Nescot's gas and plumbing apprenticeship provision has been awarded a City & Guilds End Point Assessment (EPA) plaque for excellence in apprenticeship delivery.

Elizabeth Akinlaja, City & Guilds Business Development Manager for London, Kent & Sussex, officially presented the award to Principal and CEO, Julie Kapsalis and the plumbing team at the college this week (Monday 22 September). She said: "Congratulations Nescot, it was a pleasure presenting the City & Guilds EPA Excellence plaque to the apprenticeship team. This award is for their dedication and commitment in supporting learners on their Building Services Engineering (BSE) apprenticeship provision, which has resulted in outstanding first-time pass rates, especially in plumbing, an area facing significant skills shortages. Well-done to everyone involved for making such a positive impact!"

Learners on the gas engineering apprenticeship, part of the plumbing apprenticeship department at Nescot achieved a 94% first time pass rate.

The award recognises excellence in Nescot's EPA delivery, which is the final stage of an apprenticeship designed to validate an apprentice's knowledge, skills, and behaviours against the required apprenticeship standard. It signifies the high quality and standard of the college's apprenticeship training, and celebrates the plumbing apprenticeship department's successful and impactful EPA achievements.

An EPA Plaque from City & Guilds is an award given to colleges and training providers to recognise their high-quality apprenticeship delivery and the success of their apprentices. The plaque highlights consistent excellence in End-Point Assessment (EPA) performance, based on factors like high pass rates and a large number of Distinction grades achieved by apprentices.
