Walk brings the wonders of the Solar System to Nonsuch Park

27 October 2025

Epsom & Ewell, Saturday 25th October 2025 — Visitors to Nonsuch Park can now enjoy a journey through the Solar System thanks to the successful launch of the Nonsuch Park Solar Walk, officially opened on Saturday in a well-attended community event celebrating science, nature, and local heritage.

The Solar Walk is an engaging, scaled model of the Solar System stretching through one of Epsom & Ewell's most loved green spaces. Each planet is represented by an informative plaque showing its relative distance and size in comparison to the Sun — helping visitors of all ages experience the vastness of space in an accessible and educational way.

Developed in partnership with the Ewell Astronomical Society (EAS), the project combines outdoor recreation with science learning in a fun and interactive way. The EAS provided their astronomical expertise and educational input, helping to bring the concept to life for residents and visitors alike.

"Anyone visiting the park can now experience the scale and vastness of our Solar System whilst enjoying the beautiful surroundings of the historic park," the Society explains on its website.

The launch event saw local councillors, community volunteers, and families take part in guided walks, children's activities, and talks from members of the EAS.

Cllr Steven McCormick said: "The Solar Walk is a fantastic addition to Nonsuch Park — blending education, exercise, and the beauty of our surroundings. It's ideal for families, schools, and visitors of all ages, and it's a perfect activity to enjoy together this half term."

The Solar Walk encourages everyone — from young children discovering the planets for the first time to adults curious about astronomy — to explore the park, learn something new, and stay active outdoors. It's a great way to spend quality time with family and friends during the half-term break.

Nonsuch Park continues to be a cherished green space for Epsom & Ewell residents, offering a mix of recreation, history, and natural beauty. The Solar Walk adds a new dimension for visitors — quite literally — to walk among the planets.

For more information about the Solar Walk, including trail maps and learning materials, visit the Ewell Astronomical Society website.
