Free trees for Epsom and Ewell residents

7 November 2025

Surrey residents are being invited to collect free trees later this month, as part of Surrey County Council's drive to plant 1.2 million trees by 2030 – one for every resident.

A total of 4,000 native trees will be given away at community recycling centres (CRCs) around the county, including Leatherhead – the nearest collection point for Epsom and Ewell.

The giveaway will run from 9am to 4pm on **Friday 28 November**, **Saturday 29 November**, and **Monday 1 December** at seven CRCs: Chertsey, Cranleigh, Dorking, Earlswood, Leatherhead, Shepperton and Witley.

The closest to Epsom and Ewell is Randalls Road, Leatherhead, KT22 0BA. Tel: 01372 375 479

Each visitor can collect one free small or medium-sized native tree, such as crab apple or hazel, along with aftercare guidance. Trees should be planted within seven days of collection.

To manage demand and avoid disappointment, advance booking is essential. Residents can reserve a date and location online through Surrey County Council's website.

Marisa Heath, Surrey County Council Cabinet Member for Environment, said: "Our tree giveaways are always popular events, so it's really important that anyone wishing to attend books in advance. By collecting a free tree, you will be helping us with our ambition to facilitate the planting of 1.2 million trees, one for every resident by 2030. Since our pledge in 2019, 768,332 trees have been planted and we couldn't have done this without the ongoing support from schools, communities, businesses and residents, and of course the volunteers who have helped with the planting itself."

She added: "Planting a tree in your garden not only helps us tackle the impact of climate change and improve biodiversity, but you will be part of a Surrey legacy."

Trees help ease the effects of climate change by storing carbon, preventing flooding, and improving air quality and biodiversity. The county council's Tree Strategy aims to ensure the "right tree is planted in the right place" and that young trees are properly cared for as they establish.
