Nominate heroic businesswomen of Epsom and Ewell

A new scheme entitled "MP HERoes", In Partnership with NatWest and Supported by the Women & Enterprise All-Party Parliamentary Group has been introduced.

A cross-party Parliamentary programme that celebrates local women-owned businesses throughout the UK. MP HERoes enables each MP to highlight the vital contribution of women entrepreneurs to the local economy and beyond, generating positive PR for the business and for the nominating MP.

By nominating a woman business owner in the Epsom and Ewell Constituency, the goal is to create and celebrate local role models and encourage other women to start and grow a business. All HERoes become part of the MPH community, with regular events and workshops both online and in person, which support the business owner and their business.

Helen Maguire, Epsom and Ewell's new MP, can nominate a local woman business owner from any sector or industry, the only requirement is they are based in your constituency.

If you wish to suggest someone to Helen Maguire email helen.maguire.mp@parliament.uk

NB There is no closing date, business owners can be nominated throughout the year.

Points you may wish to consider when nominating your HERo woman business owner

- established in the area
- provides a useful product or service
- employs local people
- supports the local community

What happens next

We contact the business to let them know about the Award. It's not a competition, all MP HERoes nominated businesses (one per constituency) are award-winners and welcome within the MPH community. The MPH Award runs across 2-years, currently 2024/25.

Next steps for MPs

Once the business is confirmed, each MP and their HERo is featured on www.mpheroes.com and highlighted throughout the local press and on social media. It's great for the business, the local economy, and an opportunity for MPs to promote their support for local business.

Celebration and Awards event at Westminster - 3.00pm November 20, 2024

MPs and their HERoes are invited to a celebration event at Parliament during Global Entrepreneurship Week. A Certificate is presented to each HERo and we hope as an MP you're able to pop in during the afternoon to grab a photo with your business HERo. Should you nominate a business in the next year, the next Celebration takes place in spring 2025.

Epsom and Ewell see more red in away defeat

Abbey Rangers 2-1 Epsom and Ewell FC. Combined Counties League - Premier Division South. Saturday 26th October 2024.

Eleven months ago we visited Addlestone Moor and lost 2-1 in a controversial match that contained three converted penalties. This latest visit ended with the same scoreline, although this time we had to finish the match with nine men and still nearly got a draw out of it.

Arguably this match was less controversial than that previous encounter at the Moor, despite the dismissals, which it was hard for anyone to argue with. The match programme referred to some nasty games in the past between the clubs, and that things had mellowed somewhat since then, but this one was a typically old school niggly Abbey v Epsom match; full of commitment and plenty of solid challenges that the referee did his best to keep a lid on, even towards the end when things began to get a bit

fractious.

In terms of personnel we made five changes. Dan O'Donovan came in between the posts for Faebian Witter, while Niall Stillwell and Callum Wilson returned at the back in place of the injury-hit Ethan Brazier and David Romer. Further forward Luke Miller came in on the left wing, requiring Ethan Nelson-Roberts to drop back and leaving Kionte Gillfillian-Waul on the bench. Finally, it was great to see Will Kendall back in the line up after spending a lot of time abroad recently. Although not match-fit yet, his return to the squad will boost our striking options and was particularly timely as I was advised that Carl Oblitey was at a wedding, so he slotted straight in without any significant change to our formation. For Abbey Rangers, there were a couple of former Salts in the line up in keeper Shay Honey and left back Jerry Antwi, the latter of which had had a couple of spells with us in recent years.

The tone for this match was set as early as the third minute when Stillwell put in a thumping and completely fair challenge out on the touchline, although a few minutes later he received a yellow card for a handball that would have repercussions for him later on. On the quarter hour mark Ali Fofahan, operating on the right wing to start with, skewed a cross which then became a shot, although Honey was ready and caught the ball on the goal line. Our former keeper also had to be alert to punch a near post Adam Green corner away, while at the other end O'Donovan was able to deal fairly comfortably with a long range effort.

In truth, this was the pattern of the first half, with very few real chances as both teams looked fairly secure at the back. However, it was from one of these that the hosts too the lead as a nice move ended with Finley Warren who rode a couple of challenges and drilled the ball low to O'Donovan's right from just inside the penalty area to open the scoring in the 29th minute. It nearly got worse as Jordan Ikala robbed Anthony Nazareth and ran through on goal, trying to curl the ball left footed around the advancing O'Donovan, which he was able to do from thirty yards, only to see the ball strike our post and go out for a goal kick.

In response a Miller header set up Kendall for a chance that he hooked just over the bar on the turn from twelve yards and in the final minute of the half Nelson-Roberts tried his luck from around thirty-five yards out at an angle, but Honey was alert to tip the ball over for a fruitless Epsom corner. We went in at the break trailing by that single goal, despite the match being very even to that point.

We re-started the brighter of the two teams and Miller saw his cross/shot from a narrow angle tipped over, but the game soon settled into the same pattern as the first half with both teams cancelling each other out and restricting goal scoring opportunities, but things took a turn for the worse in the 61st minute when a long ball caught O'Donovan out badly and despite being some twenty-five yards out from his goal, he chose to stop the ball from going over his head with both hands, incurring the fairly obvious red card as a result. It was impossible to argue with this decision and of course led to the next question of who would replace him? Kailan North was the man for the job and he took over the role to become our first outfield player in goal since Nick Wilson against Hailsham Town in February of 2023.

Despite the player disadvantage, the match continued to be fairly even in front of an attendance that was advised as 43 by Football Web Pages and 59 by the FA Full Time site, even though there were around 80 in attendance! Abbey clearly decided they were going to test the "new" keeper out and a few long range efforts were sent in North's direction, although he dealt with them fairly well, particularly a free kick that he kept out at the near post after Green had taken one for the team by bringing down an Abbey attacker just outside the penalty area.

We changed our formation in the 75th minute and gambled with three at the back with Nelson-Roberts in a more advanced role, but the home side began to create more opportunities. Green did really well to get in the way of a powerful strike in goal for a corner, but the subsequent set piece was pulled back to Brad Marshall who struck the ball powerfully past North at the near post from twenty yards to give the hosts a two goal lead in the 78th minute.

Conrad Essilfie-Conduah came on in relief of Craig Dundas and we won a free kick just outside the area after a foul on Green that earned Antwi a yellow card. Miller then struck the free kick around the wall, forcing Honey to make a good save, but the ball bounced up off him and struck the retreating Marshall squarely in the chest and sending the ball over the line before he could clear it to reduce the arrears in the 84th minute. Marshall had scored at both ends in the space of just six minutes!

This was the fourth own goal in our favour in the last eight matches, but our chances of forcing an equaliser were hampered when the home side broke away and Stillwell was adjudged to have brought him down. It looked from where I was standing as though he got the ball, but he also appeared to get a part of the player too and the second yellow card was inevitable once the referee had deemed the challenge as a foul. Both of our players will miss the Sheerwater League match next Saturday. For those who love their stats, this was the tenth time in our history that we had been reduced to nine men, the most recent of which came on that infamous day at Dorking Wanderers Reserves back in December 2021. These were our fifth and sixth red cards of the season already though, and maybe we need to give a little bit more thought to our discipline going forward as we are already over half way to passing our rather high club record of eleven in a season.

Ikala sent a good opportunity high and wide from a good position, while another home forward picked up a yellow card for a blatant dive and we nearly levelled it up in the seventh and final minute of injury time when a Miller free kick was deflected for a corner, from which Honey punched the ball clear at the second attempt. On another day we might well have got that equaliser too, and it is hard to argue that Abbey Rangers truly earned all three points here on the balance of play, but they managed to keep all eleven players on the pitch and for that reason alone, they deserved the points more than we did.

This was our first defeat in eight matches and whilst all four of the League contests in that sequence have been draws, it is now six Combined Counties League matches without a win. However, no real harm was done to our position as we currently sit well clear of the bottom two clubs, who both also lost this day. Sheerwater are another of the four clubs below us right now and they will be our next League opponents at the KGF on Saturday, but before then we have a Monday Surrey Senior Cup trip to Carshalton Athletic. We'll definitely need all eleven men for that contest, as we haven't beaten them since 1955!!

Epsom & Ewell: Dan O'Donovan, Niall Stillwell, Ethan Nelson-Roberts, Adam Green (c), Anthony Nazareth, Callum Wilson, Luke Miller, Craig Dundas, Will Kendall, Kailan North, Ali Fofahan

Subs: Jason Bloor for Kendall (73), Conrad Essilfie-Conduah for Dundas (80)

Surrey smokers quitting for free

Ex-smoker Councillor Mark Nuti, Cabinet Member for Health and Wellbeing, and Public Health, visited the One You Surrey stop smoking service to find out how we're supporting smokers to quit.

Around 12% of adults in Surrey smoke, and from personal experience Mark knows that it can be tough to give up smoking. When he visited Stop Smoking Advisors Lottie and Tutua from the One You Surrey Stop Smoking Service, he found that there is lots of support available to help people in Surrey make this life-changing choice.

One You Surrey offer a free quitting service, to help residents make the first step towards a healthier and smoke-free life. With access to free quitting aids, including e-cigarettes, nicotine replacement patches and gum, as well as encouragement and support to guide smokers through their quitting journey, One You Surrey are there every step of the way. One You Surrey offer a personalised service, including 1:1 sessions and online support. Whether this is someone's first shot at quitting smoking, or whether they feel like they've tried it all, the advisors at One You Surrey are here to find what works. Smokers who quit with the help of a stop smoking service are 4 times more likely to quit for good, as Mark found.

Mark told us: "The benefits of quitting smoking make this challenging journey well worth it!" After just 72 hours, you will already be able to breathe better and will have more energy. Your sense of taste and smell will improve, and quitting can boost your mood and help you to feel less stressed. And you could save close to £2000 a year, enough for a holiday or towards a new car."

Smoking Cessation Lead Tutua shared: "Last year we were able to support over 1500 people in Surrey to successfully quit smoking. I love seeing the benefits our clients gain through their time with us, from the positive financial impact of quitting right through to people being able to run around with their children or grandchildren without getting out of breath as easily."

To find out how One You Surrey can support you, or someone you know, in your smoke-free journey, visit https://oneyousurrey.org.uk/programmes/stop-smoking/. It's well worth it!

Opposition Calls for Emergency Council Meeting Over Epsom and Ewell Local Plan

In a move that underscores growing concerns over the future of development in Epsom and Ewell, nine opposition councillors from the borough council have requested an Emergency Full Council Meeting to accelerate the adoption of the Local Plan. The councillors—comprising four Liberal Democrats, three Labour members, and two Conservatives—are calling for the meeting to take place immediately after the Licensing and Planning Policy Committee (LPPC) on 20th November, or alternatively, on the evening of 21st November.

The opposition's objective is clear: to expedite the council's voting on the draft Local Plan to ensure that the next round of public consultation can proceed swiftly. Councillors are particularly concerned that any delays in finalising the plan could subject Epsom and Ewell to new government-imposed housing targets. These targets, outlined by the current Labour government, could increase the borough's required new dwellings to 817 per year, a significant rise from the existing figure.

One opposition councillor stated, "We all know that if the Local Plan fails or is found unsound or non-compliant, we will be subject to the Labour government's new targets, which are 817 dwellings per annum." The councillors are urging the council leadership to act now to avoid this outcome.

Council's Position: Balancing Housing Needs and Green Space

In response, the leadership of Epsom and Ewell Borough Council, led by the Residents' Association, has emphasised the importance of balancing development with the preservation of the borough's character. Councillor Hannah Dalton, Chair of the Residents' Association, spoke recently about the challenge of providing much-needed housing—particularly affordable housing—while safeguarding the borough's treasured green spaces.

Councillor Peter O'Donovan, Chair of the Licensing and Planning Policy Committee, has reiterated that the council is adhering to a clear timetable. The LPPC is expected to review the Pre-Submission Local Plan at its November meeting, following which the next public consultation phase will commence. O'Donovan stressed the need for a robust evidence base to ensure the Local Plan withstands scrutiny and avoids challenges that could delay or derail the process.

The council is also grappling with an increase in homelessness, which has risen by 95% over the past year, further highlighting the need for new housing, particularly for families. Councillor Clive Woodbridge, Chair of the Community & Wellbeing Committee, outlined the council's efforts to mitigate homelessness, including working with private landlords and providing support to those at risk.

The Stakes: Higher Housing Targets and Green Belt at Risk

The backdrop to this debate is the government's proposed revision to the National Planning Policy Framework (NPPF), which includes higher housing targets and reduced protections for Green Belt land. If the Local Plan is not submitted for approval before these changes come into effect, the borough could face the new target of 817 homes per year. For many residents, this raises the spectre of large-scale developments encroaching on green spaces that are integral to the borough's identity.

At a previous LPPC meeting in October, tensions ran high as residents voiced concerns about the potential loss of Green Belt land. The Epsom Green Belt Group, a local campaign organisation, has proposed an alternative plan that focuses on developing brownfield sites instead. They argue that this approach would meet housing targets without sacrificing green spaces.

What Next?

The requested Emergency Full Council Meeting, if granted, would allow all councillors to debate and vote on the draft Local Plan. Whether the meeting will be scheduled remains to be seen, but with growing pressure from both the opposition and the public, the council's next steps will be closely watched.

The stakes are high for Epsom and Ewell. The decisions made in the coming weeks will shape the borough's future, determining how it meets housing demands while preserving the community's much-loved green spaces.

Fresh New Look for Ernest Jones Epsom

Sponsored article:

A refreshed Ernest Jones store, designed for Epsom's shoppers, has opened its doors in the Ashley Centre.

Customers are welcomed into a bright interior, with a host of new features to improve and enhance their shopping experience.

Every aspect of the refurbishment has been thoughtfully designed with local shoppers in mind.

"We wanted our Epsom customers to feel right at home from the moment they enter our store," said store manager, Denise Ducasse.

"As a trusted jeweller with a reputation for quality, craftmanship and expertise, we're here to help our customers celebrate

milestone moments and so we really wanted to heighten that sense of occasion in our store," she said.

"We're really excited and hope our customers, will love our makeover," she added.

To celebrate the opening of the new-look store, this weekend from October 25th-27th, Ernest Jones is inviting shoppers to join them for a glass of bubbly with an opportunity to view the latest collections, learn more about the range of jewellery and watch services available as well as an enjoying an extra 10% off the final weekend of sale.

Ernest Jones Epsom is part of a multimillion-pound store investment programme by parent company Signet Jewelers UK and Ireland. A total of 14 Ernest Jones stores and 41 H Samuel stores across the UK are being refurbished.

"This significant investment underscores our dedication to local high streets and shopping centres across the country. We believe that a vibrant retail sector is a vital part of a thriving community and we hope our refurbished stores will be warmly welcomed by local shoppers," said Neil Old, Managing Director Signet Jewelers UK and Ireland.

No wonder Woking went bankrupt. Scandal of private school loans

A private school was loaned millions of pounds at favourable rates by Woking Borough Council before it went bankrupt. Now questions are being asked as to whether an independent inquiry will be launched into the "extraordinary use of taxpayer's money".

Greenfield School in Old Woking has loans of £13,257,756 according to full accounts published in September on Companies

House.

Interest is just one percentage point above the Public Works Loans Board rate. The cash was originally borrowed by Woking Borough Council for "capital projects" before being passed on to the school.

Since then the council's finances have collapsed under the weight of its unprecedented multi-billion debt from all the money it can not afford to repay – and its investment decisions have come under close scrutiny.

The matter of its role as effectively a bank was raised during the October 17 full meeting of Woking Borough Council.

The local authority was asked directly if it would set-up an independent inquiry into the extraordinary use of taxpayers' money into the 2019 loan to Greenfield preparatory school, reportedly topping £11m.

According to the school's set of accounts, its fees, which brought in more than £5m last year, are very carefully controlled and exceptional value for money.

Greenfield, the accounts said, is highly competitive when compared to other independent educational establishments within the wider Woking area.

In January 2021, Greenfield opened Little School, a 50.4 week a year day-care for children aged from six months to four years. In April 2022 the school opened its new buildings and took on extra staff.

The council's loan was challenged on the grounds that the money was not used for regeneration and education is not in the remit of a borough council.

Woking Borough Council was asked: "Will the council set-up an independent inquiry into the extraordinary use of taxpayers' money into the loan to the single entity, Greenfield preparatory school?"

Councillor Ann-Marie Barker, who took over as leader of Woking Borough Council after the loans had been agreed.

She said: "In July 2023, the council asked Grant Thornton, its newly appointed external auditors, to undertake a 'Value for Money' review, looking into the governance arrangements that relate to the council's historic investment strategy.

"This is an independent report which is reviewing how past decisions (such as those related to Greenfield School) were made and the financial impact of these decisions on the Council's financial sustainability.

"Grant Thornton have indicated that the Value for Money report will likely be published in October 2024.

"The council will make the Value for Money review report, alongside our response to its recommendations, available on our website at the earliest opportunity.

"It is important to wait for the findings of the independent review before coming to any conclusions regarding individual decisions."

The school is a registered charity in Old Woking and has the benefit of extensive playing fields. In addition it takes advantage of Woking's Pool in the Park to offer swimming lessons.

The school hosts community events including annual maths and English challenges, anti-bullying training, and football tournaments.

Pupil numbers are growing at a rapid rate and income from charitable activities increased by £582,037 to £5.3m- of which £5.2m was through school fees.

Overall the school made a loss of £502,562 last year according to its accounts and it has loans totalling £13,316,871, of which £13,257,756 is listed as "other loans".

Its annual set of accounts read: "The loans were obtained to purchase a new site for the school. The loans are secured on property owned by the school and are for a total period of up to 50 years.

"During the first three years, no repayments will be made but interest will accrue and then it will be repaid over the next 47 years.

"The interest rate applicable will be one per cent point above the 47 year Public Works Loan Board Annuity Rate."

The Public Works Loan Board provides loans to local authorities for capital projects – usually in the form of regeneration projects such as Victoria Square or Sheerwater.

The UK Debt Management website reads: "Decisions over which capital projects to pursue and whether to borrow for these investments are the responsibility of the elected council of each local authority, who are accountable to their electorates.

"Local authorities are free to borrow so long as the finance director is satisfied that they are acting in line with statute and can afford to repay the loan.

"The PWLB is a non-discretionary lender: it does not ask the purpose of a loan, as this would duplicate the decision-making structures of the individual local authorities."

The Grant Thornton report could be ready for release by the end of this month.

Epsom and St Helier Hospitals in Desperate Need of Repairs

Epsom and St Helier University Hospitals are in need of urgent repairs, with more than £150 million required to address crumbling infrastructure, according to the latest NHS data. Epsom and Ewell MP **Helen Maguire** has urged the Government to prioritise investment in the upcoming Budget to tackle these issues.

The data highlights that nearly £70 million of the required repairs are classified as 'high risk,' meaning a failure to address them promptly could lead to serious injury and significant disruption to healthcare services. Both hospitals have been struggling with deteriorating facilities for years, with St Helier Hospital facing particularly severe challenges, such as falling ceilings and condemned buildings.

One major issue is the division of emergency care teams across both sites, a problem that the proposed specialist emergency care hospital in Sutton is intended to resolve. However, delays in funding mean that these plans have not yet come to fruition, leaving local residents reliant on facilities that are increasingly unable to meet modern healthcare needs.

Ahead of the Autumn Budget, Liberal Democrat MP Helen Maguire has renewed her call for urgent financial support to clear the backlog of repairs and ensure that the hospitals can provide safe and effective care for local communities.

"It is scandalous that people in Epsom, Ewell, Ashtead, and Leatherhead are being treated in hospitals that need millions of pounds in repairs," said Maguire. "When someone goes to the hospital, they should expect to be treated in a building that is safe. This is the bare minimum. We need to do far better. It is now down to this Government to rescue our NHS, which is why, at the Budget, the Chancellor must urgently use any changes to the borrowing rules to invest in hospitals here in Epsom and Ewell."

NHS Response

A spokesperson for the **Epsom and St Helier University Hospitals NHS Trust** acknowledged the extent of the challenges, stating: "We've spent £60 million in the past five years improving the facilities in our ageing hospitals, which are deteriorating faster than we can fix them. Local people deserve better, and we're ready to build a new state-of-the-art hospital and upgrade our existing sites, but urgently need investment to make this a reality."

The spokesperson also highlighted the outdated nature of parts of the hospital infrastructure, some of which predate the founding of the NHS. "The age of our buildings means they flood regularly, and when our lifts break down, we can't fix them because they don't make the parts anymore."

Plans for the new specialist emergency care hospital in Sutton aim to address these issues by consolidating highly skilled medical teams, providing round-the-clock care. This would alleviate the strain on the existing Epsom and St Helier hospitals, which will continue to provide 85% of local services, including outpatient appointments and scans.

The Way Forward

The pressing need for investment in the local NHS infrastructure is clear, with both the MP and the hospital trust calling for urgent action. As the Budget approaches, the focus will be on whether the Government will step up and provide the necessary funds to ensure that residents of Epsom and surrounding areas receive the healthcare services they deserve in safe and modern facilities.

Local residents will be closely watching developments in the Budget announcement, hoping that long-awaited improvements to the area's hospitals will finally become a reality.

Epsom's neighbour cracks on with its Local Plan

More than 6,000 new homes will be built in the Surrey borough of Mole Valley, with Leatherhead taking on the largest share after the district council approved its long-term planning bible.

Mole Valley District Council has agreed to build an average of 336 homes a year between 2020 and 2039 with town centre sites in Leatherhead, such as Bull Hill, and Dorking being set aside for large scale housing-led redevelopment.

Office complexes in Ashstead and Dorking have also been earmarked for regeneration, and green belt land in Ashstead, Bookham, Dorking and Leatherhead released so developers can build homes.

The council has also agreed to hand over green belt land for housing within and around Hookwood to "complement" economic growth near Gatwick.

Villages within the green belt, namely Beare Green, Brockham, Capel, Charlwood, and Westcott will have their boundaries amended to allow "appropriate development" after Mole Valley District Council formally adopted its local plan last week (October 15).

In all, Leatherhead is expected to take on 30 per cent of the new homes (1,914), followed by the areas around Dorking 23 per cent (1,467), Hookwood, 15 per cent (957), Ashtead, 11 per cent (701) and Bookham, seven per cent (446).

The remaining 14 per cent (893) will be spread across the rest of the district.

In Leatherhead the council wants to create what it calls, a Riverside Quarter, at Claire House and James House in Bridge Street. This would go alongside an Urban Quarter at the redevelopment of the Bull Hill.

For Dorking, the Pippbrook House refurbishment remains its flagship development as well as plans to redevelop the Foundry Museum and Church Street workshops.

More locally, housing requirements for neighbourhood areas are as follows:

- Ashtead 652 net new dwellings
- Bookham 513 net new dwellings
- Capel Parish 198 net new dwellings
- Ockley Parish 135 net new dwellings
- Westcott 123 net new dwellings

Mole Valley District Council, which passed its local plan by 28 votes to five with one abstention, said that 40 per cent of all new units would be affordable, and all come with at least one EV charging point.

The meeting heard that about 76 per cent of Mole Valley land was designated as Metropolitan Green Belt and protected from most forms of development.

Under its new plan, it said it has been able to deliver sites for housing while relinquishing less than one per cent of that.

Had the local plan not been agreed, developers would have had carte blanche to build without restrictions.

Cllr Margaret Cooksey, portfolio holder for planning on the Liberal Democrat run council, said: "It gives me enormous pleasure to be able to bring the local plan to this council for adoption at last.

"The local plan is about much more than a document about meeting housing need but a good deal of time and effort is taken up by worrying about specific development sites, particularly green belt sites,

"It's worth noting again that only 0.65 per cent of the existing green belt in the district has been identified to be released for future development.

"There are sites in most of our wards that we wish were not there however I did say, that I felt that it was a fair plan in as much as what could be seen as pain was spread as evenly as possible across the district."

Local plans go through long drawn-out processes before they are formally adopted, requiring sign off from planning inspectors.

Councils need to identify land for development and demonstrate it can meet housing targets. Often there is a trade off between town centre intensification or protecting green belt.

As well as the housing, the Mole Valley plan creates 230 new locally listed buildings and grants 27 parks and open spaces extra protection.

Dissenting voices in the chamber felt the council could have gone further to limit the impact on green belt while Cllr Chris Hunt (Independent, Ashtead Lanes and Common) said more could be done to curb building heights to stop town's from becoming the next Woking.

He told the meeting: "This is not a sugar coated pill for us to take, it's got some very good things, affordable housing, the commitment for better health and education facilities, those are very positive things.

"But it's also got some really hard to agree things.

He added: "There is still quite a lot of uncertainty about whether a key site in our key town of Leatherhead can actually be developed or not."

Adding: "It's effectively saying that the plan's foundations are uncertain in that regard and unfortunately it does echo something else, that there are no clearly defined density agreements.

"It has lots of good things but if I was on Strictly [Come Dancing] it would not be 10 out of 10, it would be a seven."

Cllr Cooksey said: "We're not Woking, Mole Valley is not Woking and we don't want to look like Woking but there's the dilemma between do we build in the green belt (or in the towns?)"

Cllr Leah Mursaleen-Plank (Liberal Democrat, Mickleham, Westcott and Okewood) said her ward has been hit by uncontrolled development "again and again" and called out at those asking to delay the plan's adoption in order to protect more green belt.

She said: "There is no alternative here.

"We have been in a position in my ward where we haven't had a local plan and we've had uncontrolled developments going through over and over again.

"We're losing green belt by delaying further.

"To say that we need more time just means more development on green belt sites, the opposite of what you would like to achieve."

Summing up Cllr Cooksey said: "I'm disappointed that we can't say that it's the overwhelming view of the whole council, it would have been very much stronger if we could have had support from the whole chamber.

'However we have an excellent plan here, I truly believe it and really think it's probably the best we could probably have come up with under all the circumstances that we've had to deal with over the years."

Mole Valley covers 25,832 hectares, 16 per cent of Surrey as a whole and is the third largest borough in the county.

Its population of 87,245 accounts for seven per cent of Surrey's total, while the average house price of £505,000 makes it second most expensive district in the county.

The ratio of house prices to residents' salaries was 14:1 in March 2020, the fifth most unaffordable district in Surrey.

Between 2014 and 2019, 1,265 new homes were completed in Mole Valley - 230 of which were affordable.

Loads of coaches for Epsom tennis

Epsom & Ewell Borough Council's Environment committee has authorised the contracts for three tennis coaching providers in Epsom.

R&A Sport will be carrying out coaching sessions at Auriol Park, Sutton Tennis Coaching will be offering sessions at Alexandra Park and Callum Macarty Coaching operating at Court Recreation Ground.

From April, the council moved to a pay-to-play scheme on all its tennis courts. The decision was taken to make the courts self-sufficient with all funds raised being reinvested in maintenance and future improvements.

Since the pay-to-play system was introduced, the council has been committed to ensuring those of all ages, experience, and socio-economic backgrounds are able to participate in tennis. The council offered free tennis sessions throughout the summer, when 173 residents played free of charge.

In addition to this, as part of the tennis coaching contract, all tennis coaching providers are required to take part in the Barclays Free Park Tennis Initiative, offering at least one hour of free, supervised, community tennis activity at their designated location each weekend.

The council is also looking for local volunteers willing to be tennis activators. These activators will lead free tennis sessions in the parks on Saturday mornings. Until these sessions are up and running in all tennis courts across the borough, the council is offering two free, bookable sessions between 9-10am and 10-11am each Saturday.

Councillor Liz Frost, (RA Langley and Woodcote) Chair of the Environment Committee said:

"We are committed to the pay to play model which will future-proof our courts so that residents can enjoy access to tennis now and in years to come.

Residents can pay to play or purchase a membership, including a discounted membership for those or in receipt of Universal Credit or Full Time Carers Allowance or with a disability.

We would also urge anyone interested in volunteering as a tennis activator at one of our courts to get in touch - we'd love to hear from you.

We're pleased to sign up three coaching providers, which not only provides extra investment income for the courts but also more opportunities for free coaching sessions."

Modern Yard Revitalizes Epsom's Historic Racing Scene

The Daily Telegraph (Monday 21st October) has highlighted a significant revival for Epsom's historic role in British horse racing, reporting on the recent developments at **Downs House**, a training yard with a prestigious past. According to the *Telegraph*'s racing correspondent, **Marcus Armytage**, the once derelict site is now undergoing a transformation into a modern facility, spearheading efforts to attract London-based owners back to the area.

The report details how New Zealander **Mark Travers**, who has lived in the UK for two decades, undertook the ambitious seven-year project to restore Downs House. Situated just a quarter of a mile from the start of the Derby, Downs House had long symbolized Epsom's decline as a training hub, having lost its prominence as a centre for racehorse training decades ago. However, the newly revamped facility, now boasting space for 70 horses and cutting-edge amenities, is positioned to revive the

town's fortunes.

The *Daily Telegraph* also reports that **George Bake**r, a Stewards' Cup-winning trainer, will move his operation to Downs House in January. Baker, along with his wife Candida, was struck by the state-of-the-art facilities and the untapped potential of the nearby gallops. The move signals a bold step forward for Epsom's equine industry, which has long played second fiddle to more prominent centres like Newmarket and Lambourn.

Baker, who has trained horses from his base in Chiddingfold, shared with the *Telegraph* how unlikely the move to Epsom once seemed. Yet, the combination of modern infrastructure and proximity to London convinced him to seize the opportunity. In an era when racehorse ownership is increasingly attractive to Londoners, Downs House's accessibility could be a game-changer.

As reported, Baker hopes that his move will contribute to the broader rejuvenation of Epsom as a competitive training centre. With room for 50 horses initially, Baker is aiming to fill the yard within two years, making the facility a top choice for owners seeking convenience and quality.

While Epsom's journey back to its glory days remains a work in progress, the ambitious restoration of Downs House, as highlighted in *The Daily Telegraph*, marks a pivotal step in the town's efforts to reclaim its place on the racing map.
