The Surrey Philharmonic Orchestra is delighted to present a feast of Mozart & Beethoven at our concert on 21st November.

We begin with Mozart's famous 4 minute Overture to the Marriage of Figaro. This exciting piece is full of romantic & comic themes which are passed around the various orchestral instruments.

Staying with Mozart, the piano concerto no. 23 is one of his most lyrical. Finished in 1786, this concerto was composed during one of the saddest moments of his life, when he was alone & jobless.

Beethoven's 2nd symphony is upbeat and energetic, despite being composed in 1802 while he struggled with growing deafness.
