

Eat Outside the Box Food & Culture Festival

9 April 2024

Eat Outside the Box festival is a local community event centred around a unique amalgamation of creativity, food and culture in Bourne Hall in Ewell. As a team, we aim to provide the people of Surrey with a brand-new style of event, celebrating community cultures through immersive food experiences and activities; a food festival like you've never seen done before.

Creative demonstrations, workshops and interactive games will span the day, targeted towards a vast range of attendees, as well as performances from local rising music artists and educational foodie speakers.
