Tree falls on van in Ewell Village

8 July 2024

On Saturday a tree close to the bus stop, opposite the entrance to Bourne Hall in Ewell Village fell across the road onto a passing red Mercedes van shattering its windscreen.

Surrey Police were quickly in attendance and a female police officer used a broom to sweep debris from the road to make the road as safe as possible for passing traffic.

After approximately 30 minutes, contractors arrived on site to remove the fallen tree. No one is believed to have been injured by the tree falling across the pavement.

A few months ago, a similar incident occurred when a large tree inside the entrance gates to Bourne Hall fell causing major damage to walling which has had to undergo major restoration.

Whilst Saturday's incident required Surrey Police's involvement, it is not believed that any of the other emergency services were called upon. Two trees falling within only a few metres of each other within such a short space of time in a busy village suggests that people were lucky to escape serious injury. Does more need to be done in the Borough to ensure trees overhanging public spaces do not pose a danger to anyone?

Ivy can choke a tree if allowed to climb it and dead branches will then fall to the ground below. Ivy can, however be easily dealt with by removing a section of it from the base of a tree so that the ivy above dies and loosens its grip on the tree.

The tree that fell across the pavement and road onto the top of a red Mercedes van on Saturday was visibly covered in ivy.
