

Why vote Conservative in Epsom and Ewell?

2 May 2023

Exclusive to the Epsom and Ewell Times we are bringing you statements from each Party standing for election to the local council this Thursday 4th May. We continue today with the Conservative Party.

This set of local elections in Epsom & Ewell are the most important for a generation. On Thursday 8th May your vote will shape the future landscape of our town for years to come. Never has your decision at the ballot box for a council election needed to be so carefully considered, it's a big responsibility and that is why you must vote for the candidates with professional experience, vote for the candidates who have already proved themselves in your neighbourhood, vote for your Conservative candidates.

Top image: Conservative Candidates Bernie Muir and Kieran Persand (Horton) and Michael Ware (College)

The Resident's Association has controlled the Borough Council for an astonishing 87 years! Democracy dictates that good governance needs robust opposition to scrutinise and hold to account, unfettered power invariably leads to poor outcomes. Sadly, for our town, this flaw in our council has been dramatically demonstrated in the disastrous local plan put forward by the RA this year.

The stuttering and stumbling journey the RA controlled council took to arrive at the decision to tear up 137 acres of green belt and disregard all our brownfield sites is almost more shocking than the plan itself. A consultation that reeked of laziness and narrowmindedness. Town planning consultants employed who freely admitted they had no local knowledge and offered to do the work on the cheap. A process that neglected to even review Epsom's historic conservation areas rules. A professionally designed alternative plan commissioned by Conservative MP, Chris Grayling, to redevelop brownfield disregarded with a 'can't be bothered' attitude. Stark warnings not to build on areas vulnerable to flooding ignored. The complacency of 87 years means our town is being put at risk by a plan for our future that 10,000 people of Epsom have already rejected.

The plan has been paused but be in no doubt this has been done because as RA Councillor Alex Coley admitted when asked why the local plan had taken so long at a public meeting in March, "we are terrified of you lot!" In other words, terrified of losing their cosy seats! The danger is that, if when the election is over, the status quo is restored, the RA's fiefdom is re-established the catastrophic plan will be ploughed ahead with.

The only way to stop this is if there is a strong and effective opposition and the only opposition that is strong and effective is a Conservative opposition. Your Conservative borough Councillor, Bernie Muir has done more alone to hold the RA to account and speak up for residents than all other opposition Councillors put together. She has worked across the whole borough, not just in her own ward. Bernie has also built a team of volunteers and activists to help her fight the decisions the RA council have been making in your name. Those volunteers and activists are now your Conservatives candidates.

Michael Ware in College who worked tirelessly on the shambles of the Chalk Pit expansion while Lib Dem College Councillor Julie Morris said nothing and did nothing as thick dust was falling on our cars and washing. Stephen Pontin in Stamford an experienced councillor who campaigned alongside Bernie to successfully save the Wells Community Centre while the Lib Dems ignored the issue. Kieran Persand who ran surveys and petitions in Horton to inform locals about flooding worries and anti-social driving in Horton Lane while Labour and the Lib Dems ignored Horton until it became a ward on the electoral map. And never forget Labour and the Lib Dems will not oppose ULEZ while the Conservatives are leading the fight against Sadiq Khan and his tax on Surrey's drivers.

Our team are professional people, lawyers, engineers, accountants, schoolteachers, who all bring their expertise from their lives to bear on council issues. They will be councillors of calibre, councillors who will scrutinise, councillors who will get things done.

Emma Ware, Woodcote & Langley Vale Conservative Candidate

We understand that for some of you this will be the first time you don't vote for the RA in a local election, your patience has finally run out, but when moving your pencil tentatively across the ballot paper, ask yourself why you are changing your vote? Is it because you want a more professional council? Is it because you want councillors who have a proven track record of delivering for your neighbourhood? Is it because you want a councillor who will speak up and hold the RA to account? If your answer is yes, then let your stubby election pencil land on the box for the Conservative candidate and you will be choosing a brighter future for Epsom & Ewell. Written by **Emma Ware**

Why vote Liberal Democrat in Epsom and Ewell?

2 May 2023

Exclusive to the Epsom and Ewell Times we are bringing you statements from each Party standing for election to the local council this Thursday 4th May. We continue today with the Liberal Democrat Party.

We welcome this initiative by the Epsom & Ewell Times to set out reasons why residents should support the local Liberal Democrats. We explain our priorities for the Borough, how these arise from our values as LibDems, and why your vote for us is so important.

Our priorities for Epsom & Ewell As active local residents of the Borough our three main priorities are:

1 - Producing a sound Local Plan

Our number one priority is to make sure the eventual Local Plan not just protects the Green Belt but includes stringent conditions around bio-diversity and energy efficiency within its Policies. In addition, we want to see the Council build social housing, not just so-called "affordable housing" which does not meet the real need.

You can read a summary of our response to the Council's Regulation 18 draft Local Plan at this link which also provides a link to our full response on all 50 questions set out in the consultation. As far as we are aware we are the only local party that submitted such a detailed response.

Our councillors would work hard to get as many of our suggestions as possible included within the next version of the Local Plan.

2 - Getting serious about the climate emergency

The Council has a Climate Change Action Plan but too little is being done to cut our own emissions and to encourage local businesses and residents to take steps to tackle the issue. Our councillors would continue to put pressure on the Council to make sure that the Climate Emergency was embedded in all decision making, and to have quantitative targets to reduce our emissions over the next 4 years.

3 - Increase local democracy and transparency

There have been too many cases in the last four years of decisions being taken behind closed doors and of important information not being shared with all Councillors, let alone residents. Two examples of these issues were a decision taken in private to investigate opening a Pet Crematorium in the borough, and not sharing the critical findings of the Local Government Ombudsman with all Councillors, as should have happened under the Council's own constitution.

We want residents to be aware of what is happening at the Council, so informed debate can take place. Your LibDem Councillors would work to achieve this.

What is a Liberal Democrat?

All our candidates are members of the Liberal Democrat party. This means they agree with the fundamental aims of our constitution which includes in its preamble: "The Liberal Democrats exist to build and safeguard a fair, free and open society, in which we seek to balance the fundamental values of liberty, equality and community, and in which no-one shall be enslaved by poverty, ignorance or conformity. We believe that each generation is responsible for the fate of our planet and, by safeguarding the balance of nature and the environment, for the long term continuity of life in all its forms. ... We believe that the role of the state is to enable all citizens to attain these ideals, to contribute fully to their communities and to take part in the decisions which affect their lives."

The full document can be read here <https://www.libdems.org.uk/federal-constitution>.

It is these fundamental goals that motivate our candidates and influence their decisions as councillors. You can see how the key priorities set out previously derive from these goals and if any new issues emerge for the Borough over the next four years you will know the values and principles that will influence our decisions on those issues.

David Buxton and Alison Kelly stand in Stamford Ward for the LibDems

Why should you vote LibDem?

In summary, for three reasons:

1 - To hold the lethargic Residents Association (RA) to account. Democracy needs openness and debate, and the RA seems intent on stifling both.

2 - So you know who you are voting for. The RA make a big deal of being local residents. So are we. You also know what our values and principles are. The RA include a mixed bag of individuals and at times they don't seem to be able to agree on what they want to achieve.

3 - To help protect the more vulnerable in our community, and to tackle the Climate Emergency.

You can read more about our priorities and candidates on our Facebook site here

Why vote Labour in Epsom and Ewell?

2 May 2023

Exclusive to the Epsom and Ewell Times we are bringing you statements from each Party standing for election to the local council this Thursday 4th May. We continue today with the Labour Party.

Vote Labour on May 4th for a fairer, greener, safer Borough. Your Labour candidates are determined to do all they can for the residents of Epsom and Ewell. The Tories have broken the economy and working people are paying the price. People are struggling to pay their bills. The cost of gas and electricity, the cost of essential food and our rents and mortgages have all gone up, but pay rates are stagnating. It shouldn't be like this.

Top photo: Chris, Rob, Sarah, Kate and Mark out in Town Ward hearing from people on the doorstep about the need to make Epsom safer.

The Epsom and Ewell Residents' Association, who control the council, are out of their depth in the face of the problems created by the Conservative Government. They don't have the experience, knowledge or resources to support their residents whilst public services crumble around us. So many things need fixing: - the cuts to social housing and social care that have had a devastating effect; services for young people and police numbers that have all been cut; the pot holes that are dangerous for cyclists and damage cars which continue to deteriorate. Our own chalk stream, The Hogsmill, is being polluted with sewage and it was your Labour team that met with Thames Water to challenge this Only a Labour Government and Labour councils can rebuild the economy and address the problems we face.

Both nationally and locally, Labour is ambitious and determined to help communities grow and prosper. Labour will freeze council tax, cut energy bills by insulating homes and work to generate cheap home grown electricity.

Our priorities for Epsom and Ewell are:

- a safer borough - with more visible police back on the beat.
 - a fairer borough - with homes that local people and key workers can afford to settle in.
 - a greener borough - with more trees and we'll continue to protect our precious green belt.
 - a cleaner borough - with robust action on fly tipping and increased fines for littering to pay for more street cleaning.
- The Labour Team will continue to lead regular litter picks.

and we will crack down on town hall waste, with no more expensive, unnecessary consultants.

The Epsom and Ewell Labour Party know that proactive Labour councils can provide solutions. Labour councils improve areas by investing in their communities.

To provide homes for their residents Camden Council have approved the building of new social and living rent homes on under-utilised council land, delivering: 44 new social rent homes for families on the waiting list, 23 living rent homes for key workers and 6 supported living homes. All of these homes to be built to the highest standards of design and sustainability.

In Norwich, Goldsmith Street is an award winning 100% social housing development of 93 Passivhaus homes built in a traditional street pattern. The homes provide a high level of occupant comfort using very little energy for heating and cooling.

For a cleaner borough - Lewisham have worked to reduce fly tipping by enforcement, quickly removing it and engaging with the community to reduce the huge costs. In Epsom and Ewell we would provide free skips for different wards on a rotational basis supporting people to dispose of their unwanted larger items responsibly.

There are many good practice models of providing public transport and homes, tackling anti-social behaviour and working with communities to improve the lives of residents.

Stuart Gosling, Kate Chinn, Chris Ames and Ros Godson visiting residents in Court Ward with Labour Party colleague Kezia from Kingston taking the selfie

A Labour council in Epsom and Ewell would work with and for our residents to enable individuals and the borough to grow and prosper.

The borough of Epsom and Ewell is a great place with great people. Only Labour has a plan for a fairer, greener more dynamic economy that will deliver better jobs and raise living standards for residents.

Why vote Green in Epsom and Ewell?

2 May 2023

Exclusive to the Epsom and Ewell Times we are bringing you statements from each Party standing for election to the local council this Thursday 4th May. We start today with the Green Party.

Vote Green to beat the housing crisis and ensure that the Green Belt and other treasured green spaces are protected. Vote Green for a council that stands up to Whitehall's wild housing demands,

turns away speculative developers and expensive consultancies. A Green focus opts for low-carbon, preferably Passivhaus standards to provide social housing that people can afford to rent and buy in the places people need them. Vote for Green answers to providing adequate community infrastructure – surgeries, cycling and walking networks, nurseries and schools, vibrant youth centres and care services.

Vote Green to alleviate the cost of living crisis with a freeze on rent rises, a ban on no-fault evictions, free school meals and 35 hours free childcare from 9 months old. We support £1 fares on local bus routes, subsidised insulation schemes, housing – not hotels – for the homeless and refugees. Vote Green to view a successful economy as one that provides a sustainable and fair society for all.

Cautious candidates cause College and Court cancellations

2 May 2023

The three willing Residents Association candidates for College Ward were disappointed that the Liberal Democrats, Conservatives and Labour Candidates did not register to participate in last night's scheduled local election hustings. The Epsom and Ewell Times pulled the plug on the event in the afternoon as we did not think it appropriate to stage a one-party event. Cllr **Nigel Collin** (RA College Ward) and his colleagues **Charlotte Day** and **Kate Brooks** had willingly registered after the first invitation to do so.

Top image – an empty 3rd Scout Hall St John Chandlers, Church Road, Epsom

Similarly, for Court Ward, only **Robert Geleit** of the Labour Party registered to face the public and debate with his opponents from the Liberal Democrats, Residents Association and Conservatives, but they did not show willing and we pulled the plug to avoid a one-man one-party show.

The willing candidates:

Charlotte Mary **Day** – Residents' Associations of Epsom and Ewell for College.

I aim to create a sustainable future and if elected, I will focus on sustainable development as well as protecting the countryside and our green spaces.

Kate Emily **Brooks** – Residents' Associations of Epsom and Ewell for College.

I am committed to protecting our area and my 10 month old daughter has made me want to make Epsom and Ewell the best place to enable families to thrive. I will press SCC to improve maintenance of our roads and pavements.

Nigel **Collin** - Residents' Associations of Epsom and Ewell for College.

My aim is to continue to improve the Community and to help resolve residents problems. If elected , I will continue to scrutinize Council Expenditure to ensure value for money and to fight for a cessation of the statutory nuisance caused by operations in the chalk pit.

Cllr Collin was keen to use the opportunity to rebut LibDem claims: On the Local Plan Cllr Collin points out the LibDems voted for the Draft Local Plan, the Government forces EEBC to use Green Belt, Council meetings are only held in private to protect 3rd party privacy and potholes are Surrey's responsibility and we will press them hard.

Rob **Geleit** - Labour Party for Court.

I am standing to stick up for my friends and neighbours in Court Ward. We go out door knocking every weekend and get round the area once a year. Every time we are out we pick up two or three problems to fix, so over the course of an electoral term we really lift the area.

No other Party will do this for you.

We are a strong opposition to the ruling Residents' Association Party. I have heard one of them say that we are their 'conscience'.

Vote Labour!

We are very very sorry for hustings hosting hash

2 May 2023

The Epsom and Ewell Times accepts full responsibility for last night's farce and failure over the promised Stamford Ward election hustings. We apologise unreservedly to the public.

Residents Association candidates **Steve Bridger** and **Martin Olney** had been prepared to answer your questions and debate with **Alison Kelly** (who cycled to three churches in her quest for the hustings - see below) and **David Buxton** of the Liberal Democrats and **Andrew Bailey** of the Green Party.

The candidates who did *not* register to attend the hustings were **Karen Landle** and **Richard Chinn** (Labour) and **Aaron Persand** and **Stephen Pontin** (Conservative).

The Gods seemed to be determined that this hustings would not take place. Firstly, we wrongly assumed a hall we had booked was the Scout Hall at the rear of Epsom Methodist Church in Ashley Road. An eagle eyed scout-leader spotted our error Tuesday and pointed out that we had booked the St Martins Scout troop hall. We then wrongly assumed their hall was beside St Martin's Church in Church Street and re-directed people there. Then on the night we discovered the scout hall is in fact at the rear of the former St. John Chandler Church in Church Road.

To cap it all Church Road was closed for access at the East Street junction.

Two determined electors of Stamford Ward managed to work this out and turned up but agreed the abandonment of proceedings. But nevertheless they had the chance to engage with Cllr **Steve McCormick** (RA candidate for Woodcote and Langley Vale) who had attended as a spectator. As had **Janice Baker** of the Green Party standing in Nonsuch.

Lionel Blackman, who was to chair the event said: "It's all my fault. I am sorry. We will get it right in 2027. Plenty of time to continue our mission to inject new life into our local democracy. You know, in the global struggle against authoritarianism not only must we nurse democracy at the micro-local level, if conducted with personal respect democracy can be fun. And we did have a bit of fun last night, albeit at my expense."

Epsom and Ewell Times is very confident, however, that the next hustings for the new ward of Horton will take place on Tuesday 2nd May at Southfield Park Primary School, Long Grove Rd, Epsom KT19 8TF at 7pm. There is only one such school isn't there?

The candidates willing to face the public standing in Stamford Ward:

Steve Bridger - Residents' Associations of Epsom and Ewell

I took up the challenge of being a Councillor when I retired to put something back into the area that I have lived for the majority of my life. I have secured 3 successful CIL bids for my Ward - 2 for Epsom Common and 1 for Horton Country Park. I am a believer in sustainability and any way that we can recycle, use power and resources more efficiently and generally be more careful about what we buy.

I became part of the RA due to the non-political stance that it takes - I am not told what to do or how to vote (I have voted against items that could affect my Ward and residents). I enjoy meeting residents, helping them out not only with matters concerning the Council but giving my life experiences to assist in some civil matters. I have assisted in fighting inappropriate planning matters (Kingswood House School, Clayhill Lodge etc.)

Party Politics should not come into local 'politics', promises of changing things that are outside our realm are matters that are decided by the politicians and outside our control - they have no place here.

I am proud to be part of the Borough that is known throughout the world, just mention Epsom and everyone knows or has heard of it, so lets keep it non-political and a great place to live, work and enjoy!

David **Buxton** - Liberal Democrat Focus Team

David has lived in Epsom for 18 years and worked as CEO for one of Londons leading Disabled Peoples Organisations. David was previously an Epsom and Ewell Borough Councillor for four years. For 10 years David was a Committee Member and Chair of Livingstone Park Association leading the campaign to pull down the derelict Water Tower, and the campaign for the dilapidated Horton Chapel to become a charitable trust, enabling its transformation to its former glory as a listed building - the now new Horton Chapel Arts Centre! David was formerly Chair of the British Deaf Association and is a current Board Member of the European Union of the Deaf. David led the British Sign Language (BSL) Act Campaign nationally, he has won several national campaign awards and has been named as one of Britain's most influential disabled people. David is keen to protect wildlife, parks and the Green Belt.

Alison **Kelly** - Liberal Democrat Focus Team

Alison has lived in Epsom since 1986 and was a Borough Councillor for 8 years serving on planning and finance committees. From 2007 to 2015, Alison was the main opposition spokesperson on budgetary and financial policy. Alison became involved in local politics to protect our open areas and gardens because of her dismay at the number of planning decisions that were changing the landscape. Alison welcomes this opportunity to be directly involved in deciding local planning issues. Alison is particularly interested in promoting energy efficiency and recycling and is keen to ensure that the borough exceeds targets and meets residents' expectations. Alison also enjoys fitness, gardening and volunteering locally.

Alison Kelly outside the final destination of St John Chandlers Church of her cycle-quest to find the hustings.

Epsom and Ewell Times can confirm her bicycle was there – just out of view of the photo.

Andrew **Bailey** - Green Party

Andrew Bailey says:

“I will help build a sustainable future where our greenbelt is fully protected. I strongly believe in community engagement and consensus politics. My aim is for Epsom council to provide better tools so people can recognise positive change - increases in recycling, downturn in pollution, engage in development plans and tell the council where they don't feel safe. A community exists only when people feel their voices are heard.”

Andrew Bailey - Stamford Ward and Green candidate Janice Baker, who is standing in Nonsuch Ward, in eager attendance at the second of the wrong venues - St Martins Church Hall.

Martin **Olney** - Residents' Associations of Epsom and Ewell

The RA has not cut any services in the last four years and the auditors have complimented them on their sound management of ever-dwindling financial resources. I want to help maintain the Borough's efficiency and continue to provide what local people want. I was a Councillor in 2015 -2019, my main interest was planning and planning policy. I also looked after Veterans in the Borough as well as maintained our heritage assets.

The results of the consultation on the Local Plan have made the RA pause the plan. I will work for a new plan that meets the needs of the residents.

Surrey County Council is failing to maintain our roads, deliver enough schools places or provide adequate transport. Ofsted gave a 'requires improvement' for their Child Service, one of many dismal performances. I will pressure them to meet their obligations as they take 76% of your Council Tax.

The RA is focused on issues, within their responsibilities, that impact the people in the Ward. The National political parties have a wider agenda and are influenced by a central office. A vote for the RA is a vote for local decisions being taken after consultation with local people.

The cost of planning

2 May 2023

Green Belt campaigners have obtained a breakdown of over half-a-million pounds spent so far by Epsom and Ewell Borough Council on the draft Local Plan and the Town Centre MasterPlan. The Epsom and Ewell Times provides the figures below.

Mark Todd, Chair, Epsom and Ewell Labour Party and a candidate in Horton Ward for the upcoming local election, responded to our request to all parties for comment: "Yet more evidence of terrible waste and mismanagement by the Residents' Association running Epsom and Ewell Borough Council. No wonder our council tax is so high and our services so poor. It's time for change at the local elections on May 4. The local Labour party will clean up the council and make sure money is spent wisely again."

Julie Morris, College Ward Councillor and Liberal Democrat told us: "The need for a new Local Plan is known years in advance and steps should have been taken to make sure our borough had robust local planning policies in place, rather than procrastinate over what was exactly the right time to create a new Local Plan."

Much of the evidence base has needed to be updated and has therefore required the work of professional organisations to do this, resulting in a much greater spend than was originally forecast. There was no alternative but for council to agree to this expenditure. Had Residents Association councillors given the matter greater priority, expenditure would undoubtedly have been less. It's important to bear in mind too, that the process is far from complete."

The Residents Association, Conservative Party and Green Party have not responded.

Polls apart - from the norm?

2 May 2023

The Epsom Playhouse is listed as one of Surrey's "quirky" polling stations in the report below from the BBC's LDRS (Epsom and Ewell Times' official news partner). A full list of the polling stations for the Borough of Epsom and Ewell Council's upcoming 4th May elections can be [FOUND HERE](#).

When many Surrey voters head out to cast their ballot in local elections on May 4 they will go to the village halls, community centres and schools that are often used as polling stations.

But some will visit more unusual locations, including a pub, a theatre and a former home for "vagrants and casual workers" all being used as polling stations.

Local elections are being held in all 11 districts and boroughs across the county, though not all residents will go to the polls.

Some councils, including Elmbridge, Tandridge and Woking, elect their councillors "by thirds", meaning one third of council seats are up for election each time.

Others, including Guildford and **Epsom and Ewell**, hold "all out" elections every four years.

At the Bull Inn, in Warlingham, people voting in Tandridge District Council elections will be able to grab a pint once they are done and drink it in the pub's garden. It is the third time the pub has been used as a polling station, and tea and coffee will be served in the morning with alcohol available from midday.

While voters in Esher, within Dominic Raab's parliamentary ward, will tread the boards of the Esher theatre to cast their vote. A production of City Of Dreams will run at the theatre until April 29, and there is a performance the day after the vote of Cool Britannia Cabaret.

It's not the only theatre to be used as a polling station on May 4, with the **Epsom Playhouse** also being used as a polling station for voters in Epsom and Ewell's Town ward.

Some voters in Guildford will have the opportunity to cast their ballot at the Spike in the borough's Castle ward. The purpose-built home for vagrants and casual workers, which opened in 1906, was built to separate vagrant workers from those within the main workhouse. In 2005, the Charlotteville Jubilee Trust fundraised to rescue the building, after a period of it being used by St Luke's Hospital before its relocation to the Royal Surrey site, and after it was listed as a Grade II building. The Community Centre and Heritage Centre now on the site opened in 2008.

Polling stations on May 4 will be open from 7am until 10pm, and voters should receive a polling card from their district council to let them know which polling station to attend.

It is also the first local elections where voters nationwide will need to show ID in order to be able to vote.

A full list of accepted forms of voter ID is available on the gov.uk website and the deadline to apply for a Voter Authority Certificate is 5pm on Tuesday, April 25.

Epsom's university to go from millions to zero

2 May 2023

UCA Epsom has secured a multi-million-pound fund to meet a Net Zero target. The University for the Creative Arts (UCA) in Epsom has been awarded £4.5m in Government funding to decarbonise heating at its campus.

By harnessing new technologies and increasing onsite power generation, the University aims to deliver more than a 90% reduction in carbon emissions from energy consumption across a ten-year period and meet its commitment to Net Zero carbon emissions by 2030.

Professor Mark Ellul, Chief Operating Officer at UCA, said: *"Since 2007, our investment in energy efficiency and onsite renewables, have halved our carbon emissions despite growing as a university. We are now building on this work to create a step-change in our efforts to reach Net Zero."*

"We are committed to being one of the greenest universities in the UK and this funding is an endorsement of the work we have already undertaken to deliver greener campuses."

Scott Keiller, UCA Sustainability Manager said: *"In the coming months we will be developing our plans, aiming to replace our gas-powered heating with ground source and air source heat pumps by spring 2025. We will also be significantly increasing our solar power generation to reduce our demand on grid electricity and adding sophisticated energy control systems and grid connected energy storage."*

The project will be funded by the Government's Public Sector Decarbonisation Scheme (PSDS) with the University committing a similar amount of funding. The Public Sector scheme was initiated by the Department for Energy Security and Net Zero and it is delivered by Salix Finance.

Director of Programmes Ian Rodger from Salix Finance said: *"The projects at the University of Creative Arts are ambitious and our teams at Salix are looking forward to being part of the University's journey to reach its Net Zero targets."*

"The University has made substantial progress in the last few years in reducing its carbon emissions and this PSDS grant will enable significant further carbon reductions."

"As well as creating greener campuses, the buildings will also be more comfortable for the students, staff and other visitors to use."

Surrey joining up to tackle violence against women

2 May 2023

A new countywide, partnership strategy has been agreed to boost the county's collective efforts to end Violence Against Women and Girls in Surrey. Work will now commence with partners across Surrey on an action plan to support work over the next three-years

The Surrey Partnership VAWG Strategy was developed with the County's key partners, including survivors and communities, specialist service provision, police, education and health, to build upon the extensive work already in

progress to end VAWG, such as our Safer Streets initiative. The response will address VAWG across four pillars: Prepare, Prevent, Protect and Pursue. These pillars underpin four key objectives: prevent violence against women and girls, support victims and survivors, hold perpetrators to account and partnership working.

The strategy frames all crime types we know to disproportionately affect women and girls, such as domestic abuse, sexual offences, and 'honour' based abuse, under the framework of tackling violence against women and girls.

It goes wider to include educating children on respectful relationships, tackling sexism in the office, and harassment and intimidation of women and girls in Surrey's communities. The County recognise that VAWG impacts LGBTQ+, minoritised communities and children and adults with care and support needs in different ways, and the authority will look to collaborate with specialist service provision to ensure an intersectional approach to supporting all survivors, and work to break down additional barriers.

Harnessing the experiences and knowledge of all partners across the County's multi-agency network, the strategy will set out its shared vision, principles, and commitments. The governance framework will ensure accountability and enable effective implementation of action plans by their partners.

Informed by the lived experience of women and girls within Surrey, the work of the partnership will help to empower survivors, help them to feel safe and be safe, hold perpetrators to account and bring them to justice.

Joanna Killian, Chief Executive Surrey County Council said: *"With the launch of our new county wide partnership VAWG strategy we strive to end violence against women and girls in Surrey. The safety of women and girls within our communities is a top priority for us, and we must ensure that they have opportunities to flourish without fear for their safety. For too long abuse, violence, and harmful attitudes towards women and girls has been allowed to thrive, this stops with us. This partnership strategy ensures collective action to tackle all forms of VAWG within Surrey, and we hope to be a beacon of best practice for other counties across the UK. Together, with our residents, specialist services, partners, and the expertise of women and girls, we will achieve our collective goal."*

Voter ID deadline warning

2 May 2023

Epsom and Ewell Times has reported before about anxieties around the new requirement for photo ID for voters at the upcoming local elections 4th May. LDRS reports on anxieties in the Surrey Borough of Runnymede which are no doubt shared in Epsom and Ewell:

Don't leave getting your voter ID for the May local elections sorted until the last minute. That is the message from Runnymede Borough Council's election manager as the deadline to secure proof approaches.

Local elections are taking place this year on Thursday May 4 and this year, for the first time, every voter heading to a polling station in England must show a photo ID in order to cast their ballot.

Councils across Surrey have been rolling out communication pushes as the "last thing they want" is to be turning people away at the polls. Kath Richards is the election manager for Runnymede Borough Council. She said: "The deadline to apply for voter id is April 25 at 5pm. After the 25th there is nothing they can do. My concern is people will leave it until the last minute. The nearer the election day they've got to rely on the post. If they leave it they might have to collect it themselves. We don't know if there is going to be a rush."

There are a host of valid IDs that will be accepted on the day, including expired official documents such as passports, so long as there is still a strong resemblance to the photograph.

Those who do not own an accepted ID can apply for what is known as the free Voter Authority Certificate - a fast track card that will allow people to vote.

However, the deadline to apply is fast approaching leading to fears some may leave it too late. Applying for the voter card can be done online. Residents upload a photo of themselves and it lands with the council where it is then checked to ensure the person is who they say they are.

After that it is sent to a printing company in Sunderland before being posted back to people's homes.

So far Runnymede has received about 60 applications - which have come through 'in dribs and drabs' despite the communications push that saw notices go up on bins, banners and through people's doors.

She said: "We don't want people to turn up on the day and not be able to vote because they've not got the right information. The ID needs to be an original document. I've got a picture of my passport on my phone but I can't use it. I can be an out of date passport as long as the picture bears a resemblance. If you still look like the picture in your passport it will still be accepted. I don't want to be in a position where somebody says they don't know about it. The last thing we want to do is turn people away."

She estimates that there are between two and eight per cent of the voting population who do not have a valid photo ID.

Not a massive figure in a population of about 60,000 voters but enough to potentially swing the balance in wards where there is a small majority.

Accepted forms of photo ID:

You can use any of the following accepted forms of photo ID when voting at a polling station.

International travel

Passport issued by the UK, any of the Channel Islands, the Isle of Man, a British Overseas Territory, an EEA state or a Commonwealth country

Two Epsom brownfield developments?

2 May 2023

With local controversies about the draft **Local Plan** eyeing up **Green Belt**, **Epsom and Ewell Borough Council** soon decides on two Town proposals. LDRS reports:

Plans for a care home on the site of the former Epsom police station and ambulance station are set for refusal by councillors. The planned building, a 96-bed care in Church Street in Epsom, would be over three to five storeys, but council officers have raised concern about its “overly-domineering” impact on the surrounding area.

A meeting of Epsom and Ewell Borough Council’s planning committee on Thursday (April 20) will make a decision on the application.

The 96 bedrooms in the proposed home would provide nursing, residential and dedicated dementia care, and would have en suite wet rooms.

There are 20 listed buildings in the The Church Street Conservation Area, which wraps around the south and west ends of the site. Officers said the scale, form, design and materials of the plans would cause “cause less than substantial harm” to the nearby listed buildings including Hermitage (Grade II Listed), Ashley Cottages (Grade II Listed) and The Cedars (Grade II* Listed).

A council report into the care home said the building would “represent an overly domineering and incongruous addition that would fail to integrate with the prevailing character and appearance of the area”.

Concerns were also raised about the future of trees on the site including a cedar and a lime tree during excavation works for the development.

At the same meeting, councillors should make a decision on a plan for 20 homes in a five- and six-storey development on the corner of West Street and Station Approach in the town.

The plans, which would include just two affordable homes and five parking spaces, received 51 letters of objection raising concerns about the impact on the character of the town, and the loss of the existing building.

Officers have recommended the plans be approved, which would include the demolition of the current 1905 building which was originally a corn and coal merchants.

The redevelopment of the former Gillespie’s Bakery building has been objected to by the county council’s highways authority, because of the need to reduce the width of the existing pavement and cycle path.

Under a previous application, the highways authority had not objected to plans, but since then a stronger policy had been adopted to improve travel methods for pedestrians and cyclists, leading to the objection.

Despite the five car parking spaces not meeting the council’s guidelines for parking, an officers’ report said: “The site is in a highly sustainable location with access to a number of public transport modes and the displaced parking can be accommodated in adjacent public car parks and via on street parking.”

The two affordable homes in the plans also fall below the council’s affordable housing recommendations, but a 40 per cent provision would “substantially affect the overall viability of the scheme”, according to council documents.

The meeting will take place on Thursday, April 20 at 7.30pm.

Full list of candidates for Epsom and Ewell Council

2 May 2023

Epsom and Ewell residents will go to the polls on May 4 to elect their councillors for the next four years.

All 35 seats on the council are up for election in Surrey’s smallest borough, and elections are taking place at the other ten lower-tier authorities in the county as well.

The election at Epsom and Ewell Borough Council comes just six weeks after members voted for a pause to the plan for homes in the borough in order to re-consider the inclusion of green belt sites such as Horton Farm being used for homes.

The council is currently led by Residents’ Association councillors and has been since it was founded in 1938. Residents will elect councillors to 14 wards this year, with a new ward added in Horton.

Below we list all the candidates standing across the borough:

Epsom and Ewell tenants paying for energy inefficient homes?

2 May 2023

55% of inspected rented homes in **Epsom and Ewell** are below Grade C in Energy Performance ratings. Landlords are required to obtain Energy Performance Certificates for their rentals. To obtain a certificate an independent expert must inspect the property. In an analysis of inspections across the country between 2018 and 2022 Epsom and Ewell's figures are consistent with the country average. 5% of those below grade C are not going to be able to rise to a C grade in the future because of structural limitations.

The Government has plans to make a C grade mandatory for all rental properties from 2025. The most energy efficient homes are graded A and the worse G. Those tenants living in sub C standard homes are paying more for their heating due to poor insulation. Insulation was the most frequently recommended improvement measure for private rental properties, making up 35% of all recommendations. On average tenants could save one third on their fuel bills if landlords brought their properties up to the C grade.

Inspections for EPCs involve an assessment that looks at heating, windows and doors, insulation and other structural factors, estimating how much it will cost to heat and light the property, what its carbon dioxide emissions are likely to be and how to improve the rating.

Jonathan Winston, occupier support manager at the **Carbon Trust** said “14% of UK emissions arise from residences, homes. That means the reductions that need to be made there are very significant in order for the UK to meet its legally binding net zero target by 2050. The emissions are quite difficult to tackle, particularly around heating. There’s a major need to decarbonize our heating sources.”

Chris Norris, Director of policy at the **National Residential Landlords Association** said “I think there’s an awful lot of misunderstanding and uncertainty about what landlords need to do in terms of energy efficiency.

“But the future proposals are to get to a C or above, because the Government have got this Net Zero target for 2050. The problem is, they consulted on those new rules about three years ago, they closed that consultation two years ago in January 2021, and they’ve never actually confirmed what new rules will be.

“You’ve got lots of landlords that are actually quite open to making changes to their properties, or making decisions at least about what they need to do, but they really don’t know what path to take and they can’t commit to those spending decisions until we find out exactly what the Government wants to do.”

He added: “At the moment the Government is doing very little to support landlords to make these changes. They’ve not even given us the target or the deadline for what we’ve got to do.”

Rachelle Earwaker, senior economist at the **Joseph Rowntree Foundation**, said: “Living in a home with a poor EPC rating has a range of impacts on the tenants. Homes are colder, often damper. They are much more expensive to heat. At the moment in the energy crisis, that has had a massive impact.

“What our research has shown is that 35% of low income private renters across the UK said they couldn’t afford to keep their homes warm even before the recent winter that we’ve just had, and we know that a quarter were in arrears with the energy bills in October and November, again before the winter.”

Beginning to line up for local elections

2 May 2023

A new Epsom and Ewell Borough Council will be elected on the 4th May. All 35 seats in all 14 wards are open to the competition. Epsom and Ewell Times is providing every candidate standing the opportunity to have published on these pages details of their candidacy and a short statement why they are standing.

The candidates are listed strictly in order of receipt of their details.

[CLICK HERE](#) for the Epsom and Ewell Times guide to all candidates – as it stands today.

When nominations close and the official list of candidates is published our list will be verified. We are not responsible if any candidate chooses not to provide details but we will endeavour to include the names and parties represented of all candidates after the official lists are published.

Candidates can supply their details via Form of entry for candidates.

You may find useful this EBC official map of the Wards. You should have posted to you a polling card stating in which ward you live and are eligible to vote for.

The new ward of **Horton** and the three most closely contested wards in the last election of 2019 will each have a hustings organised by Epsom and Ewell Times as follows:

Wednesday 26th April:

3rd Scout Hall, Epsom Methodist Church, Ashley Road. Epsom, KT18 5AQ

4th May Surrey goes to the polls

2 May 2023

Election day in Surrey takes place on May 4 this year but because of the way the county is broken up, not every poll will be the same. Surrey operates under a two-tier system, so there is a county-wide council that sits atop of 11 boroughs and districts. On May 4 it's the boroughs and districts that go to the polls.

But even the boroughs and districts are holding different types of election. Surrey Heath, Spelthorne, **Epsom and Ewell**, and Guildford will have all out elections, where every councillor, in every ward will be decided on election day. The same process is also happening in Mole Valley and Waverley, although this is because of boundary changes.

In Mole Valley there will be 13 new wards, down from 21, represented by 39 seats rather than the previous 41. Waverley too has undergone major changes and instead of returning 57 members there will now only be 50 councillors. The remaining five boroughs and districts, Elmbridge, Tandridge, Runnymede, Reigate and Banstead, and Woking will be going out in thirds.

This year will also be the first time people will be required to show photo ID to vote in person.

In previous elections, residents of Woking have taken part in the Government's photo ID pilot tests. The law was changed last year so that voters have to show photo ID before being issued a ballot paper in polling stations for general, local, police and crime commissioner elections, or any future referendum.

Register to vote deadline for elections

2 May 2023

The deadline to register to vote in May's local elections is approaching. Those who need to register, including those who have recently moved house, need to do so before midnight on April 17.

Local elections are being held on May 4 across the country, including for councils across Surrey.

All 11 district and borough councils in Surrey are holding elections, some for a third of their councillors and some for the whole council. There is also a by-election for Surrey County Council in the Walton South and Oatlands division, following the resignation of Cllr Tony Samuels.

Councils have started sending out poll cards to voters, anyone who has not received one or who has recently moved may not be registered to vote.

Registration should take around five minutes on the gov.uk website, and though people may be asked for their National Insurance number, it is possible to register without one.

Registering anonymously is also possible for those who do not want their name to appear on the electoral register.

May's elections will be the first where all voters will need to bring photo ID to vote, with only certain forms being accepted. Those without the necessary photo ID, which includes passports, driving licence and an Oyster 60+ Card, can apply for a free voter ID document.

While online registration is the quickest way, voters can also print off a paper form to be sent to their local Electoral Registration Office, which is the relevant district or borough council.

To check if they are registered to vote, voters also need to contact the electoral services team at their local council.

Voters must be aged 18 or over on election day and be a British, Irish, European Union citizen, or Commonwealth citizen with permission to enter or stay in the UK, or who does not need permission, as well as being registered to vote.

Surrey sleep specialists supported

2 May 2023

The **University of Surrey** has been awarded £1.7 million to further research into the sleep and circadian rhythms of people living with dementia.

Disturbed sleep is a common symptom for people living with dementia, but it is not known how and to what extent sleep disturbance exacerbates the disease.

Led by **Professor Derk-Jan Dijk**, the team at Surrey will expand their innovative programme of research that is using new technologies to non-invasively monitor and improve the sleep of dementia sufferers. The research is conducted in close collaboration with **Imperial College London** and the **Surrey and Borders Partnership Trust**, as part of the UK Dementia Research Institute (UK DRI).

Professor Derk-Jan Dijk, Director of **Surrey Sleep Research Centre** (SSRC), said:

“People living with dementia often have issues with sleep and, often, their memory is seemingly worse after a bad night. Good quality sleep is integral to our cognitive health, and now we need to test whether improving the sleep of those living with dementia will slow down the progression of the condition and preserve an individual’s memory for longer. To assist with this, we have the opportunity to use new technologies to both monitor and potentially improve the sleep of dementia sufferers over an extended period, in a way that is non-intrusive and supportive to people living with dementia and their carers.

“This award is invaluable in helping us to continue our work and I am grateful to the UK DRI, the Medical Research Council, Alzheimer’s Research UK and Alzheimer’s Society for making this possible.”

To learn more and ultimately improve the sleep of those living with dementia, researchers are applying digital health technologies that can sense movements and physiological signals of individuals whilst they sleep. This combined with mathematical modelling, machine learning, video analysis of sleep behaviour and molecular biomarker approaches, will yield a comprehensive understanding of the relationship between sleep, circadian rhythms, symptoms and disease progression in people living with dementia.

Professor Dijk added:

“A major advantage of the novel digital technologies we’re working with, many of which are contactless, is that they pose very little burden on the participant and can be used to monitor sleep and circadian rhythms in the home environment for weeks, months and years.”

The Surrey team will also continue to test new interventions to improve sleep. Interventions to be tested include changing brain oscillations through delivery of precisely targeted auditory stimulation during REM sleep (a sleep stage thought to be particularly important for brain function) or improving the light environment to boost circadian rhythms.

Professor Paul Townsend, Pro-Vice-Chancellor and Executive Dean of the Faculty of Health and Medical Sciences at the University of Surrey, said:

“Congratulations to Professor Dijk and the team of researchers from across the University in securing this fantastic award. This is testament to their hard work and dedication in this field.

“This year marks 20 years of the Surrey Sleep Research Centre which continues to go from strength to strength and cements our position as a global leader of sleep research.”

Fiona Carragher, Director of Research and Influencing at Alzheimer’s Society and a Surrey alumni, said:

“As a founding partner and funder of the UK DRI, we are very proud of what the Institute has achieved since its launch in 2017. We congratulate everyone involved in placing it on the map as a global leader in dementia research and for the great impact it has had so far. This has included critical research into developing new diagnostic tools to ensure people living with dementia receive an early and accurate diagnosis, potentially giving them access to one of the disease-modifying treatments we hope to see emerging from the clinical trials pipeline in the coming years.”
