Criminal car park QR codes wrong on many levels

4 February 2025

Fake QR codes, used to scam motorists into giving away their bank and card details, have been found in Guildford car parks.

The scam codes have been placed on payment machines, signs or barriers in an attempt to defraud people into thinking they are making genuine payments, Guildford Borough Council has warned.

Not only are the unsuspecting drivers handing over private details to the scammers but they are also putting themselves at risk of collecting a fine for not having a valid parking ticket.

The council has issued a warning to help people from getting caught out and said it does not use any QR codes at its car parks – so if you see one it’s a scam.

Lead councillor for commercial services, Councillor Catherine Houston, said: “We are aware of the increase in QR code parking scams across the country and I want to reassure residents that our teams regularly inspect our car parks to keep them safe and free from fraudulent activities.

“Criminals are becoming increasingly sophisticated in their methods so if you do spot a QR code in one of our car parks, please don’t scan it; report it to the council instead.

“By raising awareness of such scams, we help to protect drivers from being misled so that residents and visitors can use our car parks in confidence.”

Once scanned, the codes take people to a fake website that asks for credit and debit card information, mimicking genuine payment providers.

The council has now placed signs within all its car parks explaining to only use the RingGo app and to not use any QR codes found.

It has also pledged to remove any codes found with its enforcement team carrying out daily checks.
