

Epsom based Toyota raises £1/2m for MND

28 March 2025

Toyota has raised more than £500,000 to support people living with and affected by motor neurone disease (MND). It has also extended its partnership with MND Association for a further two years, into 2027.

Toyota joined forces with MND Association in 2021. The charity was chosen by the company's staff in memory of a much-loved colleague, Rachel Rollason, who suffered from MND, a terminal neurological condition that affects up to 5,000 people in the UK at any one time.

Since then, colleagues from Toyota (GB), Toyota Financial Services, Toyota Insurance Services and KINTO UK, have pushed themselves to the limits in a variety of fund-raising activities including taking part in marathons, a cycling challenge from Portsmouth to Newcastle, a Tough Mudder and a 100km walk along the River Thames which raised more than £120,000 in just two days.

Tanya Curry, MND Association's Chief Executive, said: "We are delighted that Toyota has chosen to extend its partnership with us. We are so grateful for everything they have done to support our work over the past four years, whether that's by volunteering, training to take part in an event, or fundraising. Thanks to Toyota, we have been able to provide support grants for life-changing wheelchair adaptations, while pushing forward with ground-breaking research into potential new treatments for this terrible disease. Over the next two years, the strong partnership between our organisations will continue to grow and allow us to accelerate progress in the fight against MND."

Scott Thompson, Toyota (GB) President and Managing Director, said: "I'd like to thank our staff for their efforts in helping us reach our fundraising target of £500,000. We already have plans for further fundraising, for example next month four senior team members: Jason Milton, Rob McKendrick, Carla Henson and Dariusz Mikolajczak, will take part in the London Marathon."
