

# LibDems call “Love All” for local tennis

7 February 2024

With charges pending for using **Epsom and Ewell Borough Council** tennis courts the local LibDems ask for free sport for low income players.

In a bid to bolster recreational opportunities and promote an active lifestyle within the community, Epsom & Ewell Borough Council has joined forces with the **Lawn Tennis Association** (LTA) to revitalize public tennis courts across the borough.

The LTA has pledged £26,650 towards the refurbishment of a dozen tennis courts spread across key recreational areas including Auriol Park, Alexandra Recreation Ground, Court Recreation Ground, Gibraltar Recreation Ground and Poole Road Recreation Ground.

The initiative encompasses a comprehensive upgrade plan featuring state-of-the-art gate access technology, the implementation of a user-friendly online booking platform, and court enhancements geared towards ensuring top-tier facilities for local residents.

Beyond the infrastructural improvements, the partnership also promises an array of activities catered to all age groups and skill levels. Weekly complimentary tennis sessions, inclusive of equipment provision, will eliminate barriers to entry, fostering inclusivity and accessibility. Additionally, Local Tennis Leagues will host friendly competitions, promoting a sociable and active lifestyle within the community.

The Council will roll out a ‘pay as you play’ scheme across all tennis courts in the borough, slated for implementation in the coming year. The generated revenue will be reinvested to maintain and enhance the borough’s tennis infrastructure, ensuring its longevity for future generations.

Cllr **John Beckett**, (RA Auriol Ward) Chair of the Environment Committee, expressed enthusiasm over the collaboration, emphasizing its significance in bolstering community well-being and fostering a culture of physical activity. He lauded the forthcoming free coaching sessions as pivotal in diversifying tennis participation across socioeconomic backgrounds.

**Julie Porter**, Chief Operating Officer at the LTA, echoed Beckett’s sentiments, highlighting the project’s alignment with the UK Government and LTA’s Parks Tennis Project. She affirmed the commitment to providing enduring tennis facilities, thus broadening access to the sport.

In response to the impending introduction of charges for tennis court usage, Cllr **James Lawrence**, (LibDem College Ward) has launched [a petition](#) advocating for free access for disadvantaged groups. The petition proposes complimentary access for children during weekends and school holidays, as well as free usage for households receiving council tax support and other benefits.

The petition underscores the importance of preserving equitable access to public amenities, particularly for vulnerable segments of the population. As the council deliberates on the matter, stakeholders await a decision that balances fiscal responsibility with social inclusivity, ensuring that tennis remains an accessible pursuit for all within the community.
