

## From Patient to Professor

### Online Zoom Talk

Dan Jacobson was a teenage inpatient at Long Grove Psychiatric Hospital for four months in the years just before its closure in the 1990s. This talk will explore the geography and history of the Epsom Cluster of psychiatric hospitals, weaving together his personal and professional journey - from a patient to becoming a professor. What was it like on the wards of the hospital? Dan is going to discuss negotiation and treatment for mental illness. These experiences will be used to reflect on his ongoing research into the changes to the landscape within and surrounding the former hospital sites.

Dan Jacobson, PhD, is an Associate Professor of Geography at the University of Calgary, Canada.
