Epsom & Ewell Borough Council Green Guide

14 November 2025

Epsom & Ewell Borough Council is proud to launch its Green Your Home Guide to help residents take simple, everyday actions to contribute to a healthier environment and help combat climate change. The guide offers practical advice and tips for making small changes that collectively make a big difference.

The initiative empowers individuals and households to take ownership of their environmental impact through easy-to-follow steps. From reducing waste and conserving energy to choosing sustainable transport and supporting biodiversity, the guide highlights how everyone can play a part.

The Green Your Home Guide is being rolled out as part of Epsom & Ewell Borough Council's Climate Change Action Plan 2025-2029, which has already helped reduce the council's operational emissions by 16% since 2019/2020. This is part of the council's commitment to becoming carbon neutral by 2035.

Councillor Liz Frost, Chair of the Environment Committee, said:

"This guide is about showing people they don't need to make radical changes to their lives to make a difference. Simple, ongoing changes—whether building on existing efforts or starting something new – can have a meaningful, long-term impact. From making homes more energy efficient, to planning wildlife-friendly gardens, and investing in systems that reduce reliance on fossil fuels, every step counts. We want residents to feel confident and motivated to take action, and we hope the guide supports their decision-making along the way."

The Council's Green Your Home Guide is available here – Green Your Home Guide | Epsom and Ewell Borough Council

About Epsom & Ewell Borough Council's (EEBC) Green Your Home Guide

The council's Green Your Home Guide explains a number of ways residents can improve their property and garden, helping homes work with nature and reduce their household carbon footprint. Topics include: Insulate to end heat waste; generate green energy with renewable technology; let it drain with permeable driveways; go ahead, go electric; lights out to help nocturnal wildlife; mind the gap to save hedgehogs; give nature a home; save our streams with water butts; turn scraps to soil by composting; turf for earth; wild your garden with diverse, native landscaping; plants for bees; plants for butterflies; plants for birds; plant for the planet: plant new trees and keep existing ones. Green Your Home Guide | Epsom and Ewell Borough Council

About EEBC's Climate Change Action Plan including progress so far

In 2020, the council's first Climate Change Action Plan (2020-2024) was developed, setting an ambitious target of becoming carbon neutral by the year 2035. It set out plans to implement a range of measures to reduce the council's own emissions as well as promoting good practice throughout the borough. The council has since adopted its second Climate Change Action Plan 2025-2029. The plan is a living document which will be reviewed and updated over time. About EEBC Biodiversity Action Plan 2020-2030

The council's local Biodiversity Action Plan is a long-term plan aimed at protecting, maintaining and, where possible, enhancing biodiversity at a local level, taking into account both local, regional, national and sometimes international priorities. Epsom and Ewell Borough Council – Biodiversity
