Toyota Epsom donates electric carriers to local hospital

4 March 2025

Epsom HQ based Toyota UK has strengthened its support for the local community by providing two Proace battery-electric people carriers to the Queen Elizabeth's Foundation for Disabled People (QEF). The Leatherhead-based charity, which helps disabled individuals achieve greater independence, will use the vehicles to enhance its transport services.

The electric people carriers will assist QEF's retail teams across its network of 15 charity shops and at The Grange in Kent, where residents with learning disabilities will benefit from group outings. The donation is part of a wider strategic partnership between Toyota and QEF, aimed at improving mobility for disabled people.

Toyota's commitment extends beyond vehicle provision, with plans to collaborate on fundraising events, volunteer opportunities, and awareness campaigns. Proceeds will support QEF's Mobility Services, which help individuals increase their independent mobility through driving assessments, lessons, and mobility advice.

Michelle Giles, QEF's Mobility Services Manager, expressed her gratitude for Toyota's contribution: "The electric vehicles will enable supported individuals to enjoy outings and engage more with their local communities. They will also make our retail operations more sustainable by reducing vehicle emissions."

She added: "This partnership will make a significant difference to those who rely on our Mobility Services, whether for driving assessments, mobility advice, vehicle adaptations, or accessible transport."

Scott Thompson, President and Managing Director of Toyota (GB), highlighted the importance of the collaboration: "Improving mobility for all is at the heart of what we do at Toyota. It's wonderful that QEF, a charity close to our head office in Epsom, will benefit from our Proace Verso electric people carriers. We look forward to continuing our support for QEF as one of our dedicated charity partners."

QEF, a Surrey-based charity with 90 years of experience, provides expert services to nearly 10,000 disabled people annually. Its work includes mobility services, neuro rehabilitation, specialist assistive equipment, and residential care for people with learning disabilities. The partnership with Toyota marks another step in enhancing the charity's ability to support those who rely on its services.
