

Two Q or Not to Q? That was the Q....

15 December 2023

Epsom and Ewell Borough Council debated public participation in its committees on Tuesday 12th December. A proposed amendment to standing orders has the effect of restricting a member of the public to asking only one question on a topic and being confined to one supplementary question on that topic only if it arises from the answer given to the first question. And this remains the case even if there is no other member of the public wishing to use what may remain of the 30 minutes the rules provide for public participation at the meeting.

Cllr Chris Ames (Labour Court) was unhappy with this apparent restriction on residents taking part in local democracy. He moved an amendment to send back the proposal to the Council's constitution drafting sub-committee for a re-think.

He said the rules should "not only encourage but also should not unduly restrict the right of residents to participate in public meetings."

In relation to the rules determining whether a resident's question qualified to be asked he emphasized the importance of avoiding unnecessary administrative burdens on officers while promoting transparency in the democratic process.

Cllr Liz Frost (RA Woodcote and Langley) chair of the sub-committee did not accept Cllr Ames amendment and so a debate ensued.

Cllr Ames went on to argue the Council should actively encourage residents who voted for them to participate in the democratic process. In his view, the rules in question imposed unnecessary restrictions on residents, hindering their ability to engage effectively in public meetings. He expressed concern about the potential detachment of councillors from the residents.

He described the new rules as a retrograde step.

One specific point of contention for Cllr Ames was the addition of the words "and final" to an existing rule, which, in his interpretation, unnecessarily restricted the order in which questions could be asked. He called for moral courage if the Council indeed intended to restrict residents to two questions and suggested that any such restriction should be clearly stated, perhaps subject to the chair's discretion and the existing 30-minute time limit.

He also disputed the notion that residents asking more questions would significantly burden officers, pointing out that the Council had constructed a set of rules making the process labour-intensive in the first place. In his view, the focus should be on eliminating cumbersome rules that deter resident participation.

Additionally, Cllr Ames challenged the alleged rule that a second question must be on a separate topic from the first, deeming it as another way of stifling debate. He brought up an incident where a resident was initially invited to ask a supplementary question but was later told he could not ask a second question on the same issue.

As a journalist Cllr Ames drawing from his extensive experience with Freedom of Information requests, shared his insights into how public bodies tended to complain about the cost of answering questions while simultaneously relying on rules and restrictions to avoid transparency, particularly when uncomfortable issues were raised.

He concluded by urging the Council to discard what he termed as ludicrous rules and embrace a more open approach, allowing residents to participate even if it meant confronting uncomfortable truths. Despite his impassioned plea, Cllr Frost reiterated her rejection of the proposed amendment and the "clarified" rule on public questions was approved by the majority of Councillors.

Epsom and Ewell Council staff awarded 6%

15 December 2023

Epsom and Ewell Borough Council 12th December agreed to award its staff a 6% increase to their salaries. Councillors had been advised that despite inflation moderating to some extent through 2023, there have been widespread strikes and industrial action across the public sector in response to pay deals. For 2024/25, the government has accepted the recommendations from a number of independent pay review bodies to award millions of public sector workers including police officers and teachers, pay awards in the range of 5-7%.

Additionally the Council was warned the cost of any deal is crucial, with the council already facing a budget deficit of £1.1m in 2024/25. In budget planning for the medium-term financial strategy pay has been assumed to be 3% for the next 4 years, therefore any award above 3% will increase the council's projected deficit and result in additional, compensating service income or savings having to be identified.

Cllr Robert Leech (RA Nonsuch) said "I support the 6% pay rise. In recent years, we've given the staff 3%, which is less than the rate of inflation. This means that in real terms, our officers have taken a pay cut. I do not think it's sustainable for a third year. I realize that the rate of inflation has come down, but that only partly compensates for the reductions in previous years."

Cllr Alison Kelly (LibDem Stamford) said "I agree that we need to support the 6%. We must make sure that all our staff are feeling that they're well-treated and they shouldn't be looking elsewhere just to be able to live. With staff retention being such an issue for all councils, I think it's vital that the pay is appropriate."

Cllr Hannah Dalton (RA Stoneleigh) said "I want to use this opportunity to thank all of our officers for all that they do. They work really very, very hard for us. If Councilor Beckett was here, he would be reminding us how many officers there were when he first joined the council, and it's significantly reduced."

The recommendation was carried by a majority in the Council Chamber.

Doctor struck off where police found insufficient evidence

15 December 2023

A Surrey doctor who used his position to gain the trust of a woman before choking and sexually assaulting her has been struck off. Former Royal Surrey County Hospital doctor Adnan Sadiq texted the woman saying "I'm a doctor, I save lives", "You can trust me", "I'm a nice guy" and "you don't have to worry" before meeting with the woman during lockdown and assaulting her.

The Medical Practitioners Tribunal Service found that he placed both hands on the woman's neck, anonymised as Ms A, and applied pressure. He also pushed Ms A's head towards his exposed penis, before asking if he could 'put it in' or words to that effect during the November 2020 predatory attack.

When questioned Ms A told the tribunal: "I genuinely feared for my life and was glad to escape... it took me a while to realise that what had happened was not ok."

Dr Sadiq initially denied choking was his kink, but later accepted he liked it in a sexual context, according to the tribunal report. Allegations he sent explicit images over snapchat were not proven but overall his behaviour was so egregious that he was struck off as a doctor.

The report read: "Dr Sadiq's actions would undermine public trust and confidence in him, as well as in the medical profession." Dr Sadiq qualified in 2020 from University of Szeged, Hungary, and moved to Britain to take up his first

medical post in October 2020. A month later he began texting the woman before going on to sexually assault her. During evidence he gave answers that were “too implausible to be truthful”.

He also contradicted himself in relation to his predilections and other topics. For example, when asked about kissing Ms A, he said: “We both kissed at the same time... because her face was coming towards me and I didn’t want her to feel awkward.”

The report added: “The tribunal considered Dr Sadiq’s actions to amount to sexual assault, with an element of violence. The tribunal was concerned as to his apparent continued lack of insight into the seriousness of his actions and their consequences for (the woman) and public confidence in doctors.

“Erasure is the only appropriate and proportionate sanction sufficient to maintain public confidence in the medical profession and to uphold standards of conduct for doctors.”

The tribunal determined that Dr Sadiq’s name should be erased from the medical register.

The General Medical Council suspended Dr Sadiq in September 2023 and he was immediately stopped from working at Royal Surrey. The full tribunal process concluded in November and he was erased from the medical register.

A spokesperson for the hospital trust said: “In May 2021 the General Medical Council informed the Royal Surrey County Hospital that an allegation had been made against Dr Sadiq regarding inappropriate sexual conduct outside of the trust. Since then we have followed clear and robust processes in a timely way, appropriately reflecting the investigations and decisions taken by the GMC and Surrey Police at each stage. While this incident occurred outside of our work place, we expect anyone employed by our trust to uphold the highest moral standards and would like to express sympathy for the distress caused to the complainant in this case.”

A spokesperson for Surrey Police said they received a sexual assault report in February 2021 and later arrested a 30-year-old man. The spokesperson said: “Following our investigation, officers concluded there was not sufficient evidence to proceed with the case. The victim was kept informed throughout and supported by officers. The man arrested was a medical professional at Royal Surrey NHS Foundation Trust and Surrey Police provided information to the General Medical Council about the investigation.”

Little Solemn Mass

15 December 2023

Ashtead Choral Society - Petite Messe Solennelle by Rossini. 4 November 2023 at St Martin's Church, Epsom. A Review.

Rossini's singular foray into large scale religious choral composition, his 'Small, Solemn Mass,' is neither particularly solemn and certainly not small. Composed in 1863, more than three decades after his last opera, this work proved to be a captivating showcase for the Ashtead Choral Society. Their performance at St Martin of Tours church in Epsom was nothing short of remarkable, filling the space with a resounding richness and skilfully capturing the dramatic essence of the piece. The choir's meticulous attention to the wide dynamic range inherent in the work promised the audience an evening of exceptional musicality and jollity.

Commencing with the Kyrie, the choir adeptly conveyed the dramatic nuances of the composition. The originally intended accompaniment of two pianos (Steve Ridge and Simon Phillips) gave the piece depth, with the cheeky addition of the harmonium (Lucy Morrell) lending a bold, brash Parisian flair to the performance. The Christe, nestled between the Kyrie movements, showcased Rossini's mastery of polyphonic writing, with the choir executing a *sotto voce* Renaissance sound beautifully under the nuanced direction of their conductor, Andrew Storey.

The Gloria surged forth with intent and gusto, accompanied by impeccable diction from both choir and soloists - Lucy Cox (soprano), Susan Legg (alto), Adam Tunnicliffe (tenor), and Philip Tebb (bass). The quartet's balanced delivery set the stage for individual moments of brilliance with each soloist shining in their respective movements that followed. Ridge and Phillips provided impeccable accompaniment and all the soloists held the audience's attention throughout, despite the frequent repetition of material. The Gloria's culmination, *Cum Sancto Spiritu*, showcased the choir's operatic prowess, delivering long phrases with excellent shape, dynamic precision, and a deft handling of challenging rhythmic passages, leaving the audience breathless and ready for a break whilst anticipating more to come.

The second half commenced with the Credo and a robust entry by the tenors, imitated by a vibrant soprano sound calling the audience to “believe”. This contrasted sharply with the smoothness and softness of subsequent phrases, allowing solo and quartet interjections to make a profound impact. The complex yet enchanting Crucifixus, beautifully sung by Cox, set the stage for the choir's triumphant return, *Et Resurrexit*, and a captivating 'Et vitam venturi' fugue concluded the Credo in grand fashion; the choir working hard to keep the sound clear and consistent and hold the audience's attention. Morrell's expert rendition of the Preludio Religioso on the harmonium preceded the choir's flawless navigation of the challenging tonal shifts in the unaccompanied *Sanctus*, where once again the dramatic shifts in dynamics held the

attention.

The final movement, Agnus Dei, unfolded in true Rossini fashion, blending the operatic melodic line and dramatic flourishes from Legg with seamless interjections of religious chorales by the choir. By the end, one could not help but believe that one was not in an opera house in Italy with the curtain about to fall. However, in a final twist the piece ended with quiet, delicately placed chords on the piano combined with the bite of the harmonium, thus leaving the listener guessing as to the religious nature of the piece. Maybe then a final word from the maestro himself as he mused in his original manuscripts, "Dear Lord, here it is finished, this poor little mass. Have I just written sacred music, or rather, sacrilegious music? I was born for opera buffa, as you well know. Not much technique, a little bit of heart, that's all. Blessings to you and grant me Paradise."

Ashtead Choral Society's performance was a real cracker and fittingly full of vocal fireworks on bonfire night, leaving the audience with many tunes to hear over and over again as they went into the night.

"Oh Fate" fills lofty Epsom Church

Epsom and Ewell Council goes East

15 December 2023

Councillors at Epsom & Ewell Borough Council voted last night to undertake the relocation of the council's Town Hall accommodation. Staff currently located at the Town Hall will move to 70 East Street, a modern purpose-built office building in central Epsom.

The move will bring about a number of significant benefits:

- Financial benefits: Remaining in the Town Hall building would require it to have extensive, costly refurbishment over the coming years to comply with energy efficiency and fire regulations, along with general maintenance of existing building structures which are reaching end of life, which would cost more than twice as much as the cost of relocating. In addition, the move will create significant operating cost savings into the long term, with annual operating costs expected to reduce by over 50%. These future costs savings will help sustain key service delivery.
- Environmental benefits: The new building will be more energy efficient and sustainable with a smaller carbon footprint, enabling the council to deliver on its ambitions to be a greener council and to become carbon neutral by 2035.
- Service benefits: The move will provide a modern and fit-for-the-future workplace that will best serve the Borough.

The East Street building is already owned by the Council. It is a five-minute walk to the High Street and bus stops are located directly outside the building, providing easily accessible public transport. The building also provides its own parking, serving visitors and those with mobility issues.

It is intended that 70 East Street will not accommodate the Council Chamber, and instead a separate proposal is being developed to locate this in Bourne Hall, Ewell.

Cllr Neil Dallen, Chair of the Strategy & Resources Committee, said:

"Our focus must always be on what is best for our residents, and the significant financial and environmental benefits of this move are clear. The current Town Hall building is expensive to run and contains a significant amount of unused space. The new building is smaller and will be far more cost-efficient. The costs involved with the move are far outweighed by the savings that we will make through avoiding the Town Hall refurbishment and through significantly reduced running costs into the long-term."

"Just as importantly, the move will allow us to progress towards our target to become a carbon-neutral council by 2035. We believe the relocation will provide multiple benefits to the borough."

Jackie King, Chief Executive of the council, said:

"Relocating council staff to a smaller, modern and fit-for-purpose building aligns strongly with our ongoing determination to be a modern, forward-looking organisation that can best meet the needs of our residents. We are excited to progress with this move and improve value for money for our taxpayers as well as continue to provide the best services possible to the community."

Work continues to look at options for the existing Town Hall site and this will form the subject of a separate report to the council's Strategy and Resources Committee in due course.

Alderman awards for Epsom and Ewell trio

15 December 2023

Epsom and Ewell Borough Council Tuesday 12th December conferred the title Alderman of the Borough on three men who long served the district as local councillors.

Former Councillor Eber Kington (RA), a stalwart in local governance, dedicated an impressive 36 years of service as an Epsom and Ewell Borough Councillor, presiding as Mayor of the Borough in 1999-2000 and Deputy Mayor in 2000-2001.

Similarly, former Councillor Chris Frost (RA), with 24 years of devoted service from May 1999 to May 2023, held the role of Mayor of the Borough in 2015-2016 and Deputy Mayor in 2014-2015.

The late former Councillor Clive Smitheram (RA), who served for 23 years until April 2022, receives his recognition posthumously. His term included the role of Mayor of the Borough in 2010-2011 and Deputy Mayor in 2011-2012.

During the meetings Councillors Peter O'Donovan, Clive Woodbridge, Liz Frost, Neil Dallen, Alex Coley, Jan Mason and Hannah Dalton (RAs) paid tributes to each nominee.

At 9:55 pm the motion carried unanimously in the absence of LibDem and Labour councillors, who earlier had left the Chamber.

Local Plan costs eat into Council reserves

15 December 2023

An officers' report to the Council advised a further £629,000 is required to progress the Local Plan 2022-2040. The matter was considered by Epsom and Ewell Borough Council's Strategy and Resources Committee Tuesday 13th December.

The report provided an update on the financial position on advancing the Local Plan toward submission and subsequent adoption, aligning with the timelines outlined in the recently published Local Development Scheme (November 2023). Following a public consultation on the draft plan earlier this year, an extraordinary Council meeting in March 2023 decided to temporarily halt the Local Plan. It was subsequently resumed in October 2023, accompanied by an updated timetable.

The financial crunch, estimated at £629,000, revolves around progressing the plan to Regulation 19 and concluding the Local Plan Examination. To address this, the Licensing and Planning Policy Committee recommended allocating £629,000

from the Corporate Projects Reserve. However, this move comes with significant financial implications, as it would reduce the reserve balance from £2.98 million to £2.35 million. If an additional request to use this reserve, hinted at in reference to a matter concerning the Council's commercial property - which was excluded from public and press scrutiny, is approved, the balance would further decrease to £1.85 million.

The item from which the press and public was excluded concerned drawing half-million pounds of taxpayers' money from the Council's reserves - we quote from the Local Plan item in public view: "Should the separate request to use this reserve at Agenda item 4 also be approved, the reserve balance will further decrease (from £2.35m) to £1.85m." The ground of exclusion was to protect financial information of third parties. Do you think such interests should out-weigh taxpayers' interests in what might justify £1/2 million being taken from reserves? Write to Epsom and Ewell Times.

The Council is facing a projected revenue budget deficit of £1.1m from 2024/25 (as reported to Strategy & Resources Committee in July 2023) and reserves are likely to come under substantial pressure in future years and may fall below the recommended level of £1 million.

The officers' report underscored the importance of maintaining staffing levels and securing external technical support to ensure a robust and timely Local Plan. Any deviation from the Local Development Scheme could amplify costs and resource implications. Despite the financial challenges, the Council was urged to use existing in-house resources wherever possible, given the projected revenue budget deficit.

Cllr **Alison Kelly** (LibDem Stamford) queried whether it was necessary to extend officers' contracts to 2026 when the Local Plan is to be submitted in 2025. The Council was advised that the opportunities for legal challenges and so forth would extend to 2026 and therefore they needed to budget for extending officer employment contracts by two years.

Cllr **Robert Leach** (RA Nonsuch) vented his frustration thus: "I probably have to support this recommendation, but I should do so with gritted teeth. This local plan just seems to be a bottomless pit. I understand that it has cost one and a half million pounds already, and that's probably only half the amount that we will waste. In my opinion, it is a waste of £3 million when the whole project of coming up with a local plan and planning applications could be done more simply. This filled me with horror.

In a recent RA meeting, I pointed out that this worked out at £50 for every household in the country. I asked the people there to put their hands up if they were happy for £50, which is, in effect, their money, to be spent on producing this rather than having £50 to spend on food and energy bills. The number of hands that went up, in round numbers, was a round number. The residents, I think, share my view that we are just wasting money.

I realize that we have to meet a legal obligation, and I would certainly never advocate that the council breaks the law. But I think we should point out that this is being imposed on us by central government. They provide us with no grant at all, apart from perhaps a few specific pet projects of their own. While we have to carry on with the local plan, we should make it clear that we do so reluctantly, only because the law forces us to do so, and that we should make clear to our residents that central government is the villain in this pantomime.

The present government is about to announce a new planning policy. If we have a general election next year with a Labour government, they have said that they will just ride roughshod over local authorities. I shall support the motion, and I shall do so with great reluctance."

Following these two contributions from the Chamber the committee proceeded to unanimously accept the recommendation to draw £629,000 from reserves to fund the ongoing Local Plan process.

The contribution to the prolongation and additional cost of the Local Plan process arising from the unpopularity of the original draft's proposals to develop Green Belt was not mentioned by any Councillor.

Smoke safety lessons for Surrey services

15 December 2023

A 63-year-old bedridden man was killed in a house fire after smoking in bed, shortly after an “inexperienced” officer carried out an “unscrutinised” safety visit of his independent living flat.

In February 2023, Kevin O’Hara died from smoke inhalation and burns after falling asleep while smoking, an inquest found. Mr O’Hara had been visited in his Frimley home by Surrey Fire and Rescue on November 17, 2022, for a ‘safe and well visit’ which failed to identify the correct position for the smoke detector or his careline monitor.

A later visit by Surrey’s Adult Social Care team, on January 23, 2023, also failed to include a risk assessment – despite concerns for his health and the dangers of smoking in bed.

This was all the more urgent as it was known that would not be able to get himself out of the house independently in the event of a fire. According to the Prevention of Death report, Mr O’Hara died in a fire that started from a lit cigarette “igniting debris” on a crash mat next to his bed. His smoke detectors and the intercom box, however, were in the hallway and the door shut.

The alarm was only triggered when enough smoke had built up to seep through the top of the living room door. Mr O’Hara died before emergency teams could reach him.

Both Surrey Fire and Rescue, as well as Surrey Adult Social Care, say they have since undertaken work to mitigate the risks of a recurrence, including serious incident reports, increased training and greater coordination across teams. They say they have also adopted an improved ‘person at risk’ referral system to better identify fire dangers to individuals.

The coroner, Susan Ridge, however said more needs to be done to ensure a review system is in place to give more oversight to experienced staff. The report reads: “Evidence was given that the Safe and Well Visit in November 2022 was conducted by an inexperienced officer. The results of that visit did not seem to be subject to any scrutiny. Surrey Fire and Rescue does not appear to have in place a system of review or audit by line managers or more experienced staff of completed Safe and Well Visits, with the risk, as in this case, that errors or issues requiring action are not identified.”

Tim Oliver, Leader of Surrey County Council: “We would like to express our deepest condolences to Mr O’Hara’s family and anyone else affected by his tragic death. We recognise the importance of learning from serious incidents and carried out a review of what happened in this case which led to our fire and rescue service and adult social care service working together to introduce a new process for identifying people at risk. Surrey Fire and Rescue Service has also enhanced its training for officers involved in Safe and Well Visits and is in the process of developing a quality assurance system to identify and address potential risks more effectively.

“We will continue to embed an understanding of prevention activity across the service. Within adult social care, we have taken steps to strengthen management oversight over risk assessments and have brought in further training for staff.

“While we have taken a number of actions in the months since this case, we are carefully considering the coroner’s findings and are committed to doing all we can to improve the way we support vulnerable people and manage any fire risks they face.”

Surrey borough kicks up a stink about stink

15 December 2023

More than 200 tankers of human poo were shipped in to Camberley from across Surrey, Hampshire and London, saving Thames Water millions in potential pollution fines and its sewage trucks from “exploding”. This comes at the expense of 11,600 residents who got nothing in return, save for a summer of vile stench, a committee heard.

Chiefs from the utility firm were called in to Surrey Heath Borough Council to answer questions as to how 12,000 cubic metres of raw untreated sewage and sludge was left to fester in the heat – forcing thousands of people to stay inside with

their windows closed during the summer.

The committee also challenged water bosses over pledges they thought had been made on compensation to Camberley residents who “bore the cost” so the company, which recorded a total revenue of £2.3 billion last year, could profit.

Councillors said they were led to believe Thames Water would contribute towards a playground as a goodwill gesture to children who had been forced to stay indoors, with committee chair, Councillor Rob Lee, going as far as to say Thames Water should offer “a year’s free water bills” to those affected.

Thames Water’s representatives said they never made a firm commitment to contribute to any scheme. The company claims they have made organisational improvements since.

The committee heard that Thames Water could not have made any offers of goodwill as the people attending the meeting did not have the power to do so.

In the end, Thames Water’s leadership offered to let staff have a charity day to support building a local project that never got off the ground.

The sewage started being shipped into Camberley Sewage Works in February this year and by March the two 6,000 cubic metre tanks were “completely full”.

At the time, the committee heard, odour suppression was in place but it wasn’t 24/7 and didn’t cover the entire tank, which also suffered from maintenance issues.

By June, the council began to receive formal complaints. Initially the council was told the problem was due to blockages and drainage.

It took until the middle of July for Thames Water to publicly admit it was a holding tank with a “large quantity of sewage sludge within it”. It would remain untreated until the beginning of August with the tanks finally cleared and cleaned of waste on September 25.

Speaking to the committee was operations director James Bentley. He apologised “unreservedly” and said: “We didn’t get everything right in that process and we’re not here to pretend that we did.” He said the firm should have put in odour controls in place and communicated with residents much sooner. He said: “We had been experiencing a very extreme sludge event...where our system across the whole of the Thames Water estate, was overloaded. Not only with liquid sludge but also with cake which is the solid material when we process sludge and remove a chunk of the water from it. That system was overloaded on the liquid and solid side.”

Thames Water staff told the meeting it left them with no choice but to put liquid sludge into reserve tanks. Mr Bentley said: “It has to go somewhere, it can’t just be discarded into the environment. We have to store it until we are able to treat it.” His colleague added: “If we didn’t move the sludge we’d have pollution trucks potentially exploding, and that’s why we’d done it.”

Cllr Rob Lee said: “You act in the shareholders best interest, you don’t intend to cause a substantial sewage leak unless it’s a commercially managed one, you don’t intend to cause a Health and Safety Executive incident, so what you did was you moved the sludge to Camberley. So the people that bore the cost of that were the residents of Camberley, substantially through the summer, through their loss of enjoyment and I think it’s understanding the loss position those residents bring.

“They are your customers, they pay you money, and they missed out substantially on the enjoyment of their summers. Raw sewage smell around your home is pretty different to that in a treatment plant as that is your job. You need to consider a gesture of goodwill to residents. A starting point is a year’s complimentary water bill. It clearly saved Thames Water in material terms millions if not tens of millions of pounds, so I think we need to start exploring that avenue.”

The two hour meeting concluded with the Thursday, November 28 executive partnerships select committee agreeing to formally ask for a “decision maker who has the ability to sign off on compensation” to appear before the next meeting, in March.

The council’s executive team will also write to regulators Ofwat, MP Michael Gove and the environment secretary to ask them to consider the wider sense of pollution and whether Thames Water diverted the risk of fines by increasing the air pollution in Camberley.

Community Football hero retires

15 December 2023

Christ Church United Football Club is a community club that has been coaching the children of **Epsom** since the early '90's.

□ The club that's always welcomed both boys and girls was set up by the Rvd. Clive Potter over 30 years ago.

□ Now Reverend Potter is due to retire and the club want to thank him for leaving a lasting legacy of real community football in the area.

A popular community football club founder is hanging up his cassock after over 30 years at the St John's Evangelist Church in the Surrey village of Milford. Local Vicar, the Rvd. Clive Potter, also founded the **Christ Church United Football Club** which has been coaching the children of **Epsom** since the early '90's

Having arrived at the parish, Rvd Clive was looking for somewhere for children to play, but the problem was that youth football traditionally takes place on a Sunday morning and this prompted him to start thinking about starting a club.

Having been involved with football all his life he got the idea during a church service one morning to set up a team. He approached the vicar at Christ Church who initially suggested a cricket club instead. However, being an Eastender by birth, with a working-class background, he felt much more comfortable starting a football team.

Current coach, Paul Wilson, takes up the story: "They started in September 1992 with just 12 kids in the first week. At the end of the first session, he asked all the children to bring a friend the following week, saying that if they did and then they all also brought a friend they would get to about 50 children and that would be enough for a club. And that's how it began."

The membership grew to over 100 children, but it wasn't easy. Getting a pitch was the first task. They played at a local primary school, Stamford Green, before growing out of that and moving to Blenheim High School, where the club remains to this day. Like now, the coaching staff was made up of volunteers and he began convincing people to do coaching courses to take the club to the next level.

Rvd Clive then began the missionary work to take the ideas to others in the community. He became a sports advisor for the diocese and encouraged the setting up of many more clubs. Other clubs bought into the opportunity for competition with a Bishop's League, a Bishop's Cup and a Bishop's Shield.

The Christ Church United Football Club was then affiliated with the Football Association with an aim to become professional in style if not attitude. The club still holds its affiliation to the FA and coaches benefit from training on many of its Coaching and Safeguarding courses.

Rvd Clive met Ted Powell, the then England U18 Coach, who came to a presentation evening, and they formed a long-lasting friendship. Rvd Clive got involved with organisations like Christians in Sport and the British Sports Trust until, in late 1996, he moved to Guildford and repeated the process.

Speaking about his role, Rvd Clive said: "The vision was always to relate the church to the community, to build a good ethos and to develop friendships. I'm delighted to see the club still running after all this time, it's brilliant for the community."

Paul added: "He was delighted to hear that today's Christ Church United Football Club embraces much of that first ethos. The fees are still affordable and the club is open to girls and boys regardless of ability. Some of our current coaches are kids who were once players at the club and the club is also providing support to the Refugee Network with players being drawn from the Ukrainian community in Epsom. We want to thank Rvd Clive for having the foresight and drive to create the club, and we are hoping for another 30 years and beyond of kids (and their families) enjoying the beautiful game. We're always looking to welcome new members so please get in touch if you are interested."

The club trains at Blenheim High School every Saturday morning during term time, from 9:00-10:30

Paul Wilson

The Wizard of Epsom

15 December 2023

The Wizard of Oz is this year's Epsom Playhouse Pantomime. Running Friday 15th December 2023 to Monday 1st January 2024. Book Tickets [HERE](#). And it is a good excuse to tell you about a past star of family entertainment who lived for many years in **Epsom**.

One of Epsom's most famous and best loved former residents did not seek assistance from a wizard when seeking to overcome his difficulties, but chose instead to look for practical solutions and to work extremely hard to achieve his goals, thereby becoming an inspiration to us all.

The story of **Sir Norman Joseph Wisdom**, OBE who was an English actor, comedian, musician and singer will surely be made into a film in the future (he starred in 17 of his own) because despite his enormous successes, Sir Norman Wisdom was just as likely to be seen walking cheerfully down Epsom High Street acknowledging anyone who recognised him, as he was driving his Rolls Royce on his way to London for work.

From having had the privilege of meeting Sir Norman Wisdom in Epsom High Street on a few occasions and given him the thumbs up, I am embarrassed to have to admit that I was not fully aware of how big a star he was until researching material for this article, partly because of how humble he remained during the time he spent living in our town which he only left when his health began to fail him and his family became increasingly responsible for his care.

Sadly, the love and care the elderly Norman received from family members towards the Autumn of his life was quite unlike that which he had experienced when he was a young boy growing up.

Indeed, Norman Wisdom was only 14 years old when he arrived at Victoria Train Station in London, cold and alone and in need of somewhere safe to sleep, having been abandoned by his mother and rejected by his father who slapped the tearful Norman across the face and slammed the front door on him when telling him to go away because he was not wanted. Norman would never see his father again after this incident.

With only 2p in his pocket, Norman approached a hot drink stall at Victoria Train Station late one night and purchased a cup of tea from the vendor who took pity on the young Norman and kindly gave him a hot pie for free. A helpful conversation with the vendor followed and this led Norman to apply for a job with the British Army band even though Norman at the time could not read music or play any musical instruments.

It was permissible for Norman to apply to join the army band even though he was too young to join the army itself. Norman had planned to lie about having musical abilities, but not surprisingly it took very little time for the band master to establish the truth when Norman was unable to confirm the meanings of "flat" and "sharp".

By putting on what Norman in later life would describe as being the best act of his life, a tearful young Norman managed to convince the band master that his need for food and lodgings would make him a good recruit and indeed, by 1936 Norman Wisdom had become the fly weight boxing champion of the British Army in India, although the number of fights Norman took part in is unclear. By pretending to get punched by an invisible boxer whilst shadow boxing, Norman would make his friends laugh and his ability to do this with relative ease gave him great satisfaction.

During World War 2 Norman Wisdom transferred to The Royal Corp of Signals at Cheltenham and it was during this time that he participated in a charity show in Cheltenham, prompting the actor Rex Harrison to suggest that after the war Norman should consider pursuing a career in entertainment, which young Norman subsequently chose to do.

Norman Wisdom's big break came when he was asked to perform at The Victoria Palace in London where Laurel and Hardy and Vera Lynn topped the bill, not far from the place where Norman had once struggled to pay for a cup of tea as an unloved, cold and lonely 14-year-old boy who had failed to gain anyone's attention let alone a large audience's

applause.

Norman Wisdom went on to become a massive celebrity and did not look back after acquiring his funny little suit and cap at a junk shop which became as famous as Charlie Chaplin's bowler hat and cane.

According to Sir Tim Rice, in the 1950s "a new Norman Wisdom film was like a new Beatles album coming out".

Norman was a "work horse" who continued to work extremely hard right up until the end of his life, but his busiest period ran from 1950 - 1968 with him becoming a huge hit on both sides of the Atlantic

The photographs with this article include images of a London Palladium pantomime programme dated 1960 which I purchased from the Princess Alice Hospice charity shop in Church Street in Epsom shortly after an elderly Norman had been moved out of his flat off of Church Street by family members for care purposes.

Norman enjoyed massive success in Albania where large crowds would gather to catch a glimpse of him and call out "Pitkin" after the name of his hapless character in a series of comedy films he starred in.

Norman Wisdom's list of achievements is far too long to include in this article and this article is sadly too short to document all of his remarkable charity work.

If Norman had any regrets before his passing at the age of 95 on 4 October 2010, they would probably include his failure to show a large, world-wide audience how good a straight actor he was, but Norman was a man who was grateful for the opportunities life had laid before him for seizing, to the extent that he always maintained he owed everything he had to the army where he learned how to read music and play musical instruments and get on in life after he had been rejected and abandoned by his parents at such a young age.

It was a great honour for me to have met the great man himself who returned to England from America where everyone loved him because he loved his children more than the considerable fame and fortune he was attracting there (only Peter Sellers could fill the comic void Norman left behind in America).

Sir Norman Wisdom, OBE will continue to make people laugh wherever his legendary films continue to be shown.

Whilst he was undoubtedly a comic genius, he was also a multi-talented all-round entertainer as well as a very nice man who only allowed his negative life experiences to shape his life and career in a positive way.

Top dog toppled in windy contest

15 December 2023

Beckenham RFC 22 - Sutton & Epsom RFC 26. Saturday 9th December.

Saturday marked the start of the home stretch with the first of the reverse fixtures. In Week 2 both teams endured testing temperatures in the crucible of Rugby Lane to produce an extraordinary game of extremely fluctuating fortunes. The denouement included the ecstasy of a penalty try to Beckenham and the agony of a last second penalty drift wide for Sutton as the visitors won 42-41. At least the teams were spared Arctic weather for the rematch at Balmoral Avenue. Many players had crossed the whitewash since that September Saturday and the Kent Club sat atop of Regional 2 South East whilst the men from Surrey arrived with four consecutive wins under their belt. After an enthralling contest Sutton gained their most impressive scalp of the season as they won 26-22.

Sutton & Epsom offered a warm welcome back to Tom Lennard after his highly successful jaunt in the Antipodes. The playmaker not only starred for Melbourne University gaining representative honours but also encouraged Josh Pulvirenti to join him at S&E. If Tom was the Australian addition New Zealand was represented by the returning Willem Ratu. So the domestic unions did not feel overlooked Sutton even selected a Welshman in Ross Parsons. The weather once again played a significant role in the fixture with a tremendous wind billowing down the pitch. Freddy Bunting kicked off with the gale behind him and Sutton went on the offensive from the very start but their swift attacks were matched by the swarming defence of the hosts. Though the leaders gave up an early penalty in front of the uprights. With a prostrate player holding the ball in place and the posts swaying in the wind Captain Bunting made it 3-0.

Beckenham gave an early warning to the visitors of the quality of their back play as Tom Bateman linked with Matt Lovell to bring the leaders deep into the Sutton 22 but their efforts were thwarted by conceding a penalty. After ten minutes S&E had doubled their lead to 6-0 with another Bunting penalty but they were frustrated that a fine attack had not resulted in a try. At the end of the first quarter Matt Whitaker's desperate bid to force his way over by the posts was held up by resilient defenders. The elements made it extremely difficult for the hosts to exit from their 22 but their

well organised defence frustrated the Black & White backs. On the half hour Tom Lennard hacked through a loose ball and gathered it up and a couple of strides short of glory he was tackled. The referee ruled it a high tackle and with no other defender in view he awarded a penalty try and Sutton led 13-0.

The leaders then enjoyed their best passage of play as their forwards and backs combined with multiple phases to get into the Sutton 22. Impressive offloads in the tackle maintained the momentum and then they opted to kick ahead. On any other afternoon it would have been a worthwhile gamble but the ball was gathered by Freddy Bunting and despatched on the wind 60 metres back down the paddock. The visitors pressed hard to extend their lead and thought they were about to score again from a 5-metre scrum when Gareth O'Brien was penalised. With time running out in the first half Willem Ratu countered towards the 22. His run earned another penalty which Freddy Bunting readily converted to conclude the half with a 16-0 lead.

As both sides retired to the warmth of the dressing rooms for directions from their coaches everyone pondered just how many points the wind was worth. In addition to the elements Beckenham had survived 10 minutes with 14 men after a yellow card to stand off Gary Dipple. The leaders had done extremely well to frustrate the Black & Whites who, for all their territory and possession, only scored a solitary try. Sutton knew that they would need to be at their very best in the second half to withstand the inevitable siege to come.

The Blamoral Avenue crowd did not have long to wait to cheer the success of their local heroes. A Sutton fumble on their 22 from the restart put the hosts in prime position to chip away at the lead. S&E conceded a penalty at the scrum and Geordie Boyce stepped up to chip over the conversion for 3-16. Beckenham pressed hard for further additions. A Gareth O'Brien tackle thwarted one attack and the pack stole a scrum ball on their 22. However, the clearance kick was run back with a vengeance. The Kent side were within 5 metres and flung out a long pass. Lock Ciall Kirwan was hugging the touchline and did superbly to take the pass on his laces to score in the corner. Unsurprisingly the touchline conversion was blown off course but the Sutton lead was now 16-8 with 30 minutes remaining.

With errors mounting in the Sutton play and confidence surging through the veins of the league leaders the momentum had definitely shifted. It was now that Sutton & Epsom demonstrated not only great character but also their best play. The howitzer boot of Bunting thumped a penalty into the 22 to give his team a promising lineout. The catch and drive advanced the ball into threatening territory. Following multiple phases and admirable control by the pack finally Matt Whitaker was ushered over the line for the try. The kick adjacent to the uprights was converted and S&E led by 23-8. The men from Rugby Lane continued to attack in search of another try. As per the first period the Beckenham defence held firm but once again the referee brought play back for a penalty. Once more the irrepressible Bunting extended the lead to 26-8 as the game entered the final quarter.

Considering the playing conditions this was a most impressive phase of play from the visitors who continued on the offensive not only carrying well but when required kicking penalties into the 22. At this stage centre Tane Feldhaus-Davies gave voice to his frustration with the number of offside penalties that his team were accumulating as he let fly with colourful language as he enquired to the heavens as to the precise number of offences. With ten minutes remaining Beckenham scored a quite outstanding try as fullback Francesco Pennacchia made a stunning break from his own half and linked with his support. A wave of Beckenham shirts burst into the Sutton 22 and captain Hans Laud-Anderson, like every quality 7, was on hand to add the finishing touch. Geordie Boyce added the extras for 26-15.

Roared on by a sizeable and passionate crowd the game was now turned on its head and it was the Surrey team who had to show their defensive mettle. It was the turn of the visitors to concede penalties. Beckenham opted for a 5-metre scrum and the result was another penalty and a yellow card not to a prop but to flanker Rob Hegarty and the leaders opted for the tap penalty. The ball was given to replacement prop James Cleverly with his mane like Samson, the beard of a lumberjack and a physique that shuns the modern figure-hugging apparel he bounced off the first tackler, sidestepped through a gap and strode over for a most accomplished solo effort. With Geordie Boyce chipping over the conversion the Sutton lead was only 26-22.

The crowd were in full voice and expectations running high as Sutton had five minutes to survive. In recent times the expression game management has not been linked with flattering adjectives for the Black & Whites but they now relentlessly held onto possession through multiple phases near halfway with a prodigious effort by the forwards. Then a shrill blast of the whistle and the hosts were given a lifeline of a penalty. The Gods smiled down benevolently on S&E as the kick went through the in-goal area. A grateful Sutton accepted a scrum on halfway and moments later ran down the clock to gain a fabulous 26-22 victory.

That made it five wins in a row for Sutton and to inflict the first defeat on the table-toppers at Balmoral Avenue this season was a notable achievement. The Beckenham backs are formidable not only in attack but also in defence. The leaders ability to pass out of the tackle is a most potent weapon but S&E matched their lofty opponents and it was their ability to play so well against the wind that was the deciding factor. Freddie Bunting's accumulation of points is well known but in this game it was the power of his kicking from hand that caught the eye. However, in truth it was a great team performance, as is often the way in harsh weather, that was the backbone for this latest win. It would be remiss not to mention the magnificent hospitality offered at Balmoral Avenue with the clubhouse bar one of the finest locations around to enjoy the traditional pleasures

for which rugby is renowned.

Probably with a sense of relief to players, coaches and administrators next Saturday sees the last league match of 2023 and the competition adjourns for the festive break. For those readers who still prefer the High Street to online purchasing but are looking for an excuse to escape the horrors of Christmas shopping I can heartily recommend Sutton's game against Old Reigatian at Rugby Lane that kicks off at 2pm.

Sutton & Epsom:

Gareth O'Brien, Kyren Ghumra, Willem Ratu, Tom Lennard, Ciaran Mohr, Freddy Bunting ©, Ross Parsons, Tom Boaden, Chris Farrell, Alex Mount, Ewan McTaggart, Josh Glanville, Rob Hegarty, Josh Pulvirenti & Matt Whitaker. Replacements: Callum Gibson, Jack Howes & Matt Symonds.

Beckenham:

Francesco Pennacchia, Tom Bateman, Matt Lovell, Tane Feldhaus-Davies, Geordie Boyce, Gary Dipple, Ben Murphy, Lamar Sinclair, Liam Markey, Graham Murray, Ciall Kirwan, Josh Hiscott, Conor Palmer, Hans Laud-Anderson © & Oliver Stapelton.

Replacements: James Cleverly, Thomas Ward & Jed Hamilton

Salts beat County Town, or City?

15 December 2023

Epsom & Ewell 4-3 Guildford City. Combined Counties League - Premier Division. Saturday 9th December 2023.

On Saturday we welcomed Guildford City to our temporary home at Cobham for a first League meeting since 2018 and a bizarre match ensued with our boys just about coming through to secure the points by a score of 4-3.

On a fairly wet and often gusty afternoon that attracted just 72 spectators, despite many local matches falling foul of the weather, I firstly noticed that there were some changes in the dugout. Joint Manager Sam Groombridge was still absent due to personal issues and in view of this, Steve Springett brought in Gwynne Berry and Warren Burton to help him as Coaches. Burton is in fact a former Salt, making a couple of first team appearances in 1993/94 before moving on to greater things, while Berry was formerly with Sutton United amongst other clubs.

This "reshuffle" allowed Springett to take his place back on the field in his newly favoured central defensive midfield position after missing the previous two contests and in addition Luke Miller and Ade Batula came back into the starting line up with Tijani Eshilokun, Tino Carpene and George Owusu making way, although the latter two would play a part from the bench. For Guildford, our former Captain Callum Wilson was in the starting line up for a team that had taken just five points from their last twelve League matches, although they had picked up three of those with a win over Colliers Wood United just three days previously.

We had an early scare in just the fourth minute when our Captain and keeper Harvey Keogh came out to clear a ball, only to hammer it against a visiting player who was trying to close him down, with the rebound luckily heading out for a goal kick. It was a warning that we wouldn't heed later in the match.

We responded well and took charge of proceedings for a while. Ethan Nelson-Roberts and Jaan Stanley were linking well on the left and we took the lead in the twelfth minute with one of the best deliveries of a ball I have seen at this level as Nelson-Roberts pinged the ball diagonally from around 35 yards right onto the head of Thompson Adeyemi who then nodded the ball past Adam Longman from eight yards to open the scoring.

The visitors nearly levelled up soon after this as a ball in from the left was met by a Guildford striker, but he was unable to get his close range effort on target and it almost appeared as if he hadn't expected the ball to reach him. We were soon back on the attack though and a Springett free kick found Adeyemi's head again, although the effort went straight at Longman. Two minutes later though his next set piece caused panic in the defence and the ball was guided into the corner of the net by Niall Stillwell for an own goal. Stillwell was Keogh's PE teacher a few years back and he currently teaches my boy Nathan, so I'm sure words will be had at school next week!

At 2-0 up we were good value for our lead and we nearly made it three on the half hour when Stanley pressured a defender to head the ball beyond his own keeper and although he was then able to clear before our man could get there, the ball didn't go far and was fed back in where Miller's powerful drive was just deflected over the bar at the last minute by our former Captain Wilson.

Unfortunately in the 38th minute the game swung in Guildford's favour when Keogh tried to see the ball out of play for a goal kick and was robbed. Our man then collided head first with the fencing as the ball was fed across goal for Darnell MacDonald to fire into the empty net. We were a long way from the action but there was certainly an argument from people closer than me that he had been fouled. Either way, the ball should really have been sent into Row Z. Keogh appeared to have recovered after five minutes of treatment, but then in the seventh minute of injury time, ironically only

being played as a result of his earlier collision, he let a corner slip through his hands and Will May fired in an equaliser.

Clearly our keeper was struggling and he never came out for the second half, leading to a second appearance in goal this season for our midfielder Nick Wilson. In fact the early part of the second half was a bit of a trial for our supporters as Guildford came at us with the momentum they had gained at the end of the opening forty-five minutes and Wilson had to punch away one corner before producing a world class save in the 57th minute as a low right wing ball was met at the far post with a tap in. The away supporters behind the goal were already cheering, only to see Wilson recover to claw the ball away from the line and stop a certain goal. If a striker can score a worldy, then this was the goal keeping equivalent and it turned the game back in our favour.

It was easy to forget at this point that whilst we had lost our keeper, we were not down to ten men and as the half wore on we began to get more of a foothold. Then in the space of two minutes we took charge again, firstly in the 67th minute with a typical powerful low drive across the keeper into the far corner from Miller from just inside the penalty area. Both Wilson and Longman got slight touches to the ball on its way, but couldn't keep it out. Then two minutes later a ball from the right was finished off at the far post by substitute Sirak Negassi who had come on at the break for Keogh.

As we were celebrating behind the goal we realised that Longman was requiring more treatment and he was replaced soon after, leaving us with the very rare occurrence of both starting keepers failing to finish the match! After a small break we continued and Stanley did ever so well on the right wing to chase a lost cause and rob a defender, only to then try an ambitious strike from a narrow angle with two of our players waiting for a pass who were not best pleased! Then Springett was inches wide with a free kick from 25 yards that the keeper wasn't going to reach.

Then in the 83rd minute we conceded again as Wilson shouted to claim a corner, only for the ball to sail over his head where it was nodded in from close range. This led to quite a nervy ending, especially when the referee advised the replacement visiting keeper that we were going to see an extra seven minutes, but we saw them out with minimal worry, although Wilson made another superb save with a low block from close range in the final minute of normal time. We nearly scored a fifth goal when Negassi sent the ball over for Tino Carpene, only for his shot to be deflected inches wide.

The final action came in the 98th minute when Nick Inwugwu was fouled as the visitors were chasing an equaliser, only for Owen Sims to vent his frustration about the decision to the referee who sent him straight to the sin-bin for his comments. He must have been sat down on the bench for ten seconds at most when the final whistle blew anyway.

This was a strange encounter that had a few turning points. We looked well in control for a large part of the match, only to be pegged back, and effectively we had to go and win the match a second time. This was an important victory to take us further away from the bottom two clubs, and more relevantly, it was a well-deserved one too. Hopefully we can extend our winning run to two matches when we visit Colliers Wood United next Saturday.

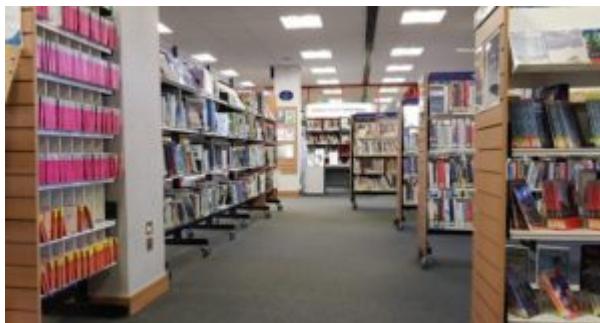

Epsom & Ewell: Harvey Keogh (c), Nick Inwugwu, Ethan Nelson-Roberts, Steve Springett, Reece Tierney, Nick Wilson, Luke Miller, Thompson Adeyemi, Ade Batula, Rory Edwards, Jaan Stanley

Subs: Sirak Negassi for Keogh (HT), George Owusu for Miller (75), Tino Carpene for Batula (75)

RAAC's latest victim

15 December 2023

Redhill Library has had to close with immediate effect following further investigations of the known reinforced autoclaved aerated concrete (RAAC) in the building.

The closure of the library will allow more detailed assessments and immediate safety measures to take place to ensure the building is safe to reopen to residents.

We understand the short notice closure of the library will cause disruption for library users and staff. However, as residents would expect, safety is our top priority.

At present, as the discovery of RAAC in the library building is very recent, further urgent work will need to be undertaken before we can provide any details on mitigation measures or timelines for re-opening.

Further announcements and updates regarding Redhill library will be shared via the **[Redhill Library web page](#)**.

Merstham Library and **Reigate Library** remain open for residents.

Redhill Library is a Surrey County Council designated warm space, alternative warm spaces in Redhill can be found **[here](#)**.

Surrey County chief talks to the BBC

15 December 2023

Cllr Tim Oliver, Conservative Leader of Surrey County Council was interviewed this morning on BBC Radio 4's Today programme by Amol Rajan. Also Chairman of the County Council Network he welcomed further devolution of financial powers that could lead to a tourist tax and the need for more money to meet burgeoning demands for special educational needs and school transport.

The Epsom and Ewell Times has prepared a tidied up transcript of his interview in full.

- Nottingham City Council became the latest local authority to issue what's called a section 114 notice, which means it will halt spending on anything not required by law. Let's talk to Councillor Tim Oliver, who's a Conservative and leader of Surrey County Council. How big a problem are we facing, and what's driving it?

TO: Well, it is a significant problem. We're talking about large councils that deliver social care to our most vulnerable residents. We have seen a huge increase in demand for those services, whether it's for adult social care or for children's services. And we've now got to the point where really well-managed councils are running out of road financially.

- And what sort of situation are you in, Surrey County Council?

TO: I'm also chairman of the County Council's Network, so I represent all of those large councils, and the problems are the same. We've seen a decrease in our budgets and our funding from central government. What's different now is that last year, the chancellor gave us a not inconsiderable sum to support adult social care. But we've seen a huge demand for services to children with additional needs. The cost of placing those children in specialist facilities has risen exponentially. And a particular area of concern for us is the rising cost of home-to-school transport. Across the whole system, that currently costs about a billion pounds a year, and that's projected to increase to about 1 and a half billion by 2028. So these are real day-to-day issues. And our plea to the government is to recognize that we're supporting those most vulnerable members in our communities.

- Would more fiscal devolution help? Do you need more money from the centre, or do you just need more control of the money you get from the centre?

TO: This government had pledged to pursue a devolution agenda, and indeed they have done that. That has been more about controls and levers rather than about fiscal devolution. But yes, I think many of us would welcome that opportunity. That would give us the flexibility to raise taxes locally if that was appropriate, perhaps around tourist tax and so on.

- The Times reported yesterday that middle-class parents are blamed by some councillors for driving the surge in plans for special needs schooling. Is that a problem where you are?

TO: The County Council's Network, and I am certainly not blaming any individual parents or different groups. We absolutely understand that parents want the best for their children. They're going to push for that. It's really important though that we do make sure that the limited funds that are available, that public pound, is used most effectively.

The County Council Network is the voice of England's counties. Representing the local authorities in county areas, the network is a cross-party organisation which develops policy, commissions research, and presents evidence-based solutions to issues on behalf of the largest grouping of councils in England

Dedicated Epsom tree-man

15 December 2023

Dedication event at Alexandra Recreation Ground honours local hero Mike Ford Epsom & Ewell, 3rd December 2023. In a heart warming event volunteers from Friends of Alexandra Park and the Epsom & Ewell Tree Advisory Board (EETAB), local councillors Steven McCormick, James Laurence and Bernie Muir, the Epsom & Ewell Tree Officer and the Mayor, Councillor Rob Geleit gathered on December 3rd at Alexander Recreation Ground to pay tribute to a beloved local figure, Mike Ford, affectionately known as 'Mr. Tree.'

Mr. Ford has been a cornerstone of our community, dedicating countless hours to the preservation and enhancement of our natural environment. His unwavering commitment to the cause of tree conservation and environmental stewardship has left an indelible mark on Epsom & Ewell.

The dedication event served as a poignant moment to recognize and express gratitude for his exceptional contributions.

The event was opened by Howard Gregory the chair of EETAB with words from Kevin Greening and Simon Alford, EETAB members, before introducing the Mayor of Epsom & Ewell. The Epsom and Ewell Tree Officer then presented Mike with a collection of photographs taken when the original copse was planted.

In his speech Mayor Rob Geleit said "Mike is firmly rooted in his conviction that planting a tree today is an investment for the whole community, combating climate change and helping biodiversity as well as a thing of beauty in itself. His and the Epsom & Ewell Tree Advisory Board's aim is ensure that they pass on to future generations a borough that is at least as leafy as the one we have all inherited."

As well as speeches, the event included a symbolic tree layout for the planned rejuvenation of the Ford copse, and the unveiling of a commemorative plaque to forever mark Mike Ford's contributions at Alexander Recreation Ground.

The event concluded with a sense of community pride and a commitment to carrying forward Mr. Tree's legacy.
