 1899 and 1955. In their memory nearly 1600 ceramic flowers were uniquely painted by hundreds of concerned citizens as they contemplated the stories and photographs of individual patients.

Hardy poem reading

Faith leaders read a committal together

The celebration started in a private field provided for the day by local farmer Mr Seymour Bourne and located right next to the five acre Cemetery. The largest asylum cemetery in Europe. Under a blazing Autumn sun the gathering was addressed by the charity's secretary **Mr Lionel Blackman**, who called for a rejection of a local council categorisation of the Cemetery as "amenity woodland". The Mayor of Epsom and Ewell, **Cllr Robert Geleit** (Labour Court Ward) spoke of Epsom's historic connection to the five psychiatric hospitals in the Borough.

Patron of the charity, **Chris Grayling** MP sent a message, read by Horton Ward Cllr **Kieran Persand**: *"It's easy not to realise, as you drive past, the piece of history that lies behind the fence. Thousands of people lived in the old hospitals, lived and died mostly anonymously. They have no gravestones to mark their final resting place. And disgracefully the cemetery has been allowed to rot by its current owners. It is a credit to the work of the Friends, and of people like Alan Carlson who raised the money for a memorial, that their memory has not been lost. I hope one day that the cemetery can be taken back, and turned into a real garden of remembrance for those who passed so much of their lives here."*

**Theresa Keneflick**, a trustee of the charity and head of St Josephs Primary School spoke and brought a school choir who sang "True Colours" by Cindy Lauper.

The following each read a verse from Thomas Hardy's 'Voices from Things Growing in a Churchyard':

**Rosie Spence**, relative, on behalf of her great, great, great grandfather. **Allen Price** from Love Me Love My Mind. **Carmen Nel**, NHS Clinical Practitioner. **Audrey Ardern-Jones**, local poet and project volunteer. **Charles Wood**, former Nurse at Manor Hospital and Horton Hospital. Kevin McDonnell, Friends of Horton Cemetery Trustee and lead researcher of the lives. **Timothy Folkard**, project volunteer.

Then voices from the Cemetery were spoken by **Epsom Players** representing the lives of Enid Barnet and Richard Waterer.

Dr Alana Harris explained the symbolism of the ribbons everyone had tied for the day to the fence near the Cemetery.

Rev Nick Parish and Judith Mitchell (St Martin's Church of England); Fr Stephen O'Brien (St Joseph's Catholic Church); Pastor Josh Selfe (Epsom Methodist Church); Clerk Frances Touch (Epsom Quakers) said in unison:

"We are gathered to remember these 9000 souls who lived and died in Epsom - to remember them and to make representations that they might have dignity and rest in their death.

To everything there is a season and a time for every purpose on earth. A time to be born and a time to die; a time to plant and a time to pluck up that which is planted. A time to heal, a time to break down and a time to build up.

We affirm our mutual commitment to honour the residents of Horton Cemetery and to work for their memorialisation. Amen."

Finally a trumpet solo 'Marking the Unmarked' - was performed by its composer **Erin Symonds**.

The gathering then followed Scots Piper **Bob Ash** to the former Horton Chapel where a Memorial Garden of the ceramic flowers was unveiled. The audience was addressed by Patron of The Friends of Horton Cemetery, **Baroness Sheila Hollins**, who once worked in the St Ebbas Hospital in Hook Road, Epsom. Dr Harris concluded speeches with an overview of the project and its significance and meaning.

'In Memoriam' a film created by Cameron Cook, Jack Daly and Mica Schlosser of Kings College simply rolled the 9000 names to suitable music. The audience was spellbound.

Company Concentric performed a dance 'Garden Unlocked' and led the audience to the Memorial Garden unveiling. This involved the planting of final flowers within the Forget Me Not installation by **Sue Littleboy** planting for James Poppelwell (great grandad, 1867-1914, d. Long Grove, grave b977); **Nari Fairbanks** (by proxy as resident in NT, Australia) - planting for Charles Holdgate (great, great, great uncle, 1854-1932, d. Long Grove, grave 1105a); **Iveta Goddard** - creator of the ceramic flowers used in the memorial garden and **Lauren** of St Joseph's Catholic Primary School.

Joining the 200-odd strong audience beside Horton Cemetery were Liberal Democrat PPC **Helen Maguire**, Chair of Epsom and Ewell Labour Party **Mark Todd** and **Gina Miller** the True and Fair Party PPC for the constituency. And as ever on her push-bike, Cllr. **Alison Kelly** (LibDem Stamford) and **Janice Baker** a leader of the local Green Party. Two Residents Association Councillors appeared including Cllr Phil Neale (Cuddington Ward) and another.

---

## Lease reprieve for Langley Village Hall

20 October 2023

Langley Vale Village Hall was under the threat of closure but due to the hard work of the Langley Vale Village Hall Association and local residents a new 10 year lease has been negotiated.

The Hall, situated at 47 Rosebery Rd, Epsom, is the heart of community life in the somewhat otherwise isolated housing estate over the Downs. The freeholder of the hall is THE GUILDFORD DIOCESAN BOARD OF FINANCE, a company limited by guarantee and not-for-profit.

Nevertheless, it is reported to have been a trying and difficult year dealing with the lease renewal.

Sharon Watkinson, a long standing resident of Langley Vale, witnessed the signatures of the trustees of the Association on the new lease.

The new lease includes a guaranteed option to add a further 5 years to take the Hall safely through to 2038.

The renewal allows the Association to apply for grants for the Village Hall for some much-needed maintenance works and possible eco friendly upgrades to the heating and also the windows.

The Hall was the venue for a highly successful Kings Coronation Street Party, "the best party the Village has seen" said Sean Porter, Chairman of the Langley Vale Village Hall Association.
