Uncommon commitment to the Common

19 June 2023

The **Epsom Common Association** (ECA) has a membership of around five hundred households, and works closely with **Epsom & Ewell Borough Council**'s Countryside Team and the **Lower Mole Partnership** to protect and improve the Common.

On Tuesday evenings, from June until the end of August, ECA will be hand-pulling bracken for a couple of hours to prevent selected areas of heath or grassland from becoming smothered. During the autumn they will hold the three remaining conservation tasks of the year's programme of eight. Each task runs for two days, usually the third Sunday of the month and the following Monday. The programme is agreed with the Countryside Team, guided by the Council's **Hundred Year Management Plan**. The work typically involves removing scrub and small trees to maintain and improve areas of grass and heath or rejuvenate scrub.

Sustainable Epsom and Ewell in partnership with St Martin's Church are looking forward to hosting their 3rd Eco Fair on Saturday July 1st between 10:00 and 14:00. The event is free for all to attend and will include activities for children. Hot food and cakes will be available on the day.

Sustainable Epsom and Ewell is delighted to welcome again to our 3rd event the the Epsom Common Association. Further details about the work they do can be found on the website

https://www.sustainableepsomewell.co.uk.

Around fifteen cattle will be grazing across three separate pastures, following in the footsteps of their wild and subsequently domesticated ancestors. Every day the cattle must be checked for health, as must the fences and water troughs. Each week the ECA provides four of the daily checks; without this contribution it is unlikely that grazing could continue.

As well as conservation work, each year ECA publish three newsletters, hold two public meetings with guest speakers, and arrange several expert led guided walks. Of this summer's programme, walks for: butterflies (2nd July) and bush crickets (6th August) are still to take place; and residents are very welcome to come along.

Finally, ECA make excellent hardwood charcoal from logs harvested during conservation work. Two years ago, thanks to funding from the Council's Community Infrastructure Levy, they were able to take delivery of a modern charcoal retort, which has greatly reduced the smoke whilst increasing the yield. Their charcoal is available at local retailers, the sales help finance activities.

Last September, funded from a generous legacy in memory of **Dave Berry**, a volunteer on the Common, ECA worked with the Lower Mole Partnership to create a new pond. Despite a dry start, by early spring it was full and should provide a new habitat for invertebrates and amphibians. Some funds remain and ECA are considering overgrown and silted ponds for future restoration.

In February ECA funded the installation of two Kestrel nest boxes high up in Oak trees. At least one now appears to have

ISSN 2753-2771

been occupied. Might this suggest a shortage of natural nest sites, despite the substantial number of large trees? Many organisations, including the Countryside Team and members of the ECA, contribute significant effort to monitoring a wide range of animals and plants on the Common.

Previously unrecorded species including various dragonflies and the Black Hairstreak butterfly (probably introduced but now breeding); the third year of Grey Herons nesting at Great Pond; and continuing good numbers of many species all suggest that in many respects the habitat management is successful.

However losses such as breeding Willow Warblers, declining across the south and east of the UK, demonstrate the limits of individual nature reserves, which have only a tiny impact on climate change and none on damage to other areas of the planet that may be essential for a particular creature's life cycle.

Next year will mark the fiftieth anniversary of the founding of the Association. ECA are considering what celebration might be appropriate, suggestions welcome. If you would like to help the ECA on its next fifty years please do get in touch. It is not all outdoor work, there is also plenty to be done in organisation, publicity and the like.
