

# Where the thousands of new homes will be built in Surrey's smallest borough - Epsom and Ewell

14 March 2025

“Critical” details on nearly 5,000 homes across 35 sites in Epsom and Ewell have been laid out after the borough council submitted its planning masterplan.

The local plan will shape the future of the borough’s jobs, environmental protections, and leisure development - as well as allocating land for new homes and much-needed infrastructure improvements, the council said.

The single largest development will be in Horton Farm, between Horton Lane and Hook Road, where more than 1,250 homes are earmarked to be built alongside business spaces, a community building and park.

The plan will go before public examination by an independent inspector later this year for sign off.

Councillor Peter O’Donovan, chair of the licensing and planning policy committee, at Epsom and Ewell Council said “I am very grateful to officers who have worked diligently to reach this milestone, ensuring that the local plan is assessed against the framework to which it was developed.

“Overall, it has been a huge undertaking.”

The council has been set housing targets of about 4,700 homes with the local plan identifying a supply of 4,914.

He added: “I know that the plan will not please everyone.

“However, I believe it is a huge step forward for our borough and our communities, and if adopted it will help ensure that all Epsom and Ewell residents can enjoy the benefits that this strategic plan aims to deliver - whether their focus is on access to affordable homes, leisure facilities and green space, to jobs and economic growth.”

Included in the target are 456 homes that have already been built. Green belt land will be used to provide 1,580 homes.

The council says its planning bible will create “new vibrant communities” centred on currently underdeveloped transport hubs or development of larger sites.

It hopes these new developments will “form new communities and grow to be distinct places with their own identities.”

To support this, they will need to be “supported by appropriate investments in community and transport infrastructure to ensure existing and new residents are supported in terms of movement, health, education and other services.”

Epsom town centre will also be redeveloped to create improved retail space.

“It is important that the town centre continues to diversify and attract uses other than retail to the town centre to reflect the social and economic changes that have affected demand for retail and office space and investment.

“Developing the night-time economy is a key opportunity, with recent investment in a new cinema and the Playhouse Theatre”, the submitted plan read.

So far 35 sites have been allocated for redevelopment. Some, such as the 455 homes and a bespoke performing arts centre for the Laine Theatre Arts at the Southern Gas Network Site have already begun working through the planning system.

## **The 35 site allocations the council hopes will deliver a significant proportion of the Local Plan’s housing requirement.**

- Southern Gas Network Site Allocated for: Approximately 455 dwellings and a bespoke performing arts centre for the Laine Theatre Arts
- Hook Road Car Park Allocated for: Approximately 150 dwellings
- Solis House, 20 Hook Road Allocated for: Approximately 20 dwellings
