Epsom and Ewell MP’s Christmas message

20 December 2023

This has been a particularly challenging year for many people locally, and so in my Christmas message I want to pay particular tribute to all of those working for local voluntary groups who do so much to help those who are struggling. We are very fortunate to have so many people locally who are willing to give up their time to help the multitude of local charities and other groups who make such a difference.

You may remember last year that I worked with Citizens Advice and the Good Company, which runs the local foodbank, to provide extra support for people struggling with high energy bills. Thanks to the generosity of local people we raised around £50,000 to help those who needed it. The Epsom and Ewell Energy Support Scheme provided help to local families who were struggling with energy bills to make their homes more energy efficient. In total so far the scheme has helped nearly a thousand people with short term financial help, energy advice and the purchase of low energy appliances. This is what some of those who took part said afterwards.

- *“I found the workshop very helpful and really enjoyed talking to the other participants, sharing tips on how to save energy. The takeaway tips are also very informative. Thank you so much for your kindness and giving me really useful information about the cost of energy and how to reduce usage and keep warm and safe this winter, which like many people has been scaring the life out of me.”* (Denise, group workshop)
- *“The scheme is very helpful and opened my eyes to certain areas of wasted electricity in my home. I certainly think more about what appliances are on and what we don’t need to use…. Have already used air fryer and not had oven on for a few days. Great help, thank you.”* (Tim, 1-to-1 consultation)
- *“I found the consultation very helpful – definitely more conscious of how you can save money… Because of my mental health, I find phone calls to these big companies very daunting, and they kindly offered to sign me up to a friendlier way of getting through with a specialist team if I need to get in touch… Thank you also for the top up and offer of appliances to help me save on my bill. So grateful for the opportunity.”* (Michele, 1-to-1 consultation)

We are running the scheme again this winter, and would be very grateful for contributions, however small. Details of the scheme and how to contribute are at www.justgiving.com/campaign/epsomewellenergysupportscheme

This will be my last Christmas message as your local MP, as I am not standing again at the election. But I will be there doing what I can to help with local issues right through to the election as always.

In the meantime, though, I hope that you and your family have a good Christmas and that 2024 proves to be a good year for everyone.

With best wishes

Chris Grayling
