

Community urged to help restore nature in Surrey

20 July 2024

Surrey County Council is seeking support from residents, businesses and community groups to help shape a new 'Local Nature Recovery Strategy' (LNRS).

Developed with partners, the strategy will set out a roadmap for the restoration and enhancement of Surrey's natural environment, ensuring that it is sustainable now and for future generations.

Marisa Heath, Cabinet Member for Environment at Surrey County Council said, *"We are at a crucial, formative stage of a plan that we hope will create an environment where wildlife can truly thrive in Surrey.*

"To ensure that everyone embraces the LNRS and to maintain momentum in taking action to help nature, we want to make sure that as many people as possible are involved right from the start. That's why we encourage and welcome insight and opinion on what people want from their natural environment. Whether it's more flower rich grasslands buzzing with life, or a new woodland on your doorstep that will provide future generations with dappled shade and homes for our precious wildlife.

"A healthy natural environment provides us with so many undervalued benefits from clean breathable air to protection from the worst effects of climate change such as flooding or drought. Please do get involved and help us shape this vital plan."

Residents are encouraged to have their say by completing the **online survey** or by attending the in-person 'Surrey Nature Day' event on 28 September 2024. Held at West Horsley Place, the free, family celebration of nature in Surrey will feature performances of an original play, *Wild Walks* - produced, directed and performed by Guildford Shakespeare Company. More information and booking can be found on the **online survey page**. Other events will also be advertised here.

Surrey is one of 48 local authorities nationwide given responsibility for this work by DEFRA, addressing the current nature crisis in England, funded by UK Government.

For more information, see **Have Your Say Today - Local Nature Recovery Strategy - Commonplace**.
